

WILL NOT BARTER NATIONALITY OF AMERICA—HARDING

Candidate is Haired
as Uncle Warren
by Farmers

NEED DEEPER RELIGIOUS REVERENCE

WEST JEFFERSON, Ohio, Oct. 2.—Declaring that President Wilson had not "scrapped" his own league of nations, Senator Harding reiterated at a Republican rally near here today that if elected to the presidency he would work for an international association but never would consent to a barter of American nationality.

The brief reference to the league was added by the nominee after he had completed a prepared address on agriculture and industrial co-operation for national betterment. Haired as "Uncle Warren" by many of the farmers in the crowd, he was cheered frequently as he made his argument for improved farming conditions, but the loudest and longest applause greeted his declarations on the league issue.

"There has been some criticism," he said, "because my position as a candidate is not precisely my position as a member of the United States senate. Let me say to you that in dealing with the peace treaty as a member of the senate, I could only deal with the covenant as the president laid it before us and so with others I set about to protect our interests with the best and strongest reservations that we could obtain. Then after the reservations had been adopted the president scrapped his own league by refusing to accept them."

Would Not Barter Nationality
"But when I am your president, I shall be your agent of negotiation with foreign powers. And I'll still be for an association of nations, but I promise you that never so long as I'm president will there be any barter of American nationality. I give you a solemn pledge that so long as I'm president there never will be any sort of a substitute for the stars and stripes."

In mapping his program for agricultural advancement the nominee asserted that co-operative marketing, stabilized labor conditions, dependable transportation, reduction of tariff protection for farm products and higher standards of rural education all must have their place in bringing the American farm to its greatest usefulness.

The candidate digressed from his prepared speech to declare his belief of the need of a deeper religious reverence in the United States.

MISS LATHROP IS
SLATED FOR CABINET

President of Rockford College Tells Audience Harding Will Appoint Her Is Elected—Is Well Known in Child Welfare Work.

Rockford, Ill., Oct. 2.—Miss Julia Lathrop will be appointed to a position on the president's cabinet if Senator Harding is elected, Dr. William A. Maddox, president of Rockford college, stated tonight in an address before the Methodist church.

"Some one recently said that three of the greatest women in America are Jane Addams, Julia Lathrop and Mrs. Carrie Chapman Catt. The first two are alumnae of Rockford college," Dr. Maddox said, "and if Senator Harding is elected, the first women to sit up on a president's cabinet will be an alumnae of Rockford college—Miss Julia Lathrop."

Miss Lathrop who is head of the National Child Welfare Bureau of the department of labor, is a native of this city. She is one of the best known experts in child welfare and organized relief work for the children of Czechoslovakia, following the war, only recently having returned from Europe.

LORD MAYOR OF CORK
PASSES BETTER NIGHT

London, Oct. 2.—Lord Mayor MacSwiney passed a much better night at Brixton prison last night, according to a bulletin issued this morning by the Irish Self-Determination league. Doctors who visited him today pronounced him very weak, and recommended that he take food, the bulletin declares.

VERY LITTLE COAL
IN KANSAS DISTRICT

Pittsburg, Kans., Oct. 2.—"Very little coal" is likely to be produced in the Kansas district unless the operators of the southwest grant the increases in wages asked by the miners at the conference in Kansas City next Monday, Alexander Howat, president of the Kansas miners said here today.

NATIONAL LEAGUE PENNANT WINNERS FINISH TESTIMONY

Brooklyn Players Were Not
Approached by
Gamblers

WOULD HAVE
BEEN DANGEROUS

NEW YORK, Oct. 2.—Examination of members of the Brooklyn club of the National League by District Attorney Lewis of Kings county was completed today with this result:

The district attorney found that not only had none of the Superbas been approached in an attempt to "fix" the coming World's Series but that "it would have been dangerous for representatives to make such advances to the new champions of the National League. Exonerating the Brooklyn players in emphatic terms, the district attorney declared he had learned from the players of the dangerous ground upon which "fixers" would have been treading had they attempted crooked deals.

President Ebbets and Manager Robinson of the Brooklyn club declared that no one connected with the Brooklyn club resented the investigation.

The district attorney sent a telegram to State's Attorney Maylay Hoyne of Chicago asking that official to send him any evidence in his possession relating to the fixing of games in anticipation of the world's series or of the world's series.

Prosecutors of two counties today were searching for Abe Attell, former featherweight champion in an effort to have him throw light upon gambling investigations.

MARSHALL WOULD
LIKE TO GO BACK TO
THE GOOD OLD DAYS

Would Go Back to the Pre-Spanish-American War Days

SAYS PEOPLE DROVE
WILSON INTO WAR

AMES, Ia., Oct. 2.—Vice President Thomas Marshall addressed a large gathering at the Democratic campaign meeting held here tonight.

"Nobody would reject more than I," said Mr. Marshall, "if this country could go back to the position it occupied prior to the Spanish-American war. But it cannot. Entangling alliances began then under a Republican administration and over the protest of Democrats against imperialism."

"No imperialistic system of government ever remains neutral and when we went into that form of government our interests became intertwined with and frequently antagonistic to the interests of the world powers. The Philippine Islands are shortly to be set free. We will never permit them to be taken forcibly by any other power. They will be given their freedom by either the league of nations or the American people."

"Personally, I prefer help. Neutrality involves disregard for the causes of war. When a people study the causes they take sides. The American people drove Woodrow Wilson into the late war because they would take sides and leave every future president into war when the question involved is a moral one."

TEN CANDIDATES
FILE FOR GOVERNOR

SPRINGFIELD, Ill., Oct. 2.—Illinois will have the largest gubernatorial ticket in the history of the state at the coming election. Park Longworth, of Chicago, today filed nomination papers with the secretary of state, making the tenth candidate in the race for governorship.

Longworth will run on the Liberal ticket. His platform will be based upon more equitable treatment of the returned soldiers. He elected he declares he will greatly improve conditions in state and federal hospitals where disabled soldiers are now being treated. He also favors liberal bonus bills for the soldiers.

Longworth's papers followed close upon those of John M. Barlan, also of Chicago, who will run on a straight Harding-Caldwell Republican ticket.

Eleven tickets were in the field with ten candidates for governor when the filing closed here late today.

SPRINGFIELD MAN
KILLED IN ACCIDENT

Springfield, Ill., Oct. 2.—George B. Ostman of Springfield, formerly of Peoria, was killed and his wife injured tonight when their automobile went over an embankment one and one-half miles south of Lincoln. Mrs. Ostman was taken to the Deaconess Hospital at Lincoln. The body of her husband was removed to a Lincoln Mortuary and an inquest probably will be held tomorrow. Mr. Ostman was employed as a clerk in the office of Secretary of State Emerson in this city. He was enroute home from Peoria when the accident occurred.

FORMER UNITED STATES SENATOR CRANE IS DEAD

Passes Away from an
Attack of Sleeping
Sickness

LEADING FIGURE
IN POLITICS

DALTON, Mass., Oct. 2.—Winthrop Murray Crane, former United States senator, former governor of Massachusetts, a leading figure for many years in the Republican party, in the affairs of the nation, and active head of a great paper making industry, died early today at his residence. He passed from life in an attack of sleeping sickness which followed an illness of seven weeks.

At his bedside, summoned when the attendants saw the end was near, was his wife and son, Winthrop Murray Crane, Jr., his sisters, Mrs. Harry Ogden Bates, of Morristown, N. J., and Miss Clara L. Crane, of Dalton, and Dr. Bruce W. Paddock, his medical adviser.

Mr. Crane's last illness dates from August 6th, when he was compelled by what was described as a disease of the circulatory system to take to his bed. Previous to that time at the Republican convention in Chicago and the exercises in Northampton, notifying Governor Coolidge of his nomination for the vice presidency, the former senator had suffered fainting attacks but he regarded them lightly.

AUTOS COLLIDE
SUNDAY MORNING

Cars Driven By Bert Leadill and Leo Hegarty Met at Southeast Corner of Square—Both Badly Damaged—Nobody Hurt.

Automobiles driven by Bert Leadill and Leo Hegarty collided at the southeast corner of the square about one o'clock this (Sunday) morning.

Leadill was driving a Buick Six west in East Morgan street, and Hegarty was driving a Cadillac sedan south along the East side of the square. He said he intended turning into Morgan street.

Both cars were badly damaged in the collision. The Buick was so badly damaged it was hauled to the Zahn Garage for repairs. Both hind wheels were broken on the Cadillac and it was turned completely over.

In the car with Leadill were Harold Ryan, Sherman Ryan and Clarence Kenny, all of Franklin. In the car with Hegarty were Messrs. Doyle and Shields. Fortunately no one was injured, the only casualty being to Leadill, who had his knee hurt but this is not of a serious nature.

Leadill resides in Franklin, while Hegarty is a mechanic in the employ of DeLong James. The car also was the property of Mr. James.

The drivers blamed each other for the accident.

KING ALFONSO
WELCOMES CONGRESS

Extends Greetings to Members of International Postal Congress—Germany Urges Reply Postage Stamps.

Madrid, Oct. 1.—One hundred and fifty postal experts, representing every nation in the world, which possess an organized mail service listened today to the speech of King Alfonso of welcoming them to the International Postal Congress, the first to be held in six years. The congress was organized owing to the outbreak of the war. Actual sessions are to begin Monday. Among the subjects which the congress will take up will be the proposal of the United States for the creation of a special service for official correspondence.

Germany has proposed the establishment of a new service for mail with reply-paid stamps. Portugal has put forward the idea of postal checks valid in all countries.

WOMEN MAY HAVE
TROUBLE IN VOTING

Chicago, Oct. 2.—Unmarried women who register today or Oct. 12 and are then married between the registration lists, and elect Oct. 16, the last day for revision of the polls, will be required to go to the polls with their husbands to be identified as the same person who registered as unmarried, election officials announce today.

After being identified brides can vote under their new names.

HOTEL MAN IS INDICTED

Chicago, Oct. 2.—Harry C. Mohr, president of the Morrison Hotel Company, was indicted today by the federal grand jury, charged with defrauding the government thru filing an incorrect income tax schedule.

Bulletins From Here and There

LONDON, Oct. 2.—Tonight's bulletin issued by the Irish Self-Determination League says Mayor MacSwiney's condition is unchanged.

SAN FRANCISCO, Calif., Oct. 2.—Twelve members of the house of representatives and one United States senator, members of a congressional party, which has been touring the far east arrived here today on the trans-pacific Madawaska. The congressmen left here early in July.

GALESTON, Texas, Oct. 2.—Fire department officials tonight were reluctant to commit themselves as to the origin of the disastrous waterfront fire which broke out early this morning which was unchecked late tonight. The fire was slowly eating its way thru 15,000 bales of Mexican sisal. No estimate of the damage was obtainable tonight.

NEW YORK, Oct. 2.—Reports made public here tonight by employment agencies of the Salvation Army and Knights of Columbus indicated that jobs soon will be scarce in cities. For the first time in two years, the employment agencies reported that as many men were found seeking work as there were jobs available.

HOUSTON, Texas, Oct. 2.—Following a conference between Mexican railway officials and officials of the International and Great Northern Railway here today, it was announced that for the first time since 1913 thru daily sleeping car service between San Antonio and Mexico City, via Laredo will be inaugurated October 15.

GOVERNOR COX
DENIES STATEMENT
MADE BY W. H. TAFT

Says Never Made Statement About Associated Press

BLAMES LACK OF PUBLICITY ON EDITORS

KANSAS CITY, Oct. 2.—Governor James M. Cox of Ohio, Democratic presidential nominee, tonight issued the following statement:

"My attention has just been called to a syndicate article by William Howard Taft in which he makes the statement that I have attacked The Associated Press for failing to give the American public a fair account of my speeches and phases of my campaign. This would appear to be a part of the deliberate conspiracy on the part of reactionary politicians and one to which I am loathe to believe Judge Taft would knowingly lend his name."

"Upon reaching the coast we found that not only was the reactionary press refusing to carry advance news of meetings but affidavits of Republican editors established the fact that scouts of the Republican organization were demanding of the so-called Republican press silence regarding the meetings and suppression of the facts after the meetings. I am bringing these matters to the attention of my audiences, I several times made the statement that The Associated Press and other press organizations had representatives in my party; that they were carrying the news but that reactionary editors were failing to give their dispatches to the public. As a matter of fact I have unwittingly offended representatives of other press associations by inadvertently using the words 'press associations' when meaning 'press associations' in complimenting them upon the work they were doing."

ROCKFORD TAKES
RELIGIOUS CENSUS

ROCKFORD, Ill., Oct. 2.—A religious census of the city by 1,400 churchmen between the hours of 2 and 4 o'clock this afternoon resulted in securing signed cards showing the church connections of 18,000 families. Protestants, Catholics and Jews federated for the project. Preference was denoted for 63 different religious denominations while about seven per cent stated they had no religious preference.

From the result of the drive, it is estimated that the population of the city is between 74,000 and 75,000, here is an average of over four persons to every house or apartment in the city.

TWO WEST FANKFORT
MEN ARE INDICTED

MARION, Ill., Oct. 2.—Indictments charging Settini Desantis and Frank Besanti of West Frankfort, Ill., with the murder of Tony Hemphill and Amol Calcaterra also of West Frankfort, were returned here today by the Williamson county grand jury. The finding of the bodies of Hemphill and Calcaterra with their throats cut August 2, precipitated the anti-Sicilian riot in West Frankfort. Desantis and Besanti are in jail.

WELL KNOWN FINANCIAL
WRITER DIES SUDDENLY

Milwaukee, Wis., Oct. 2.—Emil Friend, well known financial writer and connected for many years with Chicago papers, died today suddenly. He had been in poor health for some time.

APPOINTED OFFICIAL
SCORER OF SERIES

New York, Oct. 2.—William J. Granger of the Brooklyn Citizen has been appointed official scorer for the Brooklyn National League club during the world's series.

LONDON, Oct. 2.—Baron Carlo Allotti has been appointed Italian ambassador at Washington, according to a Rome despatch to the Exchange Telegraph. Baron Allotti at present is minister to China.

DAVENPORT, Iowa, Oct. 2.—The first serious foot ball accident to occur in this vicinity this season happened this afternoon when Carl Stutz, a member of the Davenport Alumni eleven suffered a fracture of the leg. The accident occurred near the close of the Alumni-High school game.

THE HAGUE, Oct. 2.—The Dutch government after a long investigation of the former German emperor's resources, has decided he must pay taxes on an income of 1,500,000 guilders per year. As his income admittedly fluctuates owing to the instability of foreign exchange, he has been granted a delay until November for a definite reassessment.

HOUSTON, Texas, Oct. 2.—Following a conference between Mexican railway officials and officials of the International and Great Northern Railway here today, it was announced that for the first time since 1913 thru daily sleeping car service between San Antonio and Mexico City, via Laredo will be inaugurated October 15.

HOPE THAT SOME PRACTICAL CREDIT WILL BE EVOLVED

Believe Present Systems Can be Made to Answer

M. AVEL SAYS GOLD NO LONGER PLAYS PART

BRUSSELS, Oct. 2.—(By The Associated Press.)—The critical and decisive phase of the international financial conference began this afternoon when the last speakers were heard in open session and President Ador referred to the question of international credits to a special committee. This committee comprises Colonel Ralph R. Hess, United States; M. Avel, France; Henry Bell, Great Britain; Julio Barbosa Carneiro, Brazil; Alberto Brancas, Argentina; Ar. Alphonso Costa, Portugal; Marquis de Cortina, Spain, and Herr Urbig, Germany.

A number of the delegates informed The Associated Press they believed the committee would recommend some practicable system of international credits. Some were in favor of the Delacroix plan, others the proposal presented by Dr. Ter-Meulen, while a few reject both as involving a new complicated and expensive organization which would be likely to encounter hostility of the banks.

Use Present Systems
They consider that it is possible to use the present banking systems of the different countries in an international system at less cost and trouble to accomplish the same purpose.

M. Heer of the federal economic department of Switzerland, was the last speaker on international credits. He suggested an inquiry into the results in the United States and France of experiments in institutions to facilitate exportation.

M. Avel of France, expressed satisfaction at the harmonious and effective work of the delegates. He said that gold no longer played its part in international exchange and something must be set up to replace it. That substitute must not be a distribution for charity, but for needed credits for sane solid enterprises.

SEEKS TO END
ESTATE TRUSTEESHIP

J. P. Lippincott Asks for Court Order to Close Affairs Relating to Will of Mrs. Sallie B. Orear.

A bill has been filed in the circuit court by Julian P. Lippincott as trustee of the estate of Mrs. Sallie B. Orear. The purpose of the proceeding is to ask the court to terminate the trust and distribute the trust fund. The bill recites that Mrs. Orear bequeathed specific legacies to a fund of \$13,700 and that the fund applicable to the payment of the legacies was found to be \$11,000.

The net income of the fund was to be paid to Thomas B. Orear during his lifetime but since his death the trustee has made settlement with the administrator of the Thomas B. Orear estate. Further the bill recites that the trust fund came to him in the form of U. S. bonds and a promissory note. Later the note was collected and the money invested in Liberty Bonds. All the fund had a nominal value of \$12,251 but an actual market value \$10,735.

Mr. Lippincott states that at the time of his final report it was assumed that Wath Williams was entitled to a legacy of \$200 but he has since been informed that the legacy should not be paid as Williams was not in the employ of Mrs. Orear at the time of her death. The attention of the court is also called to the fact that at the death of Mrs. Orear Nannie Browning was alive but has since died, leaving Sallie Browning as sole legatee and devisee of all her estate and the executrix of her will.

Further it is shown that Sallie Green, one of Orear's legatees under the will, is an infant and has no guardian in this county. Still another fact mentioned by the trustee is that by the will of Mrs. Orear a legacy of \$5,000 was bequeathed to the estate of Mrs. Harvey Scott, deceased, with a provision that if the estate should be settled then the legacy should be distributed to the heirs of said Harvey Scott, and the trustee is informed that the estate has been settled and that there are nine heirs.

Some other facts are set forth, all purposing to show the necessity of a court order before the trust can be terminated and the trust fund distributed.

BLAZE AT GALVESTON

Galveston, Texas, Oct. 2.—Fire broke out in Section 8, at the south end of pier 41 shortly after 9 o'clock today. A general alarm followed almost immediately and 250 national guardsmen were rushed to the scene. Four steamships were endangered by the flames.

BOLSHEVIKI HAVE RELEASED MINING MAN FROM JAIL

Dr. Alfred Stickney is Given His Liberty

OTHER AMERICANS ARE HELD

RIGA, Latvia, Oct. 2.—(By The Associated Press.)—Dr. Alfred Wood Stickney, the American mining engineer, who has been held in jail at Moscow by the Russian bolshevik authorities arrived here today. The reason given for his imprisonment was that he was being held pending identification.

Other Americans reported to be in prison at Moscow include Alfred Boni, of New York, formerly of Boni and Liveright, publishers; Royce Kealey, engineer; Ester and John Flick, moving picture men, charged with entering Russia without soviet permission; Frank Sambito, of Brooklyn, N. Y., and Xenophon B. Kalamatiano, formerly of Racine, Wis., and Chicago. Kalamatiano, who has been in prison over two years, was recently reported to be in bad health, but is now much improved. Thru the efforts of foreign Red Cross organizations the American prisoners have been receiving additional food allowances. Food supplies are being sent to Americans in Moscow who are not in prison. Among the Americans in Russia who are anxious to leave the country are Harold Erna, Edward Carlson, Samuel and Anna Hopwood, T. Belling, Anna Belling, Jane and Flora Hoffman, Fred Keyes, Maron Hipman, a former clerk in the American Consulate General at Moscow and William Lambi and wife.

The bolsheviks apparently adopted the policy of allowing only one or two Americans to leave Russia at the same time.

HURRICANE TAKES
DEATH TOLL IN THE
GULF OF MEXICO

Search is Being Made for Thirteen Persons Missing

FROM STEAMSHIP SPEEDWELL

NEW ORLEANS, La., Oct. 2.—Search for thirteen persons missing from the Steamship Speedwell, Belize to New Orleans, believed to have been wrecked in the tropical hurricane of last Wednesday, was being made tonight in the gulf. Five are known to have died in a Speedwell life boat.

Word of the wreck came from the Steamship Mobile City tonight. The message said:

"Picked up four men in lifeboat of Steamship Speedwell. Another boat adrift in near vicinity with thirteen persons in it. Kindly be on lookout for boat. Three men and two women dead."

The Mobile City is bound for Mobile.

The Speedwell was owned by the Speedwell Navigation company of Wilmington, Delaware. Officials at which the decision whether the five dead were on the life boat picked up or in the boat adrift.

WILL INVESTIGATE
RECENT PRIMARIES

WASHINGTON, Oct. 2.—"Thorough investigation" of election irregularities of every nature by all United States attorneys was ordered today by Attorney General Palmer. The orders specified that federal agents should take cognizance of local situations where accusations of fraud have been made whether or not a federal investigation has been requested.

It was understood that fraud and graft charges arising from several recent primaries were included in the investigation but the localities in which these have been ordered were not disclosed.

The new instructions were described as of a sweeping character, designed to cover any campaign irregularity and were said to have stressed the need for close scrutiny of the use of money.

DESTROYER WILL BE
TOWED INTO LIBAU

RIGA, Oct. 2.—The United States Destroyer Kane which yesterday struck a mine outside Riga will be towed into Libau by the United States Destroyer Brooks which rushed out from Riga to assist her. The Kane's engines are not working and she will be unable to proceed to Riga.

The destroyers Gilmer, Brilks and Kane have been ordered to proceed immediately to Constantinople. The Brooks and Gilmer will go to the Black Sea as soon as the Kane is towed into Libau.

CARRY PARTS FOR
CRANE BY AIRPLANE

Chicago, Oct. 2.—Important work for a local coal company was held up here because several large parts for a crane were needed. The superintendent called a crane company at Champaign, Ill., on long distance and told them his troubles. A few hours later two airplanes landed at the air mail field here with 525 pounds of parts for the crane.

METHODISTS LISTED TO ADDRESS FROM CAHOLIC CHAPLAIN

Rev. George B. Ford Addresses Rock River Conference

CHAPLAINS TAUGHT
IDEALS OF RIGHT LIVING

ROCKFORD, Ill., Oct. 2.—For the first time in its eighty years of history the Rock River Conference of the Methodist Episcopal church tonight listened to an address from a member of the Roman Catholic clergy. The Rev. George B. Ford, captain and chaplain of the United States army and secretary of the new army school for chaplains at Camp Grant, the speaker who preached a stirring sermon on patriotism and religion that was received by the Protestant ministers with great enthusiasm.

Chaplain Ford referred to the chaplain's corps of the army as a "practical expression of Christian unity whose sole aim is to teach by practice the ideals of religion and right living. During the war the uniform became his honorable common," he said.

"With 80,000 American dead buried in that uniform under the sod of France, that uniform can never again become despised."

Necessity of Chaplain School
"The necessity for the arm chaplain's school is evident," Chaplain Ford said, "when it is known that hundreds of our dead lay in unknown graves in France because some army chaplain knew so little of military life that they could not properly identify where the graves were made."

He was followed on the program by Lieutenant Colonel Bateman, the senior chaplain of the army, who thrilled his audience with reminiscences of a long and varied experience of army life.

"A man can't laugh and be scared," the gray haired veteran declared, as he recounted perilous adventures in the Indian country, the West Indies, in the Spanish American war and on the Mexican border. He told of assisting Clara Barton in relief work when the Red Cross was in its infancy.

Would Choose the Army
"And if I had all to do over again, I should choose the army," he concluded slowly, but decisively.

The 500 ministers attending the conference were the guests of the Rockford Kiwanis club this afternoon in an automobile tour of the city and Camp Grant.

The conference session passed on fifteen candidates for the ministry who will be ordained at a special service Sunday afternoon.

APPROVE PLAN FOR
CONTROL OF BASEBALL

Would Take It Out of Hands of Men Financially Interested
Tribunal of Three Disinterested Persons.

Chicago, Oct. 2.—Scores of telegrams expressing approval of the plan proposed yesterday by four major league baseball clubs to take control of the game out of the hands of the men financially interested and place it under a tribunal of three disinterested persons were received today by President William Veck of the Chicago National League club.

S. B. Bredon, president of the St. Louis National League club telegraphed he had "signed proposed Lacker plan and heartily approved."

Others who telegraphed approval were: Roger Bresnahan, president of the Toledo American association club; George K. Balden, president Minneapolis American association club; C. T. Chapin, president Rochester International League club; John C. Ryan, president Peoria Three-I League club; Warren C. Giles, president of the Moline Three-I League club, and many newspaper writers and prominent sportsmen.

WILL NOT BARTER NATIONALITY OF AMERICA—HARDING

Candidate is Hailed as Uncle Warren by Farmers

NEED DEEPER RELIGIOUS REVERENCE

WEST JEFFERSON, Ohio, Oct. 2.—Declaring that President Wilson had not "scrapped his own league of nations," Senator Harding reiterated at a Republican rally near here today that if elected to the presidency he would work for an international association but never would consent to a barter of American nationality.

The brief reference to the league was added by the nominee after he had completed a prepared address on agriculture and industrial co-operation for national betterment. Hailed as "Uncle Warren" by many of the farmers in the crowd, he was cheered frequently as he made his argument for improved farming conditions, but the loudest and longest applause greeted his declarations on the league issue.

"There has been some criticism," he said, "because my position as a candidate is not precisely my position as a member of the United States senate. Let me say to you that in dealing with the peace treaty as a member of the senate, I could only deal with the covenant as the president laid it before us and so with others I set about to protect our interests with the best and strongest reservations that we could obtain. Then after the reservations had been adopted the president scrapped his own league by refusing to accept them."

Would Not Barter Nationality

"But when I am your president, I shall be your agent of negotiation with foreign powers. And I'll still be for an association of nations, but I promise you that never so long as I'm president will there be any barter of American nationality. I give you a solemn pledge that so long as I'm president there never will be any sort of a substitute for the stars and stripes."

In mapping his program for agricultural advancement the nominee asserted that co-operative marketing, stabilized labor conditions, dependable transportation, reduction of tenancy, tariff protection for farm products and higher standards of rural education all must have their place in bringing the American farm to its greatest usefulness.

The candidate expressed from his prepared speech to declare his belief of the need of a deeper religious reverence in the United States.

The address was delivered in a big tent which was crowded to capacity while several hundreds stood outside unable to catch more than an occasional sentence.

MISS LATHROP IS SLATED FOR CABINET

President of Rockford College Tells Audience Harding Will Appoint Her as Child Welfare Work.

Rockford, Ill., Oct. 2.—Miss Julia Lathrop will be appointed to a position on the president's cabinet if Senator Harding is elected, Dr. William A. Maddox, president of Rockford college, stated tonight in an address before the Rock River Conference of the Methodist church.

"Some one recently said that three of the greatest women in America are Jane Addams, Julia Lathrop and Mrs. Carrie Chapman Catt. The first two are alumnae of Rockford college," Dr. Maddox said, "and if Senator Harding is elected, the first woman to sit upon the president's cabinet will be an alumna of Rockford college—Miss Julia Lathrop."

Miss Lathrop who is head of the National Child Welfare Bureau of the department of labor, is a native of this city. She is one of the best known experts in child welfare and organized relief work for the children of Czech-Slovakia, following the war, only recently having returned from Europe.

LORD MAYOR OF CORK PASSES BETTER NIGHT

London, Oct. 2.—Lord Mayor MacSwiney passed a much better night at Brixton prison last night, according to a bulletin issued this morning by the Irish Self-Determination League. Doctors who visited him today pronounced him very weak, and recommended that he take food, the bulletin declares.

VERY LITTLE COAL IN KANSAS DISTRICT

Pittsburg, Kans., Oct. 2.—"Very little coal" is likely to be produced in the Kansas district unless the operators of the southwest gran the increases in wages asked by the miners at the conference in Kansas City next Monday, Alexander Howat, president of the Kansas miners said here today.

NATIONAL LEAGUE PENNANT WINNERS FINISH TESTIMONY

Brooklyn Players Were Not Approached by Gamblers

WOULD HAVE BEEN DANGEROUS

NEW YORK, Oct. 2.—Examination of members of the Brooklyn club of the National League by District Attorney Lewis of Kings county was completed today with this result:

The district attorney found that not only had none of the Superbas been approached in an attempt to "fix" the coming World's Series but that "it would have been dangerous for gamblers or their respective representatives to make such advances to the new champions of the National League. Exonerating the Brooklyn players in emphatic terms, the district attorney declared he had learned from the players of the dangerous ground upon which "fixers" would have been treading had they attempted crooked deals.

President Ebbets and Manager Robinson of the Brooklyn club declared that no one connected with the Brooklyn club resented the investigation.

The district attorney sent a telegram to State's Attorney Marlay Hoyne of Chicago asking that official to send him any evidence in his possession relating to the fixing of games in anticipation of the world's series.

Prosecutors of two counties today were searching for Abe Attell, former featherweight champion in an effort to have him throw light upon gambling investigations.

MARSHALL WOULD LIKE TO GO BACK TO THE GOOD OLD DAYS

Would Go Back to the Pre-Spanish-American War Days

SAYS PEOPLE DROVE WILSON INTO WAR

AMES, Ia., Oct. 2.—Vice President Thomas Marshall addressed a large gathering at the Democratic campaign meeting held here tonight.

"Nobody would rejoice more than I," said Mr. Marshall, "if this country could go back to the position it occupied prior to the Spanish-American war. But it cannot. Entangling alliances began then under a Republican administration and over the protest of Democrats against imperialism."

"No imperialistic system of government ever remains neutral and when we went into that form of government our interests became interwoven with and frequently antagonistic to the interests of the world powers. The Philippine Islands are shortly to be set free. We will never permit them to be taken forcibly by any other power. They will be given their freedom by either the league of nations or the American people."

"Personally, I prefer help. Neutrality involves disregard for the causes of war. When a people study the causes they take sides. The American people drove Woodrow Wilson into the late war because they would take sides and league or no league, they will drive every future president into war when the question involved is a moral one."

TEN CANDIDATES FILE FOR GOVERNOR

SPRINGFIELD, Ill., Oct. 2.—Illinois will have the largest gubernatorial ticket in the history of the state at the coming election. Park Longworth, of Chicago, today filed nomination papers with the secretary of state, making the tenth candidate in the race for governorship.

Longworth will run on the Liberal Ticket. His platform will be based upon more equitable treatment of the returned soldiers. If elected he declares he will greatly improve conditions in state and federal hospitals where disabled soldiers are now being treated. He also favors liberal bonus bills for the soldiers.

Longworth's papers followed close upon those of John M. Barlan, also of Chicago, who will run on a straight Harding-Coolidge Republican ticket.

Eleven tickets were in the field with ten candidates for governor when the filing closed here late today.

SPRINGFIELD MAN KILLED IN ACCIDENT

Springfield, Ill., Oct. 2.—George B. Oatman of Springfield, formerly of Peoria, was killed and his wife injured tonight when their automobile went over an embankment one and one-half miles south of Lincoln. Mrs. Oatman was taken to the Deaconess Hospital at Lincoln. The body of her husband was removed to a Lincoln Mortuary and an inquest probably will be held tomorrow. Mr. Oatman was employed as a clerk in the office of Secretary of State Emmerson in this city. He was enroute home from Peoria when the accident occurred.

FORMER UNITED STATES SENATOR CRANE IS DEAD

Passes Away from an Attack of Sleeping Sickness

LEADING FIGURE IN POLITICS

DALTON, Mass., Oct. 2.—Winthrop Murray Crane, former United States senator, former governor of Massachusetts, a leading figure for many years in the affairs of the nation, and active head of a great paper making industry, died early today at his residence. He passed from life in an attack of sleeping sickness which followed an illness of seven weeks.

At his bedside, summoned when the attendants saw the end was near, was his wife and son, Winthrop Murray Crane, Jr., his sisters, Mrs. Harry Ogden Bates, of Morristown, N. J., and Miss Clara L. Crane, of Dalton, and Dr. Bruce W. Paddock, his medical adviser.

Mr. Crane's last illness dates from August 6th, when he was compelled by what was described as a disease of the circulatory system to take to his bed. Previous to that time at the Republican convention in Chicago and the exercises in Northampton, notifying Governor Coolidge of his nomination for the vice presidency, the former senator had suffered fainting attacks but he regarded them lightly.

AUTOS COLLIDE SUNDAY MORNING

Cars Driven By Bert Leadill and Leo Hegarty Met at Southeast Corner of Square—Both Badly Damaged—Nobody Hurt.

Automobiles driven by Bert Leadill and Leo Hegarty collided at the southeast corner of the square about 10 o'clock this (Sunday) morning.

Leadill was driving a Buick Six west in East Morgan street, and Hegarty was driving a Cadillac sedan south along the East side of the square. He said he intended turning into Morgan street.

Both cars were badly damaged in the collision. The Buick was so badly damaged it was hauled to the Zahn Garage for repairs. Both hind wheels were broken on the Cadillac and it was turned completely over.

In the car with Leadill were Harold Ryan, Sherman Ryan and Clarence Kenny, all of Franklin.

In the car with Hegarty were Messrs. Doyle and Shields. Fortunately no one was injured, only casualty being to Leadill, who had his knee hurt but this is not of a serious nature.

Leadill resides in Franklin, while Hegarty is a mechanic in the employ of DeLoss James. The car also was the property of Mr. James.

The drivers blamed each other for the accident.

KING ALFONSO WELCOMES CONGRESS

Extends Greetings to Members of International Postal Congress— Germany Urges Reply Postage Stamps.

Madrid, Oct. 1.—One hundred and fifty postal experts, representing every nation in the world, which possess an organized mail service listened today to the speech of King Alfonso welcoming them to the International Postal Congress, the first to be held in six years. The congress was organized in 1914, but was abandoned due to the outbreak of the war. Actual sessions are to begin Monday. Among the subjects which the congress will take up will be the proposal of the United States for the creation of a special service for official correspondence.

Germany has proposed the establishment of a new service for urgent mail with reply-paid stamps. Portugal has put forward the idea of postal checks valid in all countries.

WOMEN MAY HAVE TROUBLE IN VOTING

Chicago, Oct. 2.—Unmarried women who register today or Oct. 12 and are then married between of the registration lists, and election day, will be required to go to the polls with their husbands to be identified as the same person who registered as unmarried.

WELL KNOWN FINANCIAL WRITER DIES SUDDENLY

Milwaukee, Wis., Oct. 2.—Emil Friend, well known financial writer and connected for many years with Chicago papers, died today of pneumonia. He had been in poor health for some time.

APPOINTED OFFICIAL SCORER OF SERIES

New York, Oct. 2.—William J. Granger of the Brooklyn Citizen has been appointed official scorer for the Brooklyn National League club during the world's series.

Bulletins From Here and There

LONDON, Oct. 2.—Tonight's bulletin issued by the Irish Self-Determination League says Mayor MacSwiney's condition is unchanged.

SAN FRANCISCO, Calif., Oct. 2.—Twelve members of the house of representatives and one United States senator, members of a congressional party, which has been touring the far east arrived here today on the trans-pacific Madawaska. The congressmen left here early in July.

GALESTON, Texas, Oct. 2.—Fire department officials tonight were reluctant to commit themselves as to the origin of the disastrous waterfront fire which broke out early this morning which was unchecked late tonight. The fire was slowly eating its way thru 15,000 bales of Mexican wool. No estimate of the damage was obtainable tonight.

NEW YORK, Oct. 2.—Reports made public here tonight by employment agencies of the Salvation Army and Knights of Columbus indicated that jobs soon will be scarce in cities. For the first time in two years, the employment agencies reported that as many men were found seeking work as there were jobs available.

HOUSTON, Texas, Oct. 2.—Following a conference between Mexican railway officials and officials of the International and Great Northern Railway here today it was announced that for the first time since 1913 thru daily sleeping car service between San Antonio and Mexico City, via Laredo will be inaugurated October 15.

THE HAGUE, Oct. 2.—The Dutch government after a long investigation of the former German emperor's resources, has decided he must pay taxes on an income of 1,500,000 guilders per year. As his income admittedly fluctuates owing to the instability of foreign exchange, he has been granted a delay until November for a definite reassessment.

DAVENPORT, Iowa, Oct. 2.—The first serious foot ball accident to occur in this vicinity this season happened this afternoon when Carl Stutz, a member of the Davenport Alumni eleven suffered a fracture of the leg. The accident occurred near the close of the Alumni-High school game.

LONDON, Oct. 2.—Baron Carlo Allotti has been appointed Italian ambassador at Washington, according to a Rome despatch to the Exchange Telegraph. Baron Allotti at present is minister to China.

GOVERNOR COX DENIES STATEMENT MADE BY W. H. TAFT

Says Never Made Statement About Associated Press

BLAMES LACK OF PUBLICITY ON EDITORS

KANSAS CITY, Oct. 2.—Governor James M. Cox of Ohio, Democratic presidential nominee, tonight issued the following statement:

"My attention has just been called to a syndicate article by William Howard Taft in which he makes the misstatement that I have attacked The Associated Press for failing to give the American public a fair account of my speeches and phases of my campaign. This would appear to be a part of the deliberate conspiracy on the part of reactionary politicians and one to whom I am loathe to believe Judge Taft would knowingly lend his name."

"Upon reaching the coast we found that not only was the reactionary press refusing to carry advance news of meetings but affidavits of Republican editors established the fact that scouts of the Republican organization were demanding of the so-called Republican press silence regarding the meetings and suppression of the facts after the meetings. In bringing these matters to the attention of my audiences, I several times made the statement that The Associated Press and other press organizations had representatives in my party; that they were carrying the news but that reactionary editors were failing to give their dispatches to the public. As a matter of fact I have unwittingly offended representatives of other press associations by inadvertently using the words 'Associated Press' when meaning 'press associations' in complimenting them upon the work they were doing."

ROCKFORD TAKES RELIGIOUS CENSUS

ROCKFORD, Ill., Oct. 2.—A religious census of the city by 1,400 churchmen between the hours of 2 and 4 o'clock this afternoon resulted in securing signed cards from the church connections of 18,000 families. Protestants, Catholics and Jews federated for the project. Preference was denoted for 63 different religious denominations while about seven per cent stated they had no religious preference. From the result of the drive, it is estimated that the population of the city is between 74,000 and 75,000. Here is an average of over four persons to every house or apartment in the city.

TWO WEST FANKFORT MEN ARE INDICTED

MARION, Ill., Oct. 2.—Indictments charging Setfitt Desantis and Frank Besanti of West Frankfort, Ill., with the murder of Tony Hemphill and Amol Calcaterra, also of West Frankfort, were returned here today by the Williamson county grand jury. The finding of the bodies of Hemphill and Calcaterra with their throats cut August 2, precipitated the anti-Sicilian riot in West Frankfort. Desantis and Besanti are in jail.

ONE WOMAN OUT FOR STATE LEGISLATURE

Springfield, Ill., Oct. 2.—Mrs. Anna Rogers Parr of Vera, Fayette county, is the only woman in the race for member of the state legislature. Her petition was filed with the secretary of state this afternoon just before the time for filing expired. It was presented by Dr. Parker Shields, district superintendent of the Anti-Saloon League, whose organization endorses Mrs. Parr, and expects that she will win.

GOV. LOWDEN SPOKE AT COLORADO SPRINGS

Colorado Springs, Colo., Oct. 2.—The supreme issue in this campaign is the preservation of America and American institutions, declared Governor Frank O. Lowden of Illinois at a political meeting here. "The time has come in the fast sweep of bewildering events when we Americans should re-examine our party faith and in all solemnity decide which party now is the best fitted to preserve America and keep her institutions intact."

EX-SERVICE MAN DIES OF INJURIES

CEDAR RAPIDS, Iowa, Oct. 2.—Charles M. Hysinger, an ex-service man, whose home is in Muscatine, Iowa, died in a hospital here today following an accident an hour previous in which he had both legs severed when he fell beneath the wheels of a Rock Island freight car. Hysinger and a chum, Frank Elliott, also of Muscatine, were returning from working in the wheat fields in South Dakota.

CELEBRATE AT COLORADO SPRINGS

Colorado Springs, Colo., Oct. 2.—The supreme issue in this campaign is the preservation of America and American institutions, declared Governor Frank O. Lowden of Illinois at a political meeting here. "The time has come in the fast sweep of bewildering events when we Americans should re-examine our party faith and in all solemnity decide which party now is the best fitted to preserve America and keep her institutions intact."

ONE WOMAN OUT FOR STATE LEGISLATURE

Springfield, Ill., Oct. 2.—Mrs. Anna Rogers Parr of Vera, Fayette county, is the only woman in the race for member of the state legislature. Her petition was filed with the secretary of state this afternoon just before the time for filing expired. It was presented by Dr. Parker Shields, district superintendent of the Anti-Saloon League, whose organization endorses Mrs. Parr, and expects that she will win.

WELL KNOWN FINANCIAL WRITER DIES SUDDENLY

Milwaukee, Wis., Oct. 2.—Emil Friend, well known financial writer and connected for many years with Chicago papers, died today of pneumonia. He had been in poor health for some time.

APPOINTED OFFICIAL SCORER OF SERIES

New York, Oct. 2.—William J. Granger of the Brooklyn Citizen has been appointed official scorer for the Brooklyn National League club during the world's series.

HOPE THAT SOME PRACTICAL CREDIT WILL BE EVOLVED

Believe Present Systems Can be Made to Answer

M. AVEL SAYS GOLD NO LONGER PLAYS PART

BRUSSELS, Oct. 2.—(By The Associated Press.)—The critical and decisive phase of the international financial conference began this afternoon when the last speakers were heard in open session and President Ador referred to the question of international credits to a special committee. This committee comprises Colonel Ralph R. Hess, United States; M. Avel, France; Henry Bell, Great Britain; Julio Barbosa, Argentina; Alberto Brancas, Argentina; Ar. Alphonso Costa, Portugal; Marquis de Cortina, Spain, and Herr Ubrig, Germany.

A number of the delegates informed The Associated Press they believed the committee would recommend some practicable system of international credits. Some were in favor of the Delacour plan, others the proposal presented by Dr. Ter-Meulen, while a few reject both as involving a new complicated and expensive organization which would be likely to encounter hostility of the banks.

Use Present Systems

They consider that it is possible to use the present banking systems of the different countries in an international system at less cost and trouble to accomplish the same purpose.

M. Heer of the federal economic department of Switzerland, was the last speaker on international credits. He suggested an inquiry into the results in the United States and France of experiments in institutions to facilitate exportation.

M. Avel of France, expressed satisfaction at the harmonious and effective work of the delegates.

He said that gold no longer played its part in international exchange and something must be set up to replace it. That substitute must not be a distribution for charity, but for needed credits for sane solid enterprises.

SEEKS TO END ESTATE TRUSTEESHIP

J. P. Lippincott Asks for Court Order to Close Affairs Relating to Will of Mrs. Sallie B. Orear.

A bill has been filed in the circuit court by Julian P. Lippincott as trustee of the estate of Mrs. Sallie B. Orear. The purpose of the proceeding is to ask the court to terminate the trust and distribute the trust fund. The bill recites that Mrs. Orear bequeathed specific legacies to a fund of \$13,700 and that the fund applicable to the payment of the legacies was found to be \$11,000.

The net income of the fund was to be paid to Thomas B. Orear during his lifetime but since his death the trustee has made settlement with the administrator of the estate of Mrs. Orear. Further, the bill recites that the trust fund came to him in the form of U. S. bonds and a promissory note. Later the note was collected and the money invested in Liberty bonds. All the fund had a nominal value of \$12,251 but an actual market value \$10,735.

Mr. Lippincott states that at the time of his final report it was assumed that Wath Williams was entitled to a legacy of \$200 but he has since been informed that the legacy should not be paid as Williams was not in the employ of Mrs. Orear at the time of her death. The attention of the court is also called to the fact that at the death of Mrs. Orear her husband was alive but has since died, leaving Sallie Browning as sole legatee and devisee of all her estate and the executrix of her will.

Further it is shown that Sallie Green, one of the legatees under the will, is an infant and has no guardian in this county. Still another fact mentioned by the trustee is that by the will of Mrs. Orear a legacy of \$5,000 was bequeathed to the estate of Harvey Scott, deceased, with a provision that if the estate should be settled then the legacy should be distributed to the heirs of said Harvey Scott, and the trustee is informed that the estate has been settled and that there are nine heirs.

Some other facts are set forth, all purporting to show the necessity of a court order before the trust can be terminated and the trust fund distributed.

BLAZE AT GALVESTON

Galveston, Texas, Oct. 2.—Fire broke out in Section A at the south end of pier 41 shortly after 9 o'clock today. A general alarm followed almost immediately and 250 national guardsmen were rushed to the scene. Four steamships were endangered by the flames.

CARRY PARTS FOR CRANE BY AIRPLANE

Chicago, Oct. 2.—Important work for a local coal company was held up here because several large parts for a crane were needed. The superintendent called a crane company at Champaign, Ill., long distance and told them his troubles. A few hours later two airplanes landed at the air mail field here with 625 pounds of parts for the crane. The work was done on time.

DESTROYER WILL BE TOWED INTO LIBAU

RIGA, Oct. 2.—The United States Destroyer Kane which yesterday struck a mine outside Riga will be towed into Libau by the United States Destroyer Brooks which rushed out from Riga to assist her. The Kane's engines are not working and she will be unable to proceed to Riga. The destroyers Gilmer, Brinks and Kane have been ordered to proceed immediately to Constantinople. The Brooks and Gilmer will go to the Black Sea as soon as the Kane is towed into Libau.

WILL INVESTIGATE RECENT PRIMARIES

WASHINGTON, Oct. 2.—"Thorough investigation" of election irregularities of every nature by all United States attorneys was ordered today by Attorney General Palmer. The orders specified that federal agents should take cognizance of local situations where accusations of fraud have been made whether or not a federal investigation has been requested. It was understood that fraud and graft charges arising from several recent primaries were included in the investigation but the localities in which these have been ordered were not disclosed. The new instructions were described as of a sweeping character, designed to cover any campaign irregularity and were said to have stressed the need for close scrutiny of the use of money.

ROCK RIVER CONFERENCE WILL MEET IN CHICAGO

Rockford, Ill., Oct. 2.—Rock River conference this morning accepted the invitation to meet next year at Thornburg church, Chicago. Freeport First church withdrew its invitation in favor of Thornburg.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Sunday, possibly becoming unsettled Monday; warmer in east and south portions Sunday.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:	
Jacksonville, Ill.	55 73 39
Boston	58 66 48
Buffalo	58 68 36
New York	58 68 40
Jacksonville, Fla.	64 72 52

Minneapolis	66 70 48
Helena	44 46 44

BOLSHEVIKI HAVE RELEASED MINING MAN FROM JAIL

Dr. Alfred Stickney is Given His Liberty

OTHER AMERICANS ARE HELD

RIGA, Latvia, Oct. 2.—(By The Associated Press.)—Dr. Alfred Wood Stickney, the American mining engineer, who has been held in jail at Moscow by the Russian bolshevik authorities arrived here today. The reason given for his imprisonment was that he was being held pending identification.

Other Americans reported to be in prison at Moscow include Alfred Boni, of New York, formerly of Boni and Livright, publishers; Royal C. Koeley, engineer; Esies and John Flick, moving picture men, charged with entering Russia without soviet permission; Frank Sambro, of Brooklyn, N. Y., and Xenophon B. Kalamatiano, formerly of Racine, Wis., and Chicago. Kalamatiano, who has been in prison over two years, was recently reported to be in bad health, but is now much improved. Thru the efforts of foreign Red Cross organizations the American prisoners have been receiving additional food allowances. Food supplies are being sent to Americans in Moscow who are not in prison. Among the Americans in Russia who are anxious to leave the country are Harold Erna, Edward Carlson, Samuel and Anna Hopwood, T. Belling, Anna Belling, Jane and Flora Hoffman, Fred Keyes, Maron Hipman, a former clerk in the American Consular General at Moscow and William Lambi and wife.

The bolsheviks apparently adopted the policy of allowing only one or two Americans to leave Russia at the same time.

HURRICANE TAKES DEATH TOLL IN THE GULF OF MEXICO

Search is Being Made for Thirteen Persons Missing

FROM STEAMSHIP SPEEDWELL

NEW ORLEANS, La., Oct. 2.—Search for thirteen persons missing from the Steamship Speedwell, Belize to New Orleans, believed to have been wrecked in the tropical hurricane of last Wednesday, was being made tonight in the Gulf. Five are known to have died in a Speedwell life boat.

Word of the wreck came from the Steamship Mobile City tonight. The message said:

"Picked up four men in life boat of Steamship Speedwell. Another boat adrift in near vicinity with thirteen persons in it. Kindly be on lookout for bodies. Three men and two women dead."

The Mobile City is bound for Mobile.

The Speedwell was owned by the Speedwell Navigation company of Wilmington, Delaware. Officials were unable to decide whether the five dead were on the life boat picked up or in the boat adrift.

APPROVE PLAN FOR CONTROL OF BASEBALL

Would Take It Out of Hands of Men Financially Interested— Tribunal of Three Disinterested Persons.

Chicago, Oct. 2.—Scores of telegrams expressing approval of the plan proposed yesterday by four major league baseball clubs to take control of the game out of the hands of the men financially interested and place it under a tribunal of three disinterested persons were received today by President William Veck of the Chicago National League club.

S. B. Bredon, president of the St. Louis National League club telegraphed he had "signed proposed Lacker plan and heartily approved."

Others who telegraphed approval were:

Roger Bresnahan, president of the Toledo American association club; George K. Balden, president Minneapolis American association club; C. T. Chapin, president Rochester International League club; John C. Ryan, president Peoria Three-I League club; Warren C. Giles, president of the Moline Three-I League club, and prominent sportsmen.

THE BASEBALL TRIBUNAL.
 No doubt a tribunal of civilians prominent men of the highest caliber would be effective in putting an end to some of the abuses of professional baseball. But even

such a tribunal could not wipe out the possibility of crookedness. That depends both upon the greatness of the temptation and the weakness of the individual players.

Secretary Colby is to take the stump for Cox. As he has been a member of three different political parties during the past few years, he should be at home with any audience.

EDISON AND THE UNSEEN WORLD.

Thomas Edison has not added anything to his name or fame by the story that he is working on an instrument whereby he expects to be able to communicate with persons after they have passed to the other world. Mr. Edison is a master mind, but he is not superhuman.

In fact, he gives quite definite proof of his humanity by allowing

the statement to be made that he thinks it possible thru an invention of his hand and brain to fathom in a physical way anything of the mystery of the unseen world.

DISSATISFIED DEMOCRATS.

Candidate Cox shows very plainly that he has heard the reports that in all parts of the country there are Democrats who make no secret of their intention to vote the Republican ticket at the November election. In fact, they seem quite proud of that intention and ready to advertise it.

Mr. Cox makes the thin charge that these dissatisfied Democrats are really Republicans who are being sent out as emissaries of the national Republican committee in order to spread abroad the propaganda of dissatisfaction with Democratic leadership.

But in every community there are long time residents making just such statements of intention—men whose party affiliations are quite well known.

AN EXAMPLE IN ENTHUSIASM.

The enthusiasm that the people resident in California have for that state is a matter of frequent comment. So enthusiastic do many of the coast citizens become that they really forget themselves. This was the case yesterday, when a present resident of this city who came not ago from a several years' residence in California. He was commenting on the fine weather of Saturday and said: "Why, we have weather like this in California practically all of the time. In fact, we have such weather 53 and 54 weeks during the year."

This statement was not intended as a joke. It was spoken in all earnestness and is of interest because it illustrates the sort of mind that the California citizen acquires. Who can say that this type of state patriotism—this enthusiasm—is not a helpful thing?

A PREACHER WHO SHOULD TRAVEL.

One of the presumably popular preachers who hold their meetings in theatres had this jeremiad to offer, according to the New York Sun and Herald:

"All attempts to disguise the utter collapse of the churches have now become futile and ridiculous. The churches are all alike mere survivals of the past. The war marked the climax of a long period of moral and spiritual decay, which has now come to its completion in empty churches, discredited creeds and neglected rituals."

A preacher who talks like that needs a vacation. Not the old fashioned vacation that a clergyman took when he went to visit the Holy Land, but a vacation in which he could go about the United States and see things.

Let him go east as far as Quoddy Head, west as far as Hiram Johnson's veranda, north as far as the Minnesota lakes and south as

far as the Florida keys—and wherever he goes, whether it be a Pennsylvania mining town, a Kansas farming centre or a Texas oil field he will find the churches still on the job.

There are churches into which the preacher will see the people going at 5 in the morning and at 7 in the evening. He will see of ten at a single church service more children than live in the whole theatrical district where he preaches.

The men who say that the churches and the existing form of religion are failures are the men who tell you that nobody reads the Bible or Shakespeare any more.

Rippling Rhymes By Walt Mason

HOUSE OF HAPSBURG

The princes of the Hapsburg line in camp and court now cut no ice; they have to fast while others dine, their standstill bad, they lack the price. Some eighty duchesses and dukes now stand around with frigid feet; their titles now seem empty flukes since they can't get enough to eat. They send to the warning cry, from roofless castles where they lurk, "Unless the ravens bring us pie, we'll starve."

With noble courage thus they face a future fraught with dread and fears, these scions of a kingly race that loated for quite a thousand years. Far better face the headman's ax than be a laundress or a clerk, but proudly they'll get down to tasks, and if they must, why, they will work. Their landmarks are forever gone their world is jostled upside down and some cheap uncle has in pawn the jeweled sceptre and the crown. Too proud to seek the craven's doom by means of rope or gun or dirk, they cry, amid the encircling gloom, "Just lead us to the honest work." And if for honest work they look, they will not need to travel far; I'd take a duchess as my cook, and hire a duke to run my car.

OCTOBER RECORDS The new ones for October are here.

J. BART JOHNSON Company, Inc.

WILLIAMSON'S HAVE A NEW HEARSE

The C. E. Williamson undertaking rooms has just received a new combination basket wagon and hearse. The new hearse is to be used mainly in the branch service at Franklin. It is a Cadillac hearse and is painted a beautiful gray color.

Barler's OIL HEATERS use less fuel, make more heat, and look better. It pays to buy the best. All sizes at BRADY BROS.

PARENT-TEACHER ASSOCIATION MEETS

An interesting meeting was had by the Parent-Teacher association Friday afternoon. The meeting was held at Washington school with Mrs. G. E. Baxter presiding. The following program was given.

Two health crusade songs by children of the second grade. A talk about scales and health diet by Miss Ryman.

Songs by Mrs. Hackett Wilder, who was accompanied by Miss Edgar Martin.

After the greetings from Supt. Perrin had been read, the regular business meeting was held.

The following committees were appointed: Membership—Mrs. W. S. Jones, Mrs. Henry Kamm, Mrs. Gerald Taylor, Mrs. T. V. Hopper, Mrs. Rice, Mrs. Walter Rabjohns and Mrs. H. K. Chenoweth.

Program, Mrs. Caldwell, chairman; Mrs. Hackett Wilder and Mrs. Edward Martin.

Social—Mrs. Mullenix (chairman); Mrs. Carl Richards, Mrs. Gerald Taylor, Mrs. Lloyd Hamilton and Mrs. W. B. Rogers.

A social hour was spent in getting acquainted and enjoying refreshments. The mothers of sixth grade pupils were hostesses for the day and served refreshments.

Rosenwald & Weil are known to be superior makers of men's OVERCOATS. FRANK BYRNS Hat Store has a number of real bargains.

PROBATE COURT

In the estate of Charles Cox, petition of Harriet Cox for letters of guardianship was allowed and bond fixed in the sum of \$1,000.

In the estate of Anna T. Brown, the court appointed Walter Bellatti as guardian of Walter R. Bellatti and John Bellatti, because of their interest in certain property belonging to the estate.

In the estate of J. M. Trotter, the court appointed T. H. Rapp administrator and bond was fixed in the sum of \$10,000.

In the estate of Carl F. Woellner, the amended inventory was approved and the petition to omit appraisal allowed.

Petition for the probate of the will of Elizabeth M. Tyrrell was received and the hearing set for Oct. 25.

WANTED

TO CELEBRATE BIRTHDAY

Mrs. L. P. Cowdin of near Joy Prairie came to the city yesterday and took home for a short visit her son, Stephen Reid. The young gentleman is a freshman at Illinois College and is to celebrate his 17th birthday today. He completed the high school course creditably and now seeks further knowledge and is in a good place to get it.

The Presbyterian church of Woodson will hold a burgoon Tuesday, Oct. 5 on the church lawn. Soup ready at noon. Music by the Woodson Band.

MATHIS, KAMM & SHIRE SAY

Our fall shoes were shipped at the new prices and marked accordingly. Call and look them over. No trouble to show goods.

Lynnville Christian church burgoon Wednesday evening, October 6, commencing at 4 o'clock.

MRS. MYRTLE TANDY IS AGAIN HONORED

Was Elected Secretary at National Association of Rebekah Assemblies Held in Boston, Mass., Last Week—Returns Home Tomorrow.

Mrs. Myrtle W. Tandy was again honored by the National Association of Rebekah assemblies which met in Boston, Mass., last week. Mrs. Tandy who has been treasurer of the association for the past two years was advanced to the office of secretary.

In 1915 Mrs. Tandy was president of the Rebekah State assembly and it was in that year that the Illinois assembly became a member of the national body. The following year she was the first delegate to the national meeting from Illinois and was made Grand Marshal which position she held for two years. She then was elected treasurer and this year secretary. This will ultimately lead to the highest office in the association.

Writing to friends here Mrs. Tandy told something of the trip. She spoke of visits to many places of historic interest in Boston and vicinity. Among other features was a parade which required four hours to pass a given point and was perhaps the largest fraternal parade ever seen. Mrs. Tandy expects to arrive in the city tomorrow.

APPERSON CAR PRICES GUARANTEED

Until April First, you can't beat this. Every purchaser of an Apperson, any model, the best medium weight car made, is guaranteed against a reduction in price. If the price is reduced you are refunded the amount of such reduction. This is a bona fide factory guarantee. So there's no need to hesitate and be out the use and pleasure of a car through fear of possible loss due to lowering prices.

COAT AND SUIT SALE THIS WEEK TO MEET YOUR REQUIREMENTS IN PRICE AND QUALITY AT HERMAN'S.

"Play Safe" In Investments

IF YOU have accumulated a surplus, "play safe" in making your investments. Is it wise to buy stocks and bonds from a stranger, when your banker is prepared to give you dependable service? The stranger is here today and gone tomorrow—your banker is always available and at your service. The stranger is interested chiefly in making a sale—your banker desires to contribute towards your prosperity. Why take chances in investment matters when you can buy safe bonds from your banker.

The Hope

Olive Whitburn—jilted by the man she worshipped—vanished from the midst of gorgeous gayety of the Durbar in India. Where did she go? What fate overtook her? And what effect did her disappearance have upon the destinies of those who loved her? Heaping sensation upon sensation and thrill upon thrill, and sweeping to a climax that leaves the spectator dizzy with breathless excitement. This overpowering melodrama is one that you will never forget.

THE BASEBALL TRIBUNAL.
No doubt a tribunal of civilians prominent men of the highest character would be effective in putting an end to some of the abuses of professional baseball. But even

such a tribunal could not wipe out the possibility of crookedness. That depends both upon the greatness of the temptation and the weakness of the individual players.

Secretary Colby is to take the stump for Cox. As he has been a member of three different political parties during the past few years, he should be at home with any audience.
EDISON AND THE UNSEEN WORLD.
Thomas Edison has not added anything to his name or fame by the story that he is working on an instrument whereby he expects to be able to communicate with persons after they have passed to the other world. Mr. Edison's is a master mind, but he is not superhuman. In fact, he gives quite definite proof of his humanity by allowing

the statement to be made that he thinks it possible thru an invention of his hand and brain to fathom in a physical way anything of the mystery of the unseen world.

DISSATISFIED DEMOCRATS.
Candidate Cox shows very plainly that he has heard the reports that in all parts of the country there are Democrats who make no secret of their intention to vote the Republican ticket at the November election. In fact, they seem quite proud of that intention and ready to advertise it.
Mr. Cox makes the thin charge that these dissatisfied Democrats are really Republicans who are being sent out as emissaries of the national Republican committee in order to spread abroad the propaganda of dissatisfaction with Democratic leadership.
But in every community there are long time residents making just such statements of intention—men whose party affiliations are quite well known.

far as the Florida keys—and wherever he goes, whether it be a Pennsylvania mining town, a Kansas farming center or a Texas oil field he will find the churches still on the job.

There are churches into which the preacher will see the people going at 5 in the morning and at 7 in the evening. He will see of ten at a single church service more children than live in the whole theatrical district where he preaches.
The men who say that the churches and the existing form of religion are failures are the men who tell you that nobody reads the Bible or Shakespeare any more.

Rippling Rhymes
By Walt Mason

HOUSE OF HAPSBURG
The princes of the Hapsburg line in camp and court now cut no ice; they have to fast while others dine, their standstill's bad, they lack the price. Some clank dukes and dukes now stand around with frigid feet; their titles now seem empty flukes since they can't get enough to eat. They send to us the warning cry, from roofless castles where they lurk, "Unless the ravens bring us pie, we gravely fear we'll have to work." With noble courage thus they face a future fraught with dread and fears, these scions of a kingly race that loathed for quite a thousand years. Far better face the headman's ax than be a laundress or a clerk, but proudly they'll get down to tasks, and if they must, why, they will work. Their landmarks are forever gone their world is jostled upside down and some cheap uncle has in pawn the jeweled sceptre and the crown. Too proud to seek the craven's doom by means of rope or gun or dirk, they cry, amid the encircling gloom, "Just lead us to the honest work." And if for honest work they look, they will not need to travel far; I'd take a duchess as my cook, and hire a duke to run my car.

PARENT-TEACHER ASSOCIATION MEETS
An interesting meeting was had by the Parent-Teacher association Friday afternoon. The meeting was held at Washington school with Mrs. G. E. Baxter presiding. The following program was given:
Two health crusade songs by children of the second grade.
A talk about scales and health diet by Miss Ryman.
Songs by Mrs. Hackett Wilder, who was accompanied by Miss Edgar Martin.
After the greetings from Supt. Perrin had been read, the regular business meeting was held.
The following committees were appointed:
Membership—Mrs. W. S. Jones, Mrs. Henry Kamm, Mrs. Gerald Taylor, Mrs. T. V. Hopper, Mrs. Rice, Mrs. Walter Rabjohns and Mrs. H. K. Chenoweth.
Program, Mrs. Caldwell, chairman; Mrs. Hackett Wilder and Mrs. Edward Martin.
Social—Mrs. Mullenix (chairman); Mrs. Carl Richards, Mrs. Gerald Taylor, Mrs. Lloyd Hamilton and Mrs. W. B. Rogers.
A social hour was spent in getting acquainted and enjoying refreshments. The mothers of sixth grade pupils were hostesses for the day and served refreshments.

Rosenwald & Weil are known to be superior makers of men's OVERCOATS. FRANK BYRNS Hat Store has a number of real bargains.
PROBATE COURT
In the estate of Charles Cox, petition of Harriet Cox for letters of guardianship was allowed and bond fixed in the sum of \$1,000.
In the estate of Anna T. Brown, the court appointed Walter Bellatti as guardian of Walter R. Bellatti and John Bellatti because of their interest in certain property belonging to the estate.
In the estate of J. M. Trotter, the court appointed T. H. Rapp, administrator and bond was fixed in the sum of \$10,000.
In the estate of Carl F. Woellner, the amended inventory was approved and the petition to omit appraisement allowed.
Petition for the probate of the will of Elizabeth M. Tyrrell was received and the hearing set for Oct. 25.

MRS. MYRTLE TANDY IS AGAIN HONORED
Was Elected Secretary at National Association of Rebekah Assemblies Held in Boston, Mass., Last Week—Returns Home Tomorrow.

Mrs. Myrtle W. Tandy was again honored by the National Association of Rebekah assemblies which met in Boston, Mass., last week. Mrs. Tandy who has been treasurer of the association for the past two years was advanced to the office of secretary. In 1915 Mrs. Tandy was president of the Rebekah State assembly and it was in that year that the Illinois assembly became a member of the national body. The following year she was the first delegate to the national meeting from Illinois and was made Grand Marshal which position she held for two years. She then was elected treasurer and this year secretary. This will ultimately lead to the highest office in the association.
Writing to friends here Mrs. Tandy told something of the trip. She spoke of visits to many places of historic interest in Boston and vicinity. Among other features was a parade which required four hours to pass a given point and was perhaps the largest fraternal parade ever seen. Mrs. Tandy expects to arrive in the city tomorrow.

Stewart Company Makes an 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs.

Price reductions averaging about 18 per cent., were announced yesterday by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks. The new prices will go into effect on Monday, September 27th.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced yesterday, are as follows:

Model	Old Price	New Price
3 1/2 ton	\$4,100	\$3,395
2 1/2 ton	3,200	2,575
2 ton	3,075	2,495
1 1/2 ton	2,450	1,995
1 ton	1,850	1,650
3/4 ton	1,450	1,295

Stewart Company Makes an 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in
War on High Costs.

Price reductions averaging about 18 per cent., were announced yesterday by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks. The new prices will go into effect on Monday, September 27th.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced yesterday, are as follows:

Model	Old Price	New Price
3 1/2 ton.....	\$4,100	\$3,395
2 1/2 ton.....	3,200	2,575
2 ton.....	3,075	2,495
1 1/2 ton.....	2,450	1,995
1 ton.....	1,850	1,650
3/4 ton.....	1,450	1,295

Social Events

Miscellaneous
 The Miss Dawsons, Helen Violet Davis, Helen and Marion Williamson, were at a miscellaneous party at the home of Miss W. H. Jordan street, Saturday in honor of Miss Dawson, who is soon to be married. The guests included friends of Miss Dawson. She was the recipient of beautiful gifts. During the refreshments were served delicacies.

Entertainments

At Bridges
 Miss Eleanor Masters entertained at bridge Saturday afternoon. Four tables, Friday afternoon. A two course luncheon was served. Mrs. Francis Rantz won first prize, Miss Lura Wiswell second prize. Miss Beulah McMurphy was awarded the guest prize.

Entertainments

For Miss McMurphy.
 Mrs. John Leslie Mitchell entertained at bridge Saturday afternoon at her home, 876 West State street, in honor of Miss Beulah McMurphy, who is to be married soon. The house was beautifully decorated with baskets of fall flowers. Delicious refreshments were served.

Miss McQuiston, who officiated at the tea tables. About fifty girls were present.

With this auspicious opening of their second year "on the Hill" the members of the Agora feel themselves no longer a new society, but an old established one, ready to meet the needs of its members and to co-operate with the other societies along scholastic and social lines.

Wiener Roast.
 Quite a number of boys and girls were invited to a wiener roast at the home of Miss Marie Schall, near Concord Friday night. The evening was pleasantly spent with music and games. All departed at a late hour expressing they had a good time. There were about thirty five present.

Pleasantly Surprised.
 While Mrs. Ida Kitner was busily engaged in household duties at her home on East Court street recently, a company of friends surprised her in honor of her birthday. They came with plenty of goodies, and a very pleasant time was spent. Mrs. Kitner was the recipient of a number of useful presents. After an enjoyable evening, delicious refreshments were served.

Mrs. Schermerhorn Will Receive.
 Mrs. W. W. Schermerhorn of Portland, Oregon, is visiting her sister Mrs. Constance Barlow Smith, 610 West State street and will be glad to receive her friends informally from 3 to 6 p. m. Monday.

SIX Social Events

Miscellaneous
For Miss Dawson.
Miss Violet Davis, Helen and Marion Williamson, and a miscellaneous group, at the home of Miss William, 614 Jordan street, Saturday evening in honor of Miss Dawson, who is soon to be married. The guests were intimate friends of Miss Dawson. She was the recipient of beautiful gifts. During the evening refreshments were served by the hostesses.

Entertains
Girls.
The Agora of Illinois College held their first social function of the year yesterday afternoon. They entertained in honor of new girls of the school. The affair, which took the form of a tea, was held at the home of Miss G. H. Scott. The day was a beautiful one, and the setting for Mrs. Scott and

Miss McQuiston, who officiated at the tea tables. About fifty girls were present.
With this auspicious opening of their second year "on the Hill" the members of the Agora feel themselves no longer a new society, but an old established one, ready to meet the needs of its members and to co-operate with the other societies along scholastic and social lines.

Entertains
at Bridge.
Miss Eleanor Masters entertained at bridge for Miss Beulah McMurphy, four tables, Friday afternoon. A two-course luncheon was served. Mrs. Francis Rantz won first prize, Miss Beulah McMurphy was awarded the guest prize.

For Miss McMurphy.
Mrs. John Leslie Mitchell entertained at bridge Saturday afternoon at her home, 876 West State street, in honor of Miss Beulah McMurphy, who is to be married soon. The house was beau-

tifully decorated with baskets of fall flowers. Delicious refreshments were served.
Miss Eleanor Masters won first prize and Miss Beulah McMurphy received the guest prize.

Wiener Roast.
Quite a number of boys and girls were invited to a wiener roast at the home of Miss Marie Schall near Concord Friday night. The evening was pleasantly spent with music and games. All departed at a late hour expressing they had a good time. There were about thirty five present.

Mrs. Ida Kitzner
Pleasantly Surprised.
While Mrs. Ida Kitzner was busily engaged in household duties at her home on East Court street recently, a company of friends surprised her in honor of her birthday. They came with plenty of goodies, and a very pleasant time was spent. Mrs. Kitzner was the recipient of a number of useful presents. After an enjoyable evening, delicious refreshments were served.

Mrs. Schermerhorn
Will Receive.
Mrs. W. W. Schermerhorn of Portland, Oregon, is visiting her sister Mrs. Constance Barlow Smith, 610 West State street and will be glad to receive her friends informally from 3 to 6 p. m. Monday.

The Woman's Foreign Missionary Society of Grace church will meet Tuesday, Oct. 5, at three o'clock, with Mrs. McCoy, 124 Westminster street.
Free Kindergarten Board will meet at Public Library at three o'clock. Important business meeting. All are urged to be present.

W. F. M. S. of Ebenezer Meets.
The W. F. M. S. of Ebenezer church met Thursday, Sept. 30 at the home of Mrs. E. G. Dewese. She was assisted in entertaining by Mrs. —L. C. Moss.

As it was the first meeting of the New Year a large crowd was present and the following officers were elected for the ensuing year:
President—Mrs. O. G. Dinwiddie.
First Vice President—Mrs. Emma Cully.
Second Vice President—Mrs. J. Edgar Martin.
Corresponding Secretary—Miss Martha Patterson.
Recording Secretary—Miss L. C. Moss.
Treasurer—Mrs. H. L. Furry.
Supt. Young People's Work—Miss Ella Blackburn.
Supt. Mite Boxes—Elsie Cully.

After the meeting a social hour was enjoyed by all, at which time the hostesses served delicious refreshments.

Florence HOT BLASTS,
Cole's Hot Blasts and Favorite Base Burners are the best stoves of their class.

**METHODIST SCHOOL
FOUNDED LONG AGO**HOWARD ACADEMY
ESTABLISHED HERE IN 1837Interesting Facts About Institution
Revealed in Letter Written
by Rev. John Mitchell—Sheds
Light on Pioneer Conditions.

Recently Dr. Harker has come into possession of a historical letter showing that the Methodist conference in 1836 authorized the founding of Howard academy in Jacksonville and that such an institution was founded in 1837 and continued in operation for several years. The letter was sent to Dr. Harker with some other

documents by Miss Harriet M. L. Jumper of the Sinclair neighborhood. This letter was written to her grandfather, Rev. Horace Spalding, then of New Bedford, Mass., by John T. Mitchell, who was at that time serving as pastor of the only Methodist church in Jacksonville.

The old church, it is said, occupied a site somewhere near the southeast corner of the public square. Shortly afterward a new church was erected on the present site of the Buckthorpe building on East State street, occupied by the Jacksonville Tailoring Co. It was in the basement of this church that the Howard school was established.

While the conference authorized the school with male and female departments, only the male department was opened and that for students in advanced courses. After two and a half years this early experiment in education was discontinued for lack of patronage.

A reading of the letter sheds some interesting light on early conditions. It is as follows:

Text of Letter.

Jacksonville, Ill., June 13, 1837.
Rev. Horace Spalding:
Dear Brother: Yours of April 26 was received in due time. I hope you will justify my delay in forwarding an answer, when informed of the causes. I was unwilling to write until I could give certain information respecting the academy, and this I did not possess until last evening.

The history of the business may afford you some gratification. On my return to my charge, the quarterly conference adopted a report which was submitted on the subject, and the following resolutions, to-wit:

"1. That it is expedient to establish an institution of learning in Jacksonville, in accordance with the plan recommended by the Illinois Annual Conference of 1836; in which provision shall be made for a male and female department.

"2. That said institution be called the Howard Academy of Jacksonville, under the patronage of the Illinois Annual Conference of the M. E. church.

"3. That the Trustees of the

Schram & Buhrman

The Home of Fine Diamonds
Mounted or Unmounted

Jacksonville society (M. E. C.)
are required to use every practi-
cable exertion to organize and set
it in successful operation."

The conference was informed in
the report of the correspondence
that has been opened with you, up-
on the recommendation of Brother
Merrill, and upon the adoption of
the report and resolutions, \$270
was subscribed in the conference
toward the salary of the instructor
for the first year.

Planned for Academy.

After receiving your letter, I
called a meeting of the trustees at
last evening that committee re-
solved to take measures
to organize the academy. A com-
mittee was appointed to extend
the subscription for students. On
last evening that committee re-
ported to the board a subscription
of 3,140 students for the first year
at \$20.00 each, making \$62,800.
to be paid to trustees quarterly
in advance, from the commence-
ment of the academy. The board
accepted the report, and author-
ized the chairman of the commit-
tee to invite you to come on and
take charge of the institution, to
offer you the above subscription
as a salary for the first year, and
\$50.00 on your arrival to aid in
defraying the expenses of your re-
moval.

This offer I now make you, in
the name of the Board of Trust-
ees, and assure you that the sub-
scription is given by men as re-
sponsible as any in the commu-
nity. It is expected that the ac-
ademy will be commenced early in
September next; that the male de-
partment only will be established
at present; and that this will be
attended by students in the higher
branches of English literature
chiefly. The elementary branches
will not be taught.

You inquire what are the prices
of house rent, provisions, etc. At
present they are high, but are
coming down and will no doubt de-
cline much more in a few months,
in consequence of the unsettled
state of the currency.

A house that might accommo-
date your family comfortably,
would cost now about \$150.00 per
annum. Flour is selling at \$8.00
per bushel. Bacon at 8 to 10 cents
per lb., fresh beef at 5 to 7 cents
ditto, pork in the fall probably 2
to 3 cents per lb.

The house I occupy is in the
most pleasant part of town, has
four comfortable rooms, a kitchen,
a butternut, with a pump of excel-
lent water at the door; a dairy and
meat house, a small garden and
rear yard—for which I pay
\$150.00.

I hope, my dear sir, that you
will be content with our offer,
and find it to your interest to re-
move. Altho the times are hard,
and our expenses of building a
new church are heavy, the sub-
scription for the Academy has
been raised with facility; and I
have no doubt but the institution
if ably conducted, will be perma-
nent and prosperous.

It will not be in the power of
the trustees to seat the room as
you propose at present. It is in-
tended to remove the seats from
our present church into the base-
ment, and furnish such desks as
may be necessary. The room can
be seated afterward, under your
direction.

In Christian bonds,
Your friend and brother,
Jno. T. Mitchell.

BABS' LOVE TEST CAN**HELP LOCAL SWEETHEARTS**

"When you are in love with a
man, on taking his hand, you will
blush, the pulse will beat faster
and your heart will palpitate."

This is the infallible test of
Babs, the part played by Con-
stance Talmadge in "The Love Ex-
pert," the first National picture
which will be shown at the Ma-
jestic theatre, Monday.

She tries it on her father's
business partner. It fails to regis-
ter. She tries it on a college pro-
fessor. Again the test is negative.
She experiments with a handsome
young fellow, the fiancé of her
aunt. Well, the result is very
positive, and that's when some
strange things began to happen.

If It's from HALL'S—THAT'S ALL

METHODIST SCHOOL FOUNDED LONG AGO

HOWARD ACADEMY
ESTABLISHED HERE IN 1837

Interesting Facts About Institution Revealed in Letter Written by Rev. John Mitchell—Sheds Light on Pioneer Conditions.

Recently Dr. Harker has come into possession of a historical letter showing that the Methodist conference in 1836 authorized the founding of Howard academy in Jacksonville and that such an institution was founded in 1837 and continued in operation for several years. The letter was sent to Dr. Harker with some other

documents by Miss Harriet M. L. Jumper of the Sinclair neighborhood. This letter was written to her grandfather, Rev. Horace Spaulding, then of New Bedford, Mass., by John T. Mitchell, who was at that time serving as pastor of the only Methodist church in Jacksonville.

The old church, it is said, occupied a site somewhere near the southeast corner of the public square. Shortly afterward a new church was erected on the present site of the Buckthorpe building on East State street, occupied by the Jacksonville Tailoring Co. It was in the basement of this church that the Howard school was established.

While the conference authorized the school with male and female departments, only the male department was opened and that for students in advanced courses. After two and a half years this early experiment in education was discontinued for lack of patronage.

A reading of the letter sheds some interesting light on early conditions. It is as follows:

Text of Letter.
Jacksonville, Ill., June 13, 1837.

Dear Brother: Yours of April 26 was received in due time. I hope you will justify my delay in forwarding an answer, when informed of the causes. I was unwilling to write until I could give certain information respecting the academy, and this I did not possess until last evening.

The history of the business may afford you some gratification. On my return to my charge, the quarterly conference adopted a report which was submitted on the subject, and the following resolutions, to-wit:

"1. That it is expedient to establish an institution of learning in Jacksonville, in accordance with the plan recommended by the Illinois Annual Conference of 1836; in which provision shall be made for a male and female department.

"2. That said institution be called the Howard Academy of Jacksonville, under the patronage of the Illinois Annual Conference of the M. E. church.

"3. That the Trustees of the

ECZEMA!
Money back without question. If HUNT'S Salve fails to cure your ITCH, ECZEMA, RINGWORM, TETTER or other skin trouble, send it back for your money.

THE ARMSTRONG'S DRUG STORES.

Jacksonville society (M. E. C.) are required to use every practical exertion to organize and set it in successful operation."

The conference was informed in the report of the correspondence that has been opened with you, upon the recommendation of Brother Merrill, and upon the adoption of the report and resolutions, \$270 was subscribed in the conference toward the salary of the instructor for the first year.

Planned for Academy.
After receiving your letter, I called a meeting of the trustees as soon as practicable, when the board resolved to take measures to organize the academy. A committee was appointed to extend the subscription for students. On last evening that committee reported to the board a subscription of 2,140 students for the first year at \$20.00 each, making \$63,800.00, to be paid to trustees quarterly in advance, from the commencement of the academy. The board accepted the report, and authorized the chairman of the committee to invite you to come on and take charge of the institution, to offer you the above subscription as a salary for the first year, and \$50.00 on your arrival to aid in defraying the expenses of your removal.

This offer I now make you, in the name of the Board of Trustees, and assure you that the subscription is given by men as responsible as any in the community. It is expected that the academy will be commenced early in September next; that the male department only will be established at present; and that this will be attended by students in the higher branches of English literature chiefly. The elementary branches will not be taught.

You inquire what are the prices of house rent, provisions, etc. At present they are high, but are coming down and will no doubt decline much more in a few months, in consequence of the unsettled state of the currency.

A house that might accommodate your family comfortably, would cost now about \$150.00 per annum. Flour is selling at \$8.00 per bushel. Bacon at 8 to 10 cents per lb., fresh beef at 5 to 7 cents ditto, pork in the fall probably 2 to 3 cents per lb.

The house I occupy is in the most pleasant part of town, has four comfortable rooms, a kitchen, a buttry, with a pump of excellent water at the door; a dairy and meat house, a small garden and rear yard—for which I pay \$150.00.

I hope, my dear sir, that you will be content with our offer, and find it to your interest to remove. Altho the times are hard, and our expenses of building a new church are heavy, the subscription for the Academy has been raised with facility; and I have no doubt but the institution, if ably conducted, will be permanent and prosperous.

It will not be in the power of the trustees to seat the room as you propose at present. It is intended to remove the seats from our present church into the basement, and furnish such desks as may be necessary. The room can be seated afterward, under your direction.

In Christian bonds,
Your friend and brother,
Jno. T. Mitchell.
Local Relationships by Pres. Harker

The letter was received from Miss Harriet M. L. Jumper, of Sinclair. Miss Jumper has in her possession of a number of manuscript volumes, the Journal and Diary of her grandfather, Rev. Horace Spaulding. Mr. Spaulding kept very full and complete records of his doings, and the records

are exceedingly interesting. The future historian of Jacksonville will find much very valuable material in these Journals, which ought to be carefully preserved.

Miss Jumper's mother, Martha L. Spaulding, was a daughter of Mr. Horace Spaulding, and was one of the founders of the Phi Nu society, and always greatly interested in the advancement of the college.

Mr. Spaulding was a teacher and minister of the Methodist church, and from all accounts was a very successful teacher. At the time Mr. Mitchell's letter was written he had been for four years teacher of an Academy in New Bedford, Mass.

A Journey by Water.

On receiving Mr. Mitchell's letter, Mr. Spaulding at once accepted the offer to come to Jacksonville and take charge of the Howard Academy. He left New Bedford on Sunday, July 23, and reached Jacksonville on Wednesday, August 23. The journey was made almost entirely by water, coming to New York through Long Island Sound, up the Hudson to Troy, from Troy to Buffalo by canal, from Buffalo to Chicago by way of the Lakes—Chicago at that time was estimated to have about 8,000 population; they crossed by land from Chicago to Peru, on the Illinois river, where they took passage in the steamer "American" for Beardstown; they reached Jacksonville Wednesday morning, August 23.

Mr. Spaulding's Journal gives a very interesting account of his first days in Jacksonville. He tells of attending service in the new Methodist Chapel, which was unfinished when he arrived, but was dedicated a month afterwards, on Sunday, September 24; Rev. Peter Akers preached the sermon on the text "This is God's house." He also visited Illinois College and gives a description of the buildings and speaks of his courteous reception by President Edward Beecher and Prof. Sturtevant.

He also gives a full account of a Teachers' Association held in Jacksonville for a number of days, at which addresses were given by Prof. Sturtevant, Prof. Turner, Mr. John Adams, and the Association requested Mr. Spaulding to give a lecture, which he did, upon the "Improvement of Common Schools in Towns and Counties."

The First Day of School.

Mr. Spaulding began the Howard Academy on Monday, September 4, in the basement of the new Methodist church; only six scholars were present on the first day, the others having been kept away because of a great camp meeting which had been held for several days at Robinson's Camp Grounds. By the end of the week fifteen scholars had enrolled.

Howard Academy continued with a small attendance for about two years and a half. In September, 1838, two sisters of Mrs. Spaulding, Martha and Cynthia Ladd, came on from Massachusetts; they had been attending the Wesleyan Academy at Wilbraham, Mass. Miss Cynthia opened a school for young ladies in one of the rooms of the Methodist church, but the attendance was quite small. It would appear that he Academy taught by Mr. Spaulding was for males only. The schools were discontinued in the spring of 1840 because of lack of patronage. After this, Mr. Spaulding became agent for the American Bible Society for the State of Illinois. In this capacity he visited every part of the state, and was very active in the organization of local Bible Societies in our churches.

A few years after founding of the Illinois Conference Academy in 1846, now the Illinois Woman's College, Mr. Spaulding was for awhile professor of the Latin and Greek languages in that school.

BABY LOVE TEST CAN HELP LOCAL SWEETHEARTS

"When you are in love with a man, on taking his hand, you will blush, the pulse will beat faster and your heart will palpitate."

This is the infallible test of Babs, the part played by Constance Talmadge in "The Love Expert," the first National picture which will be shown at the Majestic theatre, Monday.

She tries it on her father's business partner. It fails to register. She tries it on a college professor. Again the test is negative. She experiments with a handsome young fellow, the fiancé of her aunt. Well, the result is very positive, and that's when some strange things began to happen.

WILL FILED.

The will of Mrs. Elizabeth M. Hargrove was filed for probate in the office of County Clerk Hargrove. The document was drawn May 1919, and Miss Zoe Tyrell was named executrix. The property of all kinds is to be divided equally among the five children: Mrs. Zoe Tyrell, Mrs. Irvin Hargrove, Mrs. Myrtle Kirby, Mrs. Elizabeth Patchen and Theodore Hargrove.

SOCIAL SERVICE

LEAGUE NOTES

Two matters of general interest came up for discussion at the directors' meeting on Tuesday evening. One was the league's annual meeting which will be held Tuesday evening, Oct. 12. The other was the coming to Jacksonville of the meeting of the state conference of Charities the last three days of October. Please keep both dates in mind. Miss Flora Shutz of the Illinois Children's Home and Aid society was a welcome visitor at the rooms last Thursday. Finding good homes for abused, neglected or abandoned children is one of the pleasantest of our superintendent's tasks.

The walls of our rooms are the brighter for two good pictures recently donated by members of the board. The "sewing bee" on Wednesday afternoon was gratifying both in the amount of work accomplished and the number of churches represented. To widen the circle of cooperation has always been one of the dearest hopes of the league's workers. Friends who send clothing to the rooms are asked to attach their names as bundles sometimes come when there is no one there to receive them and the donors fail to receive credit. The next meeting of the Case Committee will be on Monday afternoon at 3 o'clock and the Community Clinic will be in session on Friday afternoon.

HOSPITAL WORKERS
PLAN BUSY DAY

Cause to be Presented in All the
Churches — Campaign Opens
Monday.

The cause of Passavant hospital is presented in the Protestant churches of Morgan county today. Speakers will be assigned to the pulpits of Jacksonville as well as to those of the towns and the countryside. This afternoon at 3:30 John J. Reeve will talk at Pisgah Presbyterian church. Judge H. P. Samuel will speak at Youngblood church and will be accompanied by Harry Cade. H. J. Rodgers is scheduled for Woodson Presbyterian church at 2:30 o'clock.

This morning at 10:45 Horace H. Bancroft will speak in the Methodist church at Meredossia. He will be accompanied by W. Barr Brown. Altogether it promises to be a day of activity for workers in the campaign. Men and women engaged in this campaign are very much in earnest and are quite willing to devote a part of Sunday to their good task, even though the actual campaign does not begin until tomorrow.

It's Your Hospital
The slogan of the campaign. "It's your hospital," as suggested by Fred Randall, chairman of the advertising committee, is carrying a message to the community in a very few words. It is because people realize that it is their hospital that this campaign is certain to succeed. If the hospital were privately owned or in direct charge of some one denomination, this public appeal for assistance would not be made. It is a matter of fact that Passavant hospital belongs to all the people of the community, and "It's your hospital" means that there must be individual and general support.

The Hospital Needs
The goal is \$30,000, to be expended as follows:
New laundry building, \$16,000.
Sterilizing rooms, \$2,500.
Operating room, \$2,500.
Equipment, changes and diet kitchen, \$4,500.
Miscellaneous, \$5,000.

REXROAT & DEPPE
Opposite City HallMISS CLAUS AND MR. FINLEY
LICENSED TO WED

A license to marry was issued yesterday from the county clerk's office to Andrew Finley and Miss Hazel Claus, both of this city. Both of these young people are quite well known in Jacksonville, especially in musical circles. For some weeks past both have been members of the opera house orchestra.

Miss Claus is a daughter of Mr. and Mrs. J. F. Claus and Mr. Finley is the son of Mrs. J. C. Weber. The marriage ceremony was scheduled for a late hour Saturday night but the facts could not be learned.

The Presbyterian church
of Woodson will hold a bur-
go Tuesday, Oct. 5 on the
church lawn. Soup ready at
noon. Music by the Wood-
son Band.

Cox says that his election will
"signify the people's mandate."
They began practicing on man-
dates in Maine a few days ago.

STUDYING LOCAL
SEWER SITUATION

Engineer Ferguson of State
Health Department Here Sat-
urday—May Recommend Sanitary
District.

Acting Chief Engineer Ferguson of the state department of public health came to Jacksonville Saturday for a conference relative to the city sewerage system. Mr. Ferguson came to meet city officials and members of the citizens' special sewer committee. Before holding the conference and discussing the matter, Mr. Ferguson made an inspection trip which took him to Mauvalaterre creek and to the territory north and east of Jacksonville.

A conference was held at the Farrell & Co. bank, Mayor Crabtree, Engineer Henderson and Street Commissioner White meeting with the following members of the sewer committee: Frank J. Waddell, chairman; A. C. Metcalf, clerk; Harry M. Capps, Felix E. Farrell, H. L. Caldwell, J. F. Claus and Alderman Flynn are also members of this committee but were unable to be present.

It is a big project to make any extensive change in the sewer system and a considerable period of investigation must be passed through before a definite and approved plan of procedure can be recommended.

It is possible that the committee may later advise that a sanitary district be created, including Jacksonville and South Jacksonville. As indicated, before recommendations are made there will be a painstaking investigation from an engineering standpoint and the estimates will be made as to the probable cost and results.

ESTABLISH TRAINING
CAMP AT HOSPITAL

Government Makes Provision to
Give Vocational Work to Ex-
Service Men.

Announcement has been made by Dr. E. L. Hill, managing officer of Jacksonville State hospital, that a government vocational training camp will be established at the hospital. The work there is to begin at an early date and Mr. Clark, who is to arrive in the city within a few days, has been placed in charge of the work.

Space will be devoted to the camp in the new vocational quarters will be provided as required. The camp, in accordance with the government plan, is designed for the vocational training of ex-service men who have had mental or nervous disorders. There are twenty-five of these men now at the hospital and the camp here is to provide the training work for service men of this kind in the southern half of Illinois. A similar camp will be established at Elgin.

Statistics are not at hand to show the number of men who will benefit by the plan in the state, but there are thousands of them in the U. S. and camps are to be established at different points.

The vocational training offered will be of wide range, including mechanical trades, bookkeeping, typewriting and work of that class. Congress made a very liberal appropriation for the promotion of this work and for that reason there will be funds available for the development and operation of the camps.

WM. TAYLOR DEAD
AT WINCHESTER

Passed Away After Long Illness
—Teachers' Institute to Be
Held Week of Oct. 11—Where
Hall Defeated Winchester on
Foot Ball Field.

Winchester, Oct. 2.—William Taylor passed away Friday night at 10:30 o'clock at his late home on West Cherry street. The deceased had been in failing health for many months and was confined to his bed since August. He was a son of the late Mr. and Mrs. Wesley Taylor and came to Scott county with his parents many years ago from Kentucky. The deceased was first married to Miss Mary Halloway, and they were the parents of three sons, Ira Taylor, of Greenfield; George W. Taylor, of Winchester; and Norris Taylor, of Oakmulgee, Okla. Subsequent to the death of his first wife Mr. Taylor was married to Miss Eliza Campbell, who survives him, together with one grandson, Claude Taylor, at home, and the three sons above mentioned.

Mr. Taylor was a farmer most of his life, giving up active life a few years since to remove to Winchester. He was a man of excellent habits and had the high regard of all who knew him.

The funeral will be held at 2 o'clock Sunday afternoon from Friendship Baptist church, with interment in Winchester cemetery.

News Notes.

Miss Mary El of White Hall is spending the week end at the home of Mr. and Mrs. Grant Mader.

Miss Mary Elizabeth Ruark arrived home Friday from Illinois. Woman's College to spend Sunday with her parents here.

Miss Maurine Mader will leave Sunday night for Chicago to resume her studies in the Chicago School of Expression.

The Scott County Teachers' Institute will be held the week beginning Oct. 11 and an interesting program has been arranged by the superintendent. Sessions will be held in the auditorium of the high school building.

Mr. and Mrs. Dan Lewis have moved into the property of Mrs. Paves east of the school building. Mrs. Lewis will continue to reside in her home.

White Hall Won.

White Hall defeated Winchester in a game of football Saturday afternoon by a score of 16 to 0. The line-up of Winchester follows:

Dean, center; Rohrig, left guard; Patrick, right guard; Evans, left tackle; Jefferson, right tackle; Swift, left end; Lashmet, right end; Kirkman, fullback; Peak, left half back; Dahman, right half back; Killinger, quarter.

FORMER RESIDENT
VISITOR HERE

Frank Baptist Spending Month
With Relatives and Friends Af-
ter Thirty Years' Absence.

Frank Baptist, a former resident of Jacksonville who has been absent for nearly thirty years, arrived Saturday morning for a visit with relatives. Mr. Baptist is a brother of Mrs. George M. Goveia, Mrs. C. C. Oliver and J. W. Baptist. He was accompanied by his little son Frankie.

Mr. Baptist is now a resident of Anaconda, Mont. For some years he lived in Butte, Mont., and operated the West Side bakery there. He has prospered as a business man in the western country and believes that there are great opportunities in that locality.

After such a long absence it goes without saying that the visitor and his relatives are thoroughly enjoying the family reunion. Mr. Baptist expects to spend about thirty days with relatives and friends. He finds a great many changes have taken place in the city during his absence and that many residents whom he knew have either passed away or removed to other cities.

It is in the business district that Mr. Baptist notices the greatest number of changes, for he finds few firms as he knew them, and the store fronts are none of them like those of thirty years ago. Among his relatives Mr. Baptist finds a number of grown nieces and nephews whom he had never seen before.

IMPORTANT MEETING
HELD AT FARM BUREAU

Farmers Discuss Shipping As-
sociation — Breeders Meet and
Elect Officers.

The Morgan County Farm Bureau association held an important meeting Saturday morning at the office of George B. Kendall, Morgan county farm agent.

The important feature of the meeting was the explanation of a county shipping association by Verne Vaniman, assistant state leader of county agents. Mr. Vaniman advocated the forming of such an association in this county. The board members appointed a committee to take charge of revision of the farm bureau constitution and by-laws. A change will probably be made in the constitution so that officers will be elected at a county-wide meeting.

The plan of a county shipping association which would benefit stockmen and farmers was explained in detail by Mr. Kendall. Charles Gibson of Franklin, who is connected with the newly organized shipping body at Rees Station endorsed this plan. Eighteen cars of stock, representing a total value of \$41,000 on the market has been shipped recently.

In the afternoon a meeting of the Morgan County Breeders' association was held at the bureau office. The important part of this meeting was an election of officers. The following officers were chosen:

President—Lester Reed.
Vice President—Bert Way.
Secretary-Treasurer — Harry Kitter.
Director to represent horse breeders, Harold Joy; to represent beef cattle breeders, R. Cain; to represent dairy cattle breeders, Charles F. Black; to represent swine breeders, Austin Patterson; to represent sheep breeders, R. McKinney; to represent poultry breeders, D. T. Heimlich.

S ARE FILED IN CIRCUIT COURT

Divorce Bills Brought Saturday.

ree suits for divorce were filed Saturday in the office of the clerk and will be heard at November term of court. E. Hodge is seeking a divorce from his wife, Josephine. They were married September, 1905, in Hedrick, and separated in October. The complainant who is represented by W. H. Haigrove, says that he was driven from home by threats and abusive words. C. Galloway, by his attorney, Judge H. P. Samuel, is suing a divorce from Mrs. El Galloway. They were married in March, 1918 at Bismarck, and lived together but two months. Another divorce filed by Judge Samuel is in behalf of Clara C. Berlae, directed against her husband, Timothy. They were married in October, 1914, and the charge made. The practice in the suit of G. Babb vs. Delos N. James was tried on record Saturday by W. Wright. The document indicates that damages in the sum of \$100 are asked.

Barber and Perfection Oil. ATERS are fine for cool evenings and evenings; in it are useful most all the year. All sizes at BRADY'S.

WILL FILED.
The will of Mrs. Elizabeth M. rell was filed for probate in the office of County Clerk Riggs. The document was drawn May 1919, and Miss Zoe Tyrell named executrix. The property of all kinds is to be divided equally among the five children: Miss Zoe Tyrell, Mrs. Irvin Woods, Mrs. Myrtle Kirby, Mrs. Elizabeth Patchen and Theodore Tyrell.

SOCIAL SERVICE

LEAGUE NOTES
Two matters of general interest came up for discussion at the directors' meeting on Tuesday evening. One was the league's annual meeting which will be held Tuesday evening, Oct. 12. The other was the coming to Jacksonville of the meeting of the state conference of Charities the last three days of October. Please keep both dates in mind. Miss Flora Shutz of the Illinois Children's Home and Aid society was a welcome visitor at the rooms last Thursday. Finding good homes for abused, neglected or abandoned children is one of the pleasantest of our superintendent's tasks. The walls of our rooms are the brighter for two good pictures recently donated by members of the board.

The "sowing seed" on Wednesday afternoon was gratifying both in the amount of work accomplished and the number of churches represented. To widen the circle of cooperation has always been one of the dearest hopes of the league's workers. Friends who send clothing to the rooms are asked to attach their names as bundles sometimes come when there is no one there to receive them and the donors fail to receive credit. The next meeting of the Case Committee will be on Monday afternoon at 3 o'clock and the Community Clinic will be in session on Friday afternoon.

Men who are wearing Braxton Hats are well pleased. FRANK BYRNS Hat Store is showing a large assortment.

HOSPITAL WORKERS PLAN BUSY DAY

Cause to be Presented in All the Churches — Campaign Opens Monday.

The cause of Passavant hospital be presented in the Protestant churches of Morgan county today. Speakers will be assigned to the pulpits of Jacksonville as well as to those of the towns and the countryside. This afternoon at 3:30 John J. Reeve will talk at Pisgah Presbyterian church, Judge H. P. Samuel will speak at Youngblood church and will be accompanied by Harry Cade. H. J. Rodgers is scheduled for Woodson Presbyterian church at 2:30 o'clock.

This morning at 10:45 Horace H. Bancroft will speak in the Methodist church at Mercedosa. He will be accompanied by W. Barr Brown. Altogether it promises to be a day of activity for workers in the campaign. Men and women engaged in this campaign are very much in earnest and are quite willing to devote a part of Sunday to their good task, even though the actual campaign does not begin until tomorrow.

It's Your Hospital
The slogan of the campaign. "It's your hospital," as suggested by Fred Randall, chairman of the advertising committee, is carrying a message to the community in a very few words. It is because people realize that it is their hospital that this campaign is certain to succeed. If the hospital were privately owned or in direct charge of some one denomination, this public appeal for assistance would not be made. It is a matter of fact that Passavant hospital belongs to all the people of the community, and "It's your hospital" means that there must be individual and general support.

The Hospital Needs
The goal is \$30,000, to be expended as follows:
New laundry building, \$16,000.
Sterilizing rooms, \$2,500.
Operating room, \$2,500.
Equipment changes and diet kitchen, \$4,000.
Miscellaneous, \$5,000.

NO BETTER EQUIPPED SHOP

In Central Illinois than ours for Auto PAINTING, TOP and CURTAIN work, nor are there better workmen than ours, nor more reasonable prices. We believe in a man blowing his own horn loud and long when he's something worth while, and that the public should know. We have it. Drop in and see.

**REXROAT & DEPPE
Opposite City Hall**

MISS CLAUS AND MR. FINLEY LICENSED TO WED

A license to marry was issued yesterday from the county clerk's office to Andrew Finley and Miss Hazel Claus, both of this city. Both of these young people are quite well known in Jacksonville, especially in musical circles. For some weeks past both have been members of the opera house orchestra.

Miss Claus is a daughter of Mr. and Mrs. J. F. Claus and Mr. Finley is the son of Mrs. J. C. Weber. The marriage ceremony was scheduled for a late hour Saturday night but the facts could not be learned.

The Presbyterian church of Woodson will hold a burgo Tuesday, Oct. 5 on the church lawn. Soup ready at noon. Music by the Woodson Band.

Cox says that his election will "signify the people's mandate." They began practicing on mandatos in Maine a few days ago.

STUDYING LOCAL SEWER SITUATION

Engineer Ferguson of State Health Department Here Saturday—May Recommend Sanitary District.

Acting Chief Engineer Ferguson of the state department of public health came to Jacksonville Saturday for a conference relative to the city sewerage system. Mr. Ferguson came to meet city officials and members of the citizens' special sewer committee. Before holding the conference and discussing the matter, Mr. Ferguson made an inspection trip which took him to Mauvalsterre creek and to the territory north and east of Jacksonville.

A conference was held at the Farrell & Co. bank, Mayor Crabtree, Engineer Henderson and Street Commissioner White meeting with the following members of the sewer committee: Frank J. Waddell, chairman; A. C. Metcalf, clerk; Harry M. Capps, Felix E. Farrell, H. L. Caldwell, J. F. Claus and Alderman Flynn are also members of this committee, but were unable to be present.

It is a big project to make any extensive change in the sewer system and a considerable period of investigation must be passed before a definite and approved plan of procedure can be recommended. It is possible that the committee may later advise that a sanitary district be created, including Jacksonville and South Jacksonville. As indicated, before recommendations are made there will be a painstaking investigation from an engineering standpoint and the estimates will be made as to the probable cost and results.

ESTABLISH TRAINING CAMP AT HOSPITAL

Government Makes Provision to Give Vocational Work to Ex-Servicemen.

Announcement has been made by Dr. E. L. Hill, managing officer of Jacksonville State hospital, that a government vocational training camp will be established at the hospital. The work there is to begin at an early date and Mr. Clark, who is to arrive in the city within a few days, has been placed in charge of the work.

Space will be devoted to the camp in the new vocational quarters will be provided as required. The camp, in accordance with the government plan, is designed for the vocational training of ex-servicemen who have had mental or nervous disorders. There are twenty-five of these men now at the hospital and the camp here is to provide the training work for service men of this kind in the southern half of Illinois. A similar camp will be established at Elgin.

Statistics are not at hand to show the number of men who will benefit by the plan in the state, but there are thousands of them in the U. S. and camps are to be established at different points.

The vocational training offered will be of wide range, including mechanical trades, bookkeeping, typewriting and work of that class. Congress made a very liberal appropriation for the promotion of this work and for that reason there will be funds available for the development and operation of the camps.

METHODISTS PROVIDE SUM FOR RURAL WORK

Practically Three Million Dollars Set Aside by Denomination for Work Among Latin Americans of Southwest, Is Announced at Rock River Conference.

Rockford, Ill. — Practically three million dollars has been provided by the Methodist Episcopal church for rural work which will increase language pastors for the Latin-Americans of the southwest, send additional missionaries to the Indians, and dispatch a new group of native workers to the rural sections of Porto Rico, Bishop Thomas Nicholson of Chicago told the Rock River conference of the Methodist church here today.

Bishop Nicholson spoke of extension of Methodist work under expenditure of the large Centenary fund recently raised. Special trained pastors are to be sent to the fishing villages, mill sections, mining camps and farming communities of the country, he said.

"In the cities of America the church in the abandoned downtown sections is receiving special attention," Bishop Nicholson said. "Centenary funds are making possible the putting of good preachers in such pulpits, with a neighborhood evangelist and director of religious education on the staff."

"Community churches, erected for community and social needs, are to be built at East Chicago, Ind.; Detroit, Mich.; Portland, Me.; New Haven, Conn.; and Manchester, N. H. A community house is being built in the west side of Cleveland and a fully equipped church for work with the students at Purdue University at Lafayette, Ind., is being erected."

For Americanization work Bishop Nicholson said \$2,532,002 had been set aside for 1920. Support is provided in whole or in part, he said, for 102 English-speaking pastors doing work among foreign-speaking people, 283 language pastors, 142 women workers, 56 directors of religious education, 39 deaconesses and 46 special workers.

"Some 340 projects are in growing progress in communities," he reported, "213 in the cities and 151 in rural industrial sections."

STATE POSTMASTERS TO MEET IN CHICAGO

Question of Salary Increases for Postal Employees Among Important Subjects to be Discussed At Annual Meeting, Oct. 6-7.

Ottawa, Ill.—The question of salary increases for postal employees, what constitutes proper dentification for payment of postal money orders, and various other important subjects will come up for discussion at the twelfth annual meeting of the Illinois Association of Postmasters which will convene in this city for a two day session, October 6 and 7. Several hundred postmasters from all parts of the state are expected to attend.

There will be both a business and a social program, the latter including a motor ride about the city and a banquet. The wives of the postmasters are invited to attend.

Other subjects to be discussed are: Supervision of carriers, the two-division plan, handling of parcel post, proper protection of insured C. O. D., book-record of C. O. D. parcels received, proper labels for C. O. D. parcels, reclassification and emergency help.

Officers and committees will report, next year's meeting place will be selected, and new officers elected. The present officers are: Harry P. Simpson, Rock Island, president; George Taylor, Evanson, treasurer; T. J. Cunningham, Taylorville, secretary; and an executive committee composed of E. P. Kimball of Virden, W. M. Berling of Decatur, Hugh C. Smith of Lake Forest, Claude U. Stone of Peoria, and Ed P. Hectorne of Avon.

PRIZES AWARDED IN HEALTH TOURNAMENT

Springfield, Ill. — By scrubbing behind their ears, washing their hands and faces several times a day, and by doing other daily health chores embodied in the "modern health crusade" boys and girls in 27 Illinois school rooms have just been awarded prizes in a national health tournament conducted by the national Tuberculosis association.

The Exline school at Kankakee led all the schools in its division in the United States and was awarded the grand banner. Illinois finished second in the national tournament, Iowa standing first.

SHORT FUEL SUPPLY IN STATE INSTITUTIONS

Failure of Illinois Coal Operators to Make Bid on State Business Brings Plea for Help Based on Sympathy — Reserve Supplies Short.

Springfield, Ill. — Falling to obtain a single bid from any of the Illinois coal operators on state business, Henry H. Kohn, state superintendent of purchases and supplies, has abandoned his appeal to the operators' desire for a market, and is now basing his plea for help on "sympathy" and "human kindness."

Coal operators of the state, he said, totally ignored the request from the state charitable and educational institutions, both on July 19 and September 20. These institutions, with cold weather drawing near, are now short about 45,000 tons of coal. Unless coal sources open up soon, some of the state's charges, Mr. Kohn said, are bound to suffer.

Short reserve supplies of fuel are reported at the following institutions:

Illinois State Penitentiary at Joliet, short 5,600 tons.
Anna State Hospital, 10,000 tons.

Jacksonville State Hospital, 7,500 tons.

Chicago State Hospital at Dunbar, 4,000 tons.

State Training School for Girls at Geneva, 1,500 tons.

State Training School for Boys at St. Charles, 2,500 tons.

Illinois State Reformatory, 1,000 tons.

Illinois State Normal University at Normal, 3,200 tons.

Northern State Normal, at DeKalb, 2,250 tons.

Eastern State Normal, at Charleston, 2,000 tons.

Western State Normal, at Macomb, 2,700 tons.

Southern State Normal at Carbondale, 1,800 tons.

These institutions are in need of this supply. Mr. Kohn said, even though many of them are virtually surrounded by coal mines.

Harold Joy made a trip from Joy Prairie to the city yesterday. Albert Wood was up to the city from Pisgah yesterday.

STATE'S WAR RECORD TO BE COMPILED

Data to Be Collected and Published in Four Volumes—Work Will Require Another Two Years for Completion.

Springfield, Ill. — Collection of Illinois' war record will be in four volumes, and should be completed in another two years, if present plans of Dr. Wayne E. Stevens, director of the war records section of the State Historical Library, are carried out. The work of assembling the needed data is difficult but progress is satisfactory, according to Dr. Stevens. Definite plans as to the number of volumes, the arrangement of material in them, and as to the amount of appropriation to be asked of the next legislature to carry the work to completion, will be made at a meeting of the Historical Library directors in the near future.

Dr. Stevens' plan is that the first volume shall be a general account of Illinois' activities during the period of the great war, written chronologically; the second volume to contain data regarding the various campaigns and drives, statistics and figures showing the work accomplished by all war agencies and industries; the third volume to be made up of excerpts from speeches and public utterances of notable men and women who visited the state during the war period, as well as public documents bearing on the state's war activity; and the fourth volume, which may be the most interesting of all, to contain letters and

excerpts from the men in the service.

Already a large number of letters from soldiers have been secured. Parents are usually willing to let these be used provided the strictly personal portions are not published, said Dr. Stevens.

The section is in possession of a number of German war posters, which were secured from a Berlin professor in exchange for some of the American posters used during the war.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys, if not sold by your druggist, by mail, a small bottle often cured. Send for sworn testimonials. Dr. E. W. Hall, 222 Olive St., St. Louis, Mo. Sold by all druggists. —Ad.

A favorite recipe from a famous cooking school

From Miss Farmer's School of Cookery—the celebrated "Boston Cooking School"—comes this delicious recipe for corn chowder.

Women who have tried this recipe have been so enthusiastic that we have obtained permission to publish it. Try it this evening. See how pleased your family will be!

Then try Libby's Milk in your own favorite recipes, and for your coffee or cocoa. Wherever your recipe calls for milk, use Libby's Evaporated Milk mixed with an equal quantity of water; where cream is called for use Libby's Evaporated Milk undiluted. Note what a rich, delightful flavor this fine, creamy milk from famous dairy sections gives to everything in which you use it.

Your grocer has it now.

Libby, McNeill & Libby, Chicago

One of the teachers at Miss Farmer's School of Cookery, Boston, Mass., using Libby's Milk

Corn Chowder

1 can corn
4 cups potatoes, cut in cubes
2 inch cube fat salt pork
1 sliced onion
4 cups water
8 crackers
1 1/2 teaspoons salt
1/4 teaspoon pepper
2 cups Libby's Evaporated Milk

Cut pork in small pieces and fry out, add onion and cook five minutes, stirring constantly that onions may not burn. Add potatoes and water and cook until potatoes are tender. Add corn and Libby's Milk and season with salt and pepper. Bring to the boiling point, add crackers and serve.

WOMAN CANDIDATE FOR CONGRESS IN ILLINOIS

Miss Margaret Wintringer of Chicago to Run as Prohibition Candidate for Congressman-at-Large—Is Well Known Journalist and Lecturer

Chicago.—The first woman candidate for Congress from Illinois, Miss Margaret Wintringer, of Chicago, announced here today her nominating petition would be filed at Springfield tomorrow. Miss Wintringer will run as prohibition candidate for congressman-at-large. Tomorrow is the last day for filing independent petitions with the Secretary of State.

Miss Wintringer is a well known journalist and lecturer, a former officer of the National W.

C. T. U., the National Good Citizenship League, and the Young People's Civic League of Chicago and has been active in Prohibition Party work. She was overseas during the war and has spent six months traveling thru Europe since the armistice was signed, going as a correspondent for religious publications.

A State-wide non-partisan committee of women and men is being organized to push the campaign. It is announced, Mrs. Florence Sloan Hyde, a former newspaper woman and writer for women's periodicals who is active in the Prohibition Party, will be the campaign manager.

In announcing her candidacy, Miss Wintringer said:

"I was asked some weeks ago to make the race on the prohibition ticket for congressman-at-large, but I deferred acceptance until after the primaries had resulted in the nomination of but one dry candidate for congressman-at-large by the major parties. As there are two members at large to be elected I feel justified in entering the field against the three wet candidates and shall wage an out-to-win campaign. Illinois was the first state east of the Mississippi to extend presidential and municipal suffrage to women, and the first state to ratify the suffrage amendment. Why should not Illinois be the first state east of the Mississippi to send a woman to Congress?"

"As to my platform, I am of course standing for prohibition enforcement and against any modification of the Volstead Act. I shall also work for a larger appropriation which will make possible the assignment of an adequate number of federal agents to enforce the prohibition law in Chicago and other large cities."

"I shall support the program of the National League of Women Voters, a full and work to the best of my ability to obtain the federal legislation advocated by the League. This includes the bill for maternity aid and infancy care; prohibition of child labor; increased appropriations for the Children's Bureau and the Women's Bureau; a Federal Department of Education, with aid to the states for increased teachers' salaries, the removal of illiteracy, instruction in citizenship and vocational training in home economics; appropriation to carry on the campaign against venereal diseases and for public education in sex hygiene; federal supervision; federal supervision and marketing and distribution of food."

"I am particularly interested in the establishment of a Board to deal with the problems of food prices and food distribution. I favor governmental encouragement to promote cooperative buying and selling, and the extension of the parcels post system to the end that the producer and consumer may deal more directly with each other. Under present conditions in the Chicago post-office, careful handling of egg shipments and prompt delivery of perishable food products is apparently impossible."

"I am opposed to universal military training and to conscription for foreign service. I favor uniform marriage and divorce laws, and the protection of women in industry. I believe that every man and woman who works whether with hand, or

brain is entitled to a living wage adequate to maintain an American standard of living.

"I expect that the men voters of the state as well as the women, will give me support in large number, as they can at the same time vote for the congressional candidate of their own party in their respective districts and will be willing to scratch their state ticket in behalf of the only woman candidate in the field."

Miss Wintringer is already scheduled to speak before a number of gatherings of women and will maintain headquarters at the Congress Hotel for at least a part of the campaign period.

POLITICAL ANNOUNCEMENTS

I hereby announce myself a candidate for State's Attorney of Morgan county on the Republican ticket at the general election November 2nd, 1920.

Carl E. Robinson.

GULBRANSEN

(Pronounced Gul-BRAN-sen)

Player-Piano

The Gulbransen Reads the Music and Strikes the Notes While You Put In the Expression—Fast, Slow, Loud, Soft

THE Gulbransen Player-Piano is a musical instrument which you may play well or play poorly. It is easy to play well; but playing it well requires some study and practice—about as much as learning to drive a car.

We emphasize this to encourage better playing. The Gulbransen can be played as artistically by roll as by hand. Thousands of owners play delightfully. Some, like John Martin, are such masters of "pedal-touch" and accent that they play with all the exquisite shading and phrasing of concert pianists.

Ten Years or Ten Weeks

The mere possession of a Gulbransen gives you all the technique that ten years of practice gives the hand performer. And then, in weeks instead of years, you can learn to play with the expression which makes music so satisfying.

C. T. U., the National Good Citizenship League, and the Young People's Civic League of Chicago and has been active in Prohibition Party Work. She was overseas during the war and has spent six months traveling thru Europe since the armistice was signed, going as a correspondent for religious publications.

A State-wide non-partisan committee of women and men is being organized to push the campaign, it is announced. Mrs. Florence Sloan Hyde, a former newspaper woman and writer for women's periodicals who is active in the Prohibition Party, will be the campaign manager.

In announcing her candidacy, Miss Wintringer said:

"I was asked some weeks ago to make the race on the prohibition ticket for congressman-at-large, but I deferred acceptance until after the primaries had resulted in the nomination of but one dry candidate for congressman-at-large by the major parties. As there are two members at large to be elected I feel justified in entering the field against the three wet candidates and shall wage an out-to-win campaign. Illinois was the first state east of the Mississippi to extend presidential and municipal suffrage to women, and the first state to ratify the suffrage amendment. Why should not Illinois be the first state east of the Mississippi to send a woman to Congress?"

"As to my platform, I am of course standing for prohibition enforcement and against any modification of the Volstead Act. I shall also work for a larger appropriation which will make possible the assignment of an adequate number of federal agents to enforce the prohibition law in Chicago and other large cities."

"I shall support the program of the National League of Women Voters in full, and work to the best of my ability to obtain the federal legislation advocated by the League. This includes the bill for maternity aid and infancy care; prohibition of child labor; increased appropriations for the Children's Bureau and the Women's Bureau; a Federal Department of Education, with aid to the states for increased teachers' salaries, the removal of illiteracy, instruction in citizenship and vocational training in home economics; appropriation to carry on the campaign against venereal diseases and for public education in sex hygiene; federal supervision; federal supervision and marketing and distribution of food."

"I am particularly interested in the establishment of a Board to deal with the problems of food prices and food distribution. I favor governmental encouragement to promote cooperative buying and selling, and the extension of the parcels post system to the end that the producer and consumer may deal more directly with each other. Under present conditions in the Chicago post-office, careful handling of perishable food products is apparently impossible."

"I am opposed to universal military training and to conscription for foreign service. I favor uniform marriage and divorce laws, and the protection of women in industry. I believe that every man and woman who works whether with hand, or

brain is entitled to a living wage adequate to maintain an American standard of living."

"I expect that the men voters of the state as well as the women, will give me support in large number, as they can at the same time vote for the congressional candidate of their own party in their respective districts and will be willing to scratch their state ticket in behalf of the only women candidate in the field."

Miss Wintringer is already scheduled to speak before a number of gatherings of women and will maintain headquarters at the Congress Hotel for at least a part of the campaign period.

POLITICAL ANNOUNCEMENTS

I hereby announce myself a candidate for State's Attorney of Morgan county on the Republican ticket at the general election November 2nd, 1920.

Carl E. Robinson.

GULBRANSEN

(Pronounced Gul-BRAN-sen)

Player-Piano

The Gulbransen Reads the Music and Strikes the Notes While You Put In the Expression—Fast, Slow, Loud, Soft

THE Gulbransen Player-Piano is a musical instrument which you may play well or play poorly. It is easy to play well; but playing it well requires some study and practice—about as much as learning to drive a car.

We emphasize this to encourage better playing. The Gulbransen can be played as artistically by roll as by hand. Thousands of owners play delightfully. Some, like John Martin, are such masters of "pedal-touch" and accent that they play with all the exquisite shading and phrasing of concert pianists.

Ten Years or Ten Weeks

The mere possession of a Gulbransen gives you all the technique that ten years of practice gives the hand performer. And then, in weeks instead of years, you can learn to play with the expression which makes music so satisfying.

Gulbransen Trade Mark

A really brilliant ability on the Gulbransen is easily acquired if you have a "feeling" for music—the "feeling" which gives you a thrill from the military band on parade or a lump in your throat from a song filled with pathos. And this easily acquired ability is a never ending source of comfort and delight to you and all who know you.

Easy to Play

Have you ever tried a Gulbransen? It will astonish you by its easy playing. Look up the Gulbransen Dealer near you, named below. You have probably noticed the "Baby at the Pedals"—actually playing the Gulbransen—in his window. Write us for our free book, "Good Times with Your Gulbransen." Tells about the many kinds of music you can play and the fun you can have.

Nationally Priced

Three models, all playable by hand or by roll, sold at the same prices to everybody, everywhere in the U. S., freight and war tax paid. Price branded in the back of each instrument at the factory.

WHITE HALL MASONS TO ERECT A TEMPLE

Lodge Buys Property at Corner of Main and Bridgeport Streets—First Frost of Season Reported—Other White Hall News.

White Hall, Oct. 1.—The Masons have purchased the Fisher dwelling at the corner of Main and Bridgeport streets, and in the future will erect a temple thereon. The site is a most desirable one for business purposes. The dwelling is now being occupied by Mr. and Mrs. Melvin Watts, and they have received assurance that they will not be disturbed by building operations before next spring at the earliest.

The First Baptist held the annual fish fry dinner in the church Thursday, the receipts aggregating \$100.00.

J. E. Lane of Lewistown, Montana, is spending a few days with his mother, Mrs. N. J. Henderson. He had been at Chicago on business. He is entitled to be called either senator or major and the reader can take a choice.

"F. F. of the Toy Shop" was presented at the Princess theatre Wednesday and Thursday evenings under the auspices of the Presbyterian church, drawing large audiences. There were twenty-four in the cast. The improvements on the church are exceeding ten thousand dollars so far that this opportunity was embraced to in part finance the improvements that are intended to make the basement of practical utility every day in the week, and

the total expense is nearing \$12,000. The recent call to Pastor Ewert to the Eighth Presbyterian church in Chicago is probably off. The local session and membership wired the Chicago people a few days ago that the work on the local field would not permit Rev. Ewert leaving at this time, and this was accompanied by an acknowledgment from Rev. Ewert to the same effect. As a result a committee of the Chicago congregation was expected to be here this week to ascertain if the facts are as stated.

Weather Conditions Summary
The first frost of the season appeared this morning, and with it was a minimum temperature reading thirty degrees, but a trace of cloudiness after midnight prevented any frost damage so far as observations have thus far been made.

The summary of weather conditions for September shows more rainfall and sunshine than the average for that month, according to the report of R. B. Pearce, cooperative observer. The temperature summary is as follows: Mean maximum, 83.2; mean minimum, 57.5; mean, 70.3 degrees, 3.2 degrees above normal. The highest reading was 92 on the 14th and 24th, and the lowest 38 on the 29th, the 30-degree reading referred to in connection with last night's frost being recorded as for October 1st.

The total precipitation was 4.47 inches, 0.94 of an inch more than normal. The greatest fall in 24 hours was 1.60 inches on the 11th. There were five days with 0.01 inch or more precipitation, sixteen clear days, seven partly cloudy and seven cloudy days.

Thunder storms occurred on the 11th, 12th and 27th. A heavy wind at 7 p. m. on the 11th did slight damage to trees and wires.

Milk Producers Dissatisfied
The milk producers of the White Hall territory have for some time been dissatisfied with the price paid in comparison with the price charged for their product to the St. Louis consumers. Trouble arose over the price paid during September, and for the month of October \$3.60 is demanded for 3.5 per cent milk. In order to enforce the demand the local producers have become affiliated with the Southern Illinois Milk Producers' association, and at a meeting in East St. Louis last Tuesday the distributors failed to meet the producers to go over the situation. The result is that the deliveries to the White Hall milk condensing plant have been falling off since that time, and a meeting is scheduled for tonight to determine whether every member of the association shall refuse to deliver milk to the condensing plant, it being the understanding that they will separate the milk and make direct shipments of cream. Sixty of the 106 patrons of the local milk institution are allied with the association, controlling eighty per cent of the milk shipments from White Hall. The daily receipts at White Hall are about 10,000 pounds, and there are 2,000 pounds received at Berdan, both stations being under the same management, the St. Louis Dairy Co. It is believed that the action of the producers at the meeting at White Hall tonight will result in the suspension of operations at the milk condensing plant. The officers of the White Hall producers are as follows: President, L. C. Vinyard; vice president, Ernest Bogges; secretary, Marcus McCallister; treasurer, Meade Baldwin.

The White Hall heating system problem was settled Thursday at a conference between patrons of the heating plant and officials of the Central Illinois Public Service Co., whereby the company is to put the system in first class operating condition and then the system is to be taken over by the patrons at cost by prorating the cost to the customers. The deal assures the continued operation of the heating system.

HUSBANDS IMPROVE SINCE PROHIBITION
Chicago.—Since the coming of prohibition there has been a falling off of 35 per cent of the cases which formerly went into court for wife beating, family abuse, and non-support according to George A. H. Scott, head of the Chicago branch of the Illinois Humane Society. Crime of all kinds coming under the attention of this organization has decreased more than 25 per cent, he said today.

The American industry to Bear Expense
An annual appropriation of \$100,000, entirely borne by American industry, has been made to carry on its work, which has been divided into two classes: First,

WOULD TRAIN MEN FOR MANAGEMENT

Intent is to Provide Properly Trained Executives for Managing Industries—Make Extensive Industrial Survey.

New York.—A course in "management education" to provide a sufficient number of properly trained executives for the industries of the United States is to be established in a majority of the 620 American colleges, according to an announcement made to The Associated Press here by Dr. Hollis Godfrey, president of the Drexel Institute, Philadelphia, formerly commissioner of the advisory commission of the council of national defense.

The plan, an outgrowth of a convention attended by representatives of industry and colleges in Philadelphia last March, is backed by corporations representing a capitalization of \$26,000,000. It is the result, Dr. Godfrey said, of these two factors coming to a definite working agreement for the first time thru the establishment of the Council of Management Education, an organization formed "to study mutual problems in order that the colleges may render the greatest possible service to industry."

Dr. Godfrey, chairman of the new body, assisted by Dr. Samuel P. Capen, general director of the American Council of Education, representing the 620 colleges, and Dr. Frederick C. Ferry, president of Hamilton college, are perfecting the plan which contemplates establishing practical courses in the schools, assisting undergraduates and others to choose their life's work, by placing several thousand students and teachers in industry during the summer months and by introducing extension courses for men now in industry. By the summer work, students will be enabled to defray their expenses at college, obtain an insight into American industry and enable the executives to select future management men.

The Council of Management Education, which has been formed, it was said, to become "a clearing house for all industrial and educational matters in the country, to promote the mutual understanding of the mutual problems of industry and the college and to keep perpetual inventory of the educational needs of industry and of the ability of the colleges to meet these needs," has opened temporary offices in the Drexel Building, Philadelphia, until headquarters are furnished in Washington.

American Industry to Bear Expense
An annual appropriation of \$100,000, entirely borne by American industry, has been made to carry on its work, which has been divided into two classes: First,

to determine the field of service which each college can cover, and second, to provide the college with all industrial data which may be utilized in forming undergraduate courses for men contemplating entering industry and in reaching the management men already in industry thru extension courses.

All of the courses and scholastic recommendations, it was said, will be passed upon jointly by the Council of Management Education and the American Council on Education before being forwarded to the institutions of learning. Within one year, it is estimated, 190 colleges will have included the extension industrial courses and all will be provided with the industrial material upon which to base undergraduate work.

The council, according to Dr. Godfrey, is the only war organization which has carried operations into time of peace. Nearly all of the educators back of the movement served in the Council of National Defense. When the armistice was signed these men decided that the educational knowledge gained during the war at an expenditure of millions of dollars should not be lost. Accordingly plans were set in motion to turn this information over to industry. A survey of the needs of industry was made under the auspices of the Technology Clubs associated of the Massachusetts Institute of Technology.

Extensive Survey
In the most extensive industrial survey ever made, executives of 250 of the largest corporations in America agreed that increased production, decreased cost, increased stability and increased incentive were the most important needs. The convention in Philadelphia last Spring was an excuse for both college presidents and executives of America's industries that the needs of industry can be met only thru proper education and plans were made for the formation of the permanent Council of Management Education.

While the majority of American industries are represented on the council, those having members on the executive committee are the railroads, public utilities, oil, textiles, mining, rubber, leather and shoes, paper, machinery and metals and cotton finishing.

The executive members of the council appointed to represent their industrial group are as follows: (Railroads) A. W. Gibbs, chief mechanical engineer, Pennsylvania railroad; (Paper) Colonel B. A. Franklin, vice president Stratmore Paper Co.; (Public Utilities) H. B. Shaw, educational director, H. L. Doherty company; (Shoes and Leather) Fred B. Rice, president, Rice & Hutchins; (Mining) Parker Channing, mining engineer; (Machinery and Metals) Frederick H. Payne, Greenfield Tap and Die company; (Rubber) Dr. R. S. Quinby, serv-

ice manager, Hood Rubber company; (Cotton Finishing) J. K. Miliken, president, Mt. Hope Finishing company; (Textiles) Albert Bigelow, Ludlow Manufacturing Associates.

The educational group includes, besides Dr. Godfrey and Dr. Capen, Dr. Frank Graves, dean of the School of Education, University of Pennsylvania; Dr. Charles Tilden, professor of engineering mechanics, Yale University; Dr. David Tennant, professor of biology, Bryn Mawr college; Dr. Leigh Reid, professor of mathematics, Harvard college; C. L. Eysan, professor of engineering administration, Drexel Institute and J. S. Pearson, professor of Production Engineering, Drexel Institute.

The American Council on Education has appointed the following committee as a permanent body to cooperate with the Council of Management Education: Dr. Capen, chairman; Dr. Charles R. Mann, chairman of the advisory board educational training of the general staff, war department; Frederick L. Bishop, dean engineering school University of Pittsburgh; Park R. Kolbe, president municipal University of Akron; Raymond Hughes, president Miami University.

STOCK FARM FOR SALE

Here is a money maker. 280 acres, half level and tillable, balance in blue grass and scattering timber. Two sets of improvements. Scales, wind mills, large barn and plenty of outbuildings. Price \$100 per acre. Think of it. GEORGE A. TAYLOR, 1535 Mound Avenue, Both Phones

Intent is to Provide Properly Trained Executives for Managing Industries — Make Extensive Industrial Survey.

New York. — A course in "management education" to provide a sufficient number of properly trained executives for the industries of the United States is to be established in a majority of the 620 American colleges, according to an announcement made to The Associated Press here by Dr. Hollis Godfrey, president of the Drexel Institute, Philadelphia, formerly commissioner of the advisory commission of the council of national defense.

The plan, an outgrowth of a convention attended by representatives of industry and colleges in Philadelphia last March, is backed by corporations representing a capitalization of \$26,000,000. It is the result, Dr. Godfrey said, of these two factors coming to a definite working agreement for the first time thru the establishment of the Council of Management Education, an organization formed "to study mutual problems in order that the colleges may render the greatest possible service to industry."

Dr. Godfrey, chairman of the new body, assisted by Dr. Samuel P. Capen, general director of the American Council of Education, representing the 620 colleges, and Dr. Frederick C. Ferry, president of Hamilton College, are perfecting the plan which contemplates establishing practical courses in the schools, assisting undergraduates and others to choose their life's work, by placing several thousand students and teachers in industry during the summer months and by introducing extension courses for men now in industry. By the summer work, students will be enabled to defray their expenses at college, obtain an insight into American industry and enable the executives to select future management men.

The Council of Management Education, which has been formed, it was said, to become "a clearing house for all industrial and educational matters in the country, to promote the mutual understanding of the mutual problems of industry and the college and to keep perpetual inventory of the educational needs of industry and of the ability of the colleges to meet these needs," has opened temporary offices in the Drexel Building, Philadelphia, until headquarters are furnished in Washington.

American Industry to Bear Expense
An annual appropriation of \$100,000, entirely borne by American industry, has been made to carry on its work, which has been divided into two classes: First,

to determine the field of service which each college can cover, and second, to provide the college with all industrial data which may be utilized in forming undergraduate courses for men contemplating entering industry and in reaching the management men already in industry thru extension courses.

All of the courses and scholastic recommendations, it was said, will be passed upon jointly by the Council of Management Education and the American Council on Education before being forwarded to the institutions of learning. Within one year, it is estimated, 190 colleges will have included the extension industrial courses and all will be provided with the industrial material upon which to base undergraduate work.

The council, according to Dr. Godfrey, is the only war organization which has carried operations into time of peace. Nearly all of the educators back of the movement served in the Council of National Defense. When the armistice was signed these men decided that the educational knowledge gained during the war at an expenditure of millions of dollars should not be lost. Accordingly plans were set in motion to turn this information over to industry. A survey of the needs of industry was made under the auspices of the Technology Clubs associated of the Massachusetts Institute of Technology.

Extensive Survey
In the most extensive industrial survey ever made, executives of 350 of the largest corporations in America agreed that increased production, decreased cost, increased stability and increased incentive were the most important needs. The convention in Philadelphia last Spring met to discuss these needs. It was agreed by both college presidents and executives of America's industries that the needs of industry can be met only thru proper education and plans were made for the formation of the permanent Council of Management Education.

While the majority of American industries are represented on the council, those having members on the executive committee are the railroads, public utilities, oil, textiles, mining, rubber, leather and shoes, paper, machinery and metals and cotton finishing.

The executive members of the council appointed to represent their industrial group are as follows: (Railroads) A. W. Gibbs, chief mechanical engineer, Pennsylvania railroad; (Paper) Colonel B. A. Franklin, vice president Stratmore Paper Co.; (Public Utilities) H. B. Shaw, educational director, H. L. Doherty company; (Shoes and Leather) Fred B. Rice, president, Rice & Hutchins; (Mining) Parker Channing, mining engineer; (Machinery and Metals) Frederick H. Payne, Greenfield Tap and Die company; (Rubber) Dr. R. S. Quinby, serv-

ice manager, Hood Rubber company; (Cotton Finishing) J. K. Miliken, president, Mt. Hope Finishing company; (Textiles) Albert Bigelow, Ludlow Manufacturing Associates.

The educational group includes, besides Dr. Godfrey and Dr. Capen, Dr. Frank Graves, dean of the School of Education, University of Pennsylvania; Dr. Charles Tilden, professor of engineering mechanics, Yale University; Dr. David Tennant, professor of biology, Bryn Mawr college; Dr. Leigh Roid, professor of mathematics, Haverford college; C. L. Eyanson, professor of engineering administration, Drexel Institute and J. S. Pearson, professor of Production Engineering, Drexel Institute.

The American Council on Education has appointed the following committee as a permanent body to cooperate with the Council of Management Education: Dr. Capen, chairman; Dr. Charles R. Mann, chairman of the advisory board educational training of the general staff, war department; Frederick L. Bishop, dean engineering school University of Pittsburgh; Park R. Kolbe, president municipal University of Akron; Raymond Hughes, president Miami University.

STOCK FARM FOR SALE

Here is a money maker. 280 acres, half level and tillable, balance in blue grass and scattering timber. Two sets of improvements. Scales, wind mills, large barn and plenty of outbuildings. Price \$100 per acre. Think of it. GEORGE A. TAYLOR 1535 Mound Avenue Both Phones

What makes it "go"

LIKE the windless windmill, the new Prest-O-Lite "Green Seal" Storage Battery cannot work until it comes to life.

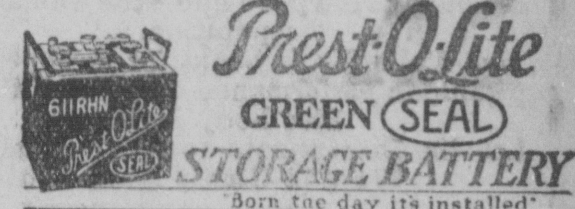

It is shipped to us from the factory dry—without acid.

It is always new when you buy it. The vitalizing acid is put into it and the battery is charged for the first time at our Service Station, on the same day you order the battery installed in your car.

The Prest-O-Lite "Green Seal" is your protection against buying a battery that may have been deteriorating for from 3 to 9 months before you get it.

Whatever battery you now have, remember —Prest-O-Lite Service is always at your disposal.

SAYS PERSECUTION OF JEWS CONTINUES

Chairman of Executive Committee of Provisional American Jewish Congress Reports Terrible Condition in Poland and Hungary.

New York, Oct. 2.—Continued persecution of Jews, with bloodshed and cruelty, in Poland and Hungary is reported by Morris Rothenberg, chairman of the Executive Committee of the Provisional American Jewish Congress, who returned here recently from the Jewish World Relief Conference in Carlsbad. Mr. Rothenberg declares that attacks on Jews in Poland have ceased at no time since the armistice. He says that while anti-Semitic expressions in Poland were mitigated by the protest meetings held in America, "assaults upon persons and property in a smaller degree continued throughout the year."

"Gradually these assaults assumed larger proportions," said Mr. Rothenberg, "until within the last few months Jews have found it unsafe to walk in the streets. Conditions came to such a state that the Jewish deputies in the Polish parliament appealed to the Minister of War and Minister President Witos, who promised that they would take steps to stop these outrages but nothing was done."

Complained to Authorities. Mr. Rothenberg said that during the advance of the soviet armies on Warsaw the Jews readily enlisted in the Polish armies, but that they were attacked and persecuted by the Poles and were given the "most filthy and menial work to perform." The Jews complained to the military authorities but the persecution was not mitigated, he charged.

"Immediately after the first victories all Jewish soldiers were driven from the various fronts," Mr. Rothenberg asserted, "their ammunition was taken away, their uniforms removed and they were put under guard as tho they were offenders. The Polish soldiers began to regard the Jewish soldiers as criminals. Every time the Poles took a city they killed Jews who came their way, and numbers of old Jews were shot without trial. The officers in charge afterward said that they killed bolsheviks. This was a lie. In order to cover these outrages the Minister of War issued an announcement that a large number of armed Jewish bolsheviks were found in many cities. This information was fed only to the Poles and was not mentioned in the dispatches for the outside world because it was apparent that these statements could not be substantiated."

Mr. Rothenberg charges that the Minister of War and Minister President Witos refused to accept Jewish delegations who called upon them to complain about anti-Semitic outrages. "The spirit of the Jews in Poland is being utterly crushed by these terrible events and they feel that they cannot much longer bear up unless these terrible excesses are stopped," he added.

Destroy Jews Economically. According to Mr. Rothenberg, 300 Jews have been murdered in Hungary from December, 1919, to June, 1920, and he charges that the officers and soldiers of the White Army are the chief fomenters of anti-Semitism. He said that the "young nationalists" declared that they are willing to stop the pogroms provided laws were enacted that would destroy the Jews economically.

ed laws were enacted that would destroy the Jews economically.

"This is now being done," said Mr. Rothenberg. "Laws have been passed punishing profiteering by fogging. But the producers are not affected by this law, it is only the middlemen, which means the Jews. Those who are found guilty are flogged and put in concentration camps and exiled."

Ousting of Jewish civil-service employees in Hungary is also reported by Mr. Rothenberg. "Laws are also being passed specifically directed against the Jew without mentioning them," he said, "as for instance licenses of all persons engaged in commercial or industrial pursuits are revoked and application must be made for new licenses which may be issued at the discretion of the department in charge. Such licenses are not being granted to Jews, thus utterly preventing them from pursuing their former occupations. A law was passed that only those belonging to military formations could be admitted to universities. As Jews are not allowed to belong to these formations, Jewish students are unable to get into the universities. Many of them have been compelled to go to neighboring countries in order to pursue their studies and are experiencing terrible want and suffering."

EFFECTS OF FEAR ON PEOPLE AND NATIONS

Peculiar Effects of Fear and Worry on Individuals and Nations Discussed at Advertising Specialty Manufacturing Meeting in Chicago.

Chicago, Ill., Sept. 29.—The peculiar effects of fear and worry on individuals and nations were discussed by Dr. Stanley L. Krebs, president of the Institute of Merchandise Art, New York City, at the seventeenth annual convention of the National Association of Advertising Specialty Manufacturers here today.

With humorous illustrations he opened his address, showing "how fear and worry produce the very thing feared." He broadened out to business activities and relations, and concluded by applying the same principle to national and international matters.

From this standpoint Dr. Krebs argued the "inherent destructive effects" of the Bolshevik philosophy and all kindred ideas. He drew a line of distinction "between Bolshevism and Americanism, between the Soviet Republic and the same and safe republic finding place and use for all classes and talents, between the system of the Russian leaders

of today, between all qualified classes voting and only one or at most three classes monopolizing that function; and between conquering the English as our forefathers did and then inviting them in to share the blessings of the new government, and conquering the governing classes of Russia and then turning around and murdering and massacring them by the wholesale as the Bolsheviks did."

"All of these negative and class ideas," said Dr. Krebs, "spread fears, restlessness, anxieties, instability, dread of what the next day may bring forth, and tend to chaos instead of cosmos, disorder instead of order, anarchy instead of intelligent law."

IT'S YOUR HOSPITAL

During the week of October 4 to 9, all citizens of Jacksonville and Morgan County will be asked to contribute to the Campaign Fund of \$30,000 to be raised for the PASSAVAT HOSPITAL

¶ This money is to be used to build and equip a laundry, build a laboratory, equip a sterilization plant, remodel the operating room and purchase new equipment where needed; remodel diet kitchen, re-equip old kitchen and other miscellaneous requirements which are necessary to bring up and make this a **Standardized Hospital**.

¶ The urgent need of such a hospital is known to those who have given the matter any thought or study. Many of us have been too negligent in the welfare of this institution, not knowing about the conditions as they exist, not knowing of the great amount of work that has been and is being done by a few, not knowing of the number of charity patients that are cared for, and most unfortunately, not knowing or caring where the money comes from to maintain this, **Your Hospital**.

¶ Now comes a time when these few loyal workers have asked for financial assistance to put **Your Hospital** on a standardized basis, making it a **Hospital** to which we can all point with pride that we helped to make it so.

¶ We must and will lend a helping hand. Solicitors will call upon you. They are giving their time and money; meet them with a smile, help to make their work pleasant; give liberally and gladly to this great and good cause, and you will feel better for having done so.

IT'S YOUR HOSPITAL

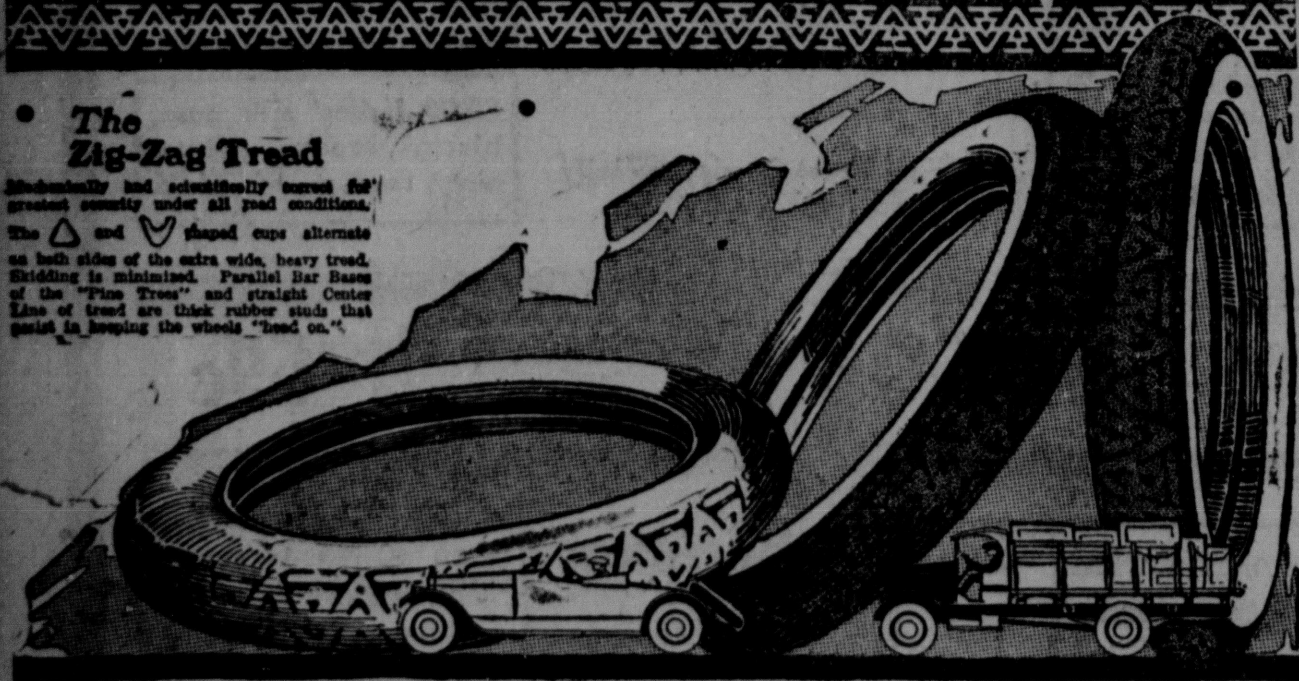

Realizing the Importance and Necessity of a Standardized Hospital, This Campaign Is Endorsed by the Following Organizations:

Three Types of Tires for Three Kinds of Use

YOU don't want a truck motor in a touring car; you use a different oil in the cylinders than in the transmission.

Different conditions must be met differently. That is why Lee builds three types of tires for three kinds of uses. The right type for your purpose is the one built especially for that use.

Consult us on tires. We'll survey the conditions your tires must meet and prescribe the Lee Tire that will serve you best—the Lee Tire that will give you maximum mileage and comfort.

The Lee Tire Distributor

CHERRY SERVICE STATION
For All Cars.
N. Main Both Phones

The Lee Cord Puncture-Proof

1. For the hardest possible service on all kinds of roads. A real cord tire—easy riding—economical—and absolutely puncture-proof. The only puncture-proof cord tire. Dependable under all conditions.

The Lee Cord

2. For gruelling service in town and in the country. Lee Cord construction makes these light riding tires practically free from the usual tire troubles—blowouts, tread separation, sidewall breaking, internal friction, etc. Hand made.

The Lee Fabric

3. A husky tire that fights mean road conditions and invariably wins. Quality-built from lining to tread; good-looking and as good as it looks; guaranteed with miles of extra service.

LEE Tires "Smile at Miles".

Many of us have been too negligent in the welfare of this institution, not knowing about the conditions as they exist, not knowing of the great amount of work that has been and is being done by a few, not knowing of the number of charity patients that are cared for, and most unfortunately, not knowing or caring where the money comes from to maintain this, **Your Hospital**.

¶ Now comes a time when these few loyal workers have asked for financial assistance to put **Your Hospital** on a standardized basis, making it a **Hospital** to which we can all point with pride that we helped to make it so.

¶ We must and will lend a helping hand. Solicitors will call upon you. They are giving their time and money; meet them with a smile, help to make their work pleasant; give liberally and gladly to this great and good cause, and you will feel better for having done so.

IT'S YOUR HOSPITAL

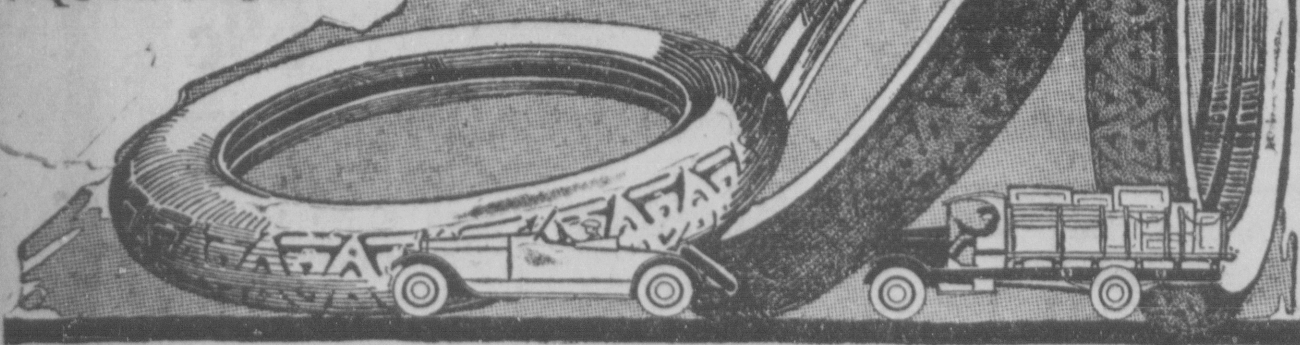

Realizing the Importance and Necessity of a Standardized Hospital, This Campaign Is Endorsed by the Following Organizations:

Morgan County Medical Society
Ministerial Association
Hospital Trustees
City Council
Ladies' Aid Societies
Rotary Club
Royal Arch Masons

The Zig-Zag Tread

Scientifically and economically correct for greatest security under all road conditions. The Δ and ∇ shaped cups alternate on both sides of the extra wide, heavy tread. Sliding is minimized. Parallel Bar Base of the "Zig-Zag" and straight Center Line of tread are thick rubber strips that assist in keeping the wheels "tread on."

Three Types of Tires for Three Kinds of Use

YOU don't want a truck motor in a touring car; you use a different oil in the cylinders than in the transmission.

Different conditions must be met differently. That is why Lee builds three types of tires for three kinds of uses. The right type for your purpose is the one built especially for that use.

Consult us on tires. We'll survey the conditions your tires must meet and prescribe the Lee Tire that will serve you best—the Lee Tire that will give you maximum mileage and comfort.

The Lee Tire Distributor

CHERRY

SERVICE STATION
For All Cars.
N. Main Both Phones

LEE Tires "Smile at Miles"

The Lee Cord Puncture-Proof

1. For the hardest possible service on all kinds of roads. A real cord tire—easy riding—economical—and absolutely puncture-proof. The only puncture-proof cord tire. Dependable under all conditions.

The Lee Cord

2. For gruelling service in town and in the country. Lee Cord construction makes these light riding tires practically free from the usual tire troubles—blowouts, tread separation, sidewall breaking, internal friction, etc. Hand made.

The Lee Fabric

3. A husky tire that fights mean road conditions and invariably wins. Quality-built from lining to tread; good-looking and as good as it looks; guaranteed with miles of extra service.

EXPERIENCE COUNTS

When you have a bicycle that needs repairing, you want the work done by one who understands the business. I have had more than sixteen years of experience in all kinds of repair work. I know how it should be done. My work always gives satisfaction.

Farm Bureau Notes

Control of Corn Rots By Seed Selection—A great deal has been said about selecting seed corn in the field. Directions have been given not only for selection of ears of good type, but for drying and testing them. At this time many think there is nothing new or startling in being said about seed corn selection, but there is. Investigations conducted in Illinois during the past fifteen years have shown that corn is affected by several rot diseases of the root, stalk, and ear. These rots have been found to be one of the chief causes of thin stands, of large numbers of weak and stunted plants; of stalks that are leaning down, and broken; of barrenness and nubbins; of chaffy, immature ears, and of reduced yields.

Those in close touch with the situation feel that these rots are cutting the yields of the corn in the state fully fifteen per cent; and careful observations convince us that these diseases are increasing throughout the corn belt.

Control — The best method

that has been developed to date for the control of these rots is the selection of disease free seed ears. This selection is no single operation that can be completed within a few days; it is the result of carefully following out several steps at the proper time. The first step that is necessary to secure the best results in controlling these corn troubles is to select mature ears in the field from healthy stalks growing in disease-free hills.

Select Best Normally Matured Ears From Normal Stalks—Fully matured ears, with sound shanks from upright, sturdy stalks have shown, on the average, greater vigor and considerably more resistance to these diseases than stalks either slightly or badly diseased. Moreover, ears from leaning and broken stalks, and ears with slightly rotted shanks from erect stalks, are likely to be diseased. Wilting and prematurely dead stalks commonly bear diseased ears. Such stalks are frequently mistaken for early maturing stalks by those not suspecting their diseased condition.

Many apparently desirable seed ears droop because of weak, rotten, or broken shanks. Often such ears are diseased. Ears from stalks and shanks showing these symptoms have given greatly reduced yields when planted in experimental plots.

Ears from apparently healthy stalks in a hill where other stalks are diseased should be avoided for seed purposes.

As susceptibility to one disease often means susceptibility to other diseases, it is well to avoid ears from smutted or badly rusted stalks. Furthermore, ears from stalks with either badly roiled and crinkled, spotted, or discolored leaves, or plants with many fire leaves also yield less and should not be selected for seed. It is best to take only matured ears of medium size, from upright, sturdy plants whose stalks and portions of the leaves are still green, and whose ears are supported at a convenient height on strong, sound shanks.

Field selection of seed ears should be made before the first killing frost. This makes it possible to distinguish ears that have matured normally from those that have ripened prematurely on account of disease.

Quality of Seed Ears to Select—In order to have enough seed ears from which to get the very best seed, it is advisable to gather about five times as many as will be required for next year's planting. This will allow for shrinkage, discarded ears, butt and tip shelling, grading, etc.

Curing and Storage—The seed ears after being selected in the field, should be so handled and stored that they will dry uniformly and thoroughly. If the moisture content of the ears remains high, harmful organisms may grow into the ears and infect them. Because of this, it is of utmost importance that ears be kept in a dry, well-ventilated place.

This article has been arranged from a circular issued by James R. Holbert, who has been investigating these diseases at Funk Bros. farm near Bloomington. We should be very glad to arrange an excursion to inspect these plots.

PORT AUTHORITIES TO MEET IN CHICAGO

Water Transportation Is Main Subject to Be Considered at Annual Meeting of American Association of Port Authorities.

Chicago. — Water transportation, particularly from the standpoint of harbor development, will be taken up here at the ninth annual convention of the American Association of Port Authorities opening tomorrow. Mississippi Valley waterways and the possibilities of the Great Lakes will receive much attention.

Progress that Canada is making in port improvement will be told by Canadian officials, the association being international. American development from New York to San Francisco is scheduled for relation.

A large part of the program is given over to reports on what individual cities are doing with their water opportunities. Chicago's possibilities as a port will receive consideration.

Papers will be presented by members of the Western Society of Engineers and of the Society of Terminal Engineers, New York.

"Nature's preparations for deep water harbors on the Great Lakes" is scheduled for discussion by Col. John Mills, corps of engineers, William H. Adams, chairman of the committee on inland waterways of the Detroit Board of Trade is to tell of what has been done in "Modernizing the old city front for port purposes," at Detroit. William George Bruce, president of the Milwaukee harbor commission, will speak on "Essentials of Lake Port Development." On the Canadian side, E. L. Cousins, chief engineer of the Toronto harbor commission is to tell of the port of Toronto.

From the standpoint of the Mississippi Valley several of the most pertinent papers scheduled are those of Theodore Brent, of the U. S. Mississippi-Warrior Service, on "Water terminals for Chicago," the pressing need for developing a traffic outlet and interchange for the Mississippi basin; J. R. Bibbins of Chicago, on "Rational economic lines of gravitation for overseas movement from the Mississippi basin"; and M. G. Barnes, chief engineer, division of waterways, Illinois State department of public works and buildings, on "Marine terminals for Chicago with special reference to inland waterways."

Gulf points will be represented by J. C. Allen, director of Texas,

speaking on "Gulf terminal study."

One of the early papers of the convention, which is to continue thru Saturday, is by John H. McCallum, president of the Board of state harbor commissions of San Francisco. His subject is "The Harbor—San Francisco's Greatest Asset." A. R. Smith, of New York is to speak later on "The Port of New York—The Greatest Port in the World." Addresses relative to the ports of Philadelphia, New Orleans, Portland, Ore., Wilmington, Del., and Norfolk, Va., are among others to be given.

R. Dawson Harling, Canadian representative of the Manchester Ship Canal Co., is on the program for an address on the Port of Manchester, England. Other Canadian port authorities are to tell of the ports at Vancouver, Halifax, Victoria, and St. John, New Brunswick.

STATE FEDERATION OF LABOR TO CONVENT

Chicago. — More than 1,000 delegates from various parts of the State will be in attendance at the annual convention of the Illinois State Federation of Labor which convenes at Galesburg, Illinois, October 18. It is reported from federation offices here.

Foremost among the problems which will be considered by the convention, it is stated, will be that of an article proposed to the state constitution convention by the Illinois State Federation of Labor and associate organizations providing for workingmen's rights.

Hudson and Essex Cars Return to Bedrock Prices

Reduced \$200 to \$450

Thousands have planned to buy Hudson and Essex cars this Fall. For five years the Super-Six has been the world's largest selling fine car. In eighteen months Essex sales made an unmatched record. What must now be the demand for them at these bedrock prices? But labor and material shortages in early summer had forced reductions in schedules for Fall and Winter. And now the return to normal in prices assures such an immediate increase in sales that a scarcity of Hudson and Essex cars seems certain.

Choose your car now. Learn how the price reduction increases its attractiveness. And remember that in either Hudson or Essex you obtain exclusive motors for they are patented.

You can save \$200 to \$450. Act promptly if you want delivery this Fall.

Four famous treatments for improving your skin

DO YOU ever feel dissatisfied with your appearance—wish this or that were different, and long to change it?

One thing you *can* change—and that is your skin.

Any girl can improve her appearance by *improving her complexion*. With the right care you can make your skin so lovely in its softness, its smooth, fine texture and brilliant color, that it will outweigh almost any other advantage you could possess.

Remember that *your skin changes in spite of you*. Each day old skin dies and new skin takes its place. No matter what defects your complexion has suffered from in the past—by regular treatment you can give *this new skin* the loveliness and charm it should have.

Read the four treatments given on this page. Each one of them tells you some special way of improving your complexion. If your skin is too oily—you can make it smoother and drier by using the famous Woodbury treatment given here. If you are troubled with blemishes—with conspicuous nose pores—use the special treatment indicated for your condition, and see how quickly your skin gains the clearness it has lacked. Is your com-

plexion pale and sallow? By the new steam treatment you can make it glow with radiant color.

Don't neglect your skin—begin today to make it as smooth, clear, and flawless as it should be. In the famous booklet wrapped around each cake of Woodbury's Facial Soap, you will find not only the four treatments given here—but additional treatments for all the commoner skin troubles. Find the treatment your individual type of skin demands, and begin using it tonight.

The very first treatment with Woodbury's will leave your skin with a slightly *drawn, tight feeling*. This only means that your skin is responding to a more thorough and stimulating kind of cleansing than it has been accustomed to. After a few treatments this drawn sensation will disappear, and your skin will emerge with such a soft, clean, healthful feeling, that you will never again want to use any other method of cleansing your face.

Woodbury's Facial Soap is on sale at all drug stores and toilet goods counters in the United States and Canada. The famous booklet of treatments is wrapped around each cake. Get a cake today and begin *your* treatment tonight. A 25-cent cake lasts for a month or six weeks of any treatment or for general cleansing use.

Sample cake of soap, booklet of famous treatments, and samples of Woodbury's Facial Powder, Facial Cream and Cold Cream sent to you for 15 cents.

For 6 cents, we will send you a trial size cake (enough for a week or ten days of any Woodbury treatment) together with the booklet of treatments, "A Skin You Love to Touch." Or for 15 cents we will send you the treatment booklet and samples of Woodbury's Facial Soap, Facial Powder, Facial Cream and Cold Cream. Address The Andrew Jergens Co., 000 Spring Grove Avenue, Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 000 Sherbrooke St., Perth, Ontario.

CONSPICUOUS NOSE PORES

How to reduce them

Dip a cloth in very hot water; lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Finish by rubbing the nose for thirty seconds with a lump of ice.

Do not expect to change in a week a condition resulting from long neglect. But use this treatment persistently, and it will gradually reduce the enlarged pores until they are inconspicuous.

The booklet containing the famous Woodbury treatments for all the commoner skin troubles, is wrapped around each cake of Woodbury's Facial Soap. Find the treatment for your skin—begin using it tonight.

SKIN BLEMISHES—

How to get rid of them

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap and then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy, cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Then rinse very carefully, first with clear, hot water, then with cold.

The regular use of Woodbury's in cleansing your skin will discourage the tendency for new blemishes to form.

PALE, SALLOW SKINS—

The new steam treatment for them

One or two nights a week, fill your wash bowl full of hot water—almost boiling hot. Bend over the top of the bowl and cover your head and the basin with a heavy bath towel, so that no steam can escape. Steam your face for thirty seconds.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice.

The other nights of the week, wash your face thoroughly in the Woodbury way, with Woodbury's Facial Soap and warm water, finishing with a dash of cold water.

The very first time you use this treatment your skin will gain loveliness and color.

OILY SKINS—

How to correct them

First cleanse your skin thoroughly by washing it in your usual way with Woodbury's Facial Soap and warm water. Wipe off the surplus moisture, but leave the skin slightly damp. Now with warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment will make your skin fresher and clearer the first time you use it. Make it a nightly habit, and before long you will see a marked improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

One thing you *can* change—and that is your skin.

Any girl can improve her appearance by *improving her complexion*. With the right care you can make your skin so lovely in its softness, its smooth, fine texture and brilliant color, that it will outweigh almost any other advantage you could possess.

Remember that *your skin changes in spite of you*. Each day old skin dies and new skin takes its place. No matter what defects your complexion has suffered from in the past—by regular treatment you can give *this new skin* the loveliness and charm it should have.

Read the four treatments given on this page. Each one of them tells you some special way of improving your complexion. If your skin is too oily—you can make it smoother and drier by using the famous Woodbury treatment given here. If you are troubled with blemishes—with conspicuous nose pores—use the special treatment indicated for your condition, and see how quickly your skin gains the clearness it has lacked. Is your com-

plexion pale and sallow? By the new steam treatment you can make it glow with radiant color.

Don't neglect your skin—begin today to make it as smooth, clear, and flawless as it should be. In the famous booklet wrapped around each cake of Woodbury's Facial Soap, you will find not only the four treatments given here—but additional treatments for all the commoner skin troubles. Find the treatment your individual type of skin demands, and begin using it tonight.

The very first treatment with Woodbury's will leave your skin with a slightly *drawn, tight feeling*. This only means that your skin is responding to a more thorough and stimulating kind of cleansing than it has been accustomed to. After a few treatments this drawn sensation will disappear, and your skin will emerge with such a soft, clean, healthful feeling, that you will never again want to use any other method of cleansing your face.

Woodbury's Facial Soap is on sale at all drug stores and toilet goods counters in the United States and Canada. The famous booklet of treatments is wrapped around each cake. Get a cake today and begin *your treatment* tonight. A 25-cent cake lasts for a month or six weeks of any treatment or for general cleansing use.

Sample cake of soap, booklet of famous treatments, and samples of Woodbury's Facial Powder, Facial Cream and Cold Cream sent to you for 15 cents.

For 6 cents, we will send you a trial size cake (enough for a week or ten days of any Woodbury treatment) together with the booklet of treatments, "A Skin You Love to Touch." Or for 15 cents we will send you the treatment booklet and samples of Woodbury's Facial Soap, Facial Powder, Facial Cream and Cold Cream. Address The Andrew Jergens Co., 000 Spring Grove Avenue, Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 000 Sherbrooke St., Perth, Ontario.

CONSPICUOUS NOSE PORES

How to reduce them

Dip a cloth in very hot water; lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Finish by rubbing the nose for thirty seconds with a lump of ice.

Do not expect to change in a week a condition resulting from long neglect. But use this treatment persistently, and it will gradually reduce the enlarged pores until they are inconspicuous.

The booklet containing the famous Woodbury treatments for all the commoner skin troubles, is wrapped around each cake of Woodbury's Facial Soap. Find the treatment for your skin—begin using it tonight.

SKIN BLEMISHES— *How to get rid of them*

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap and then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy, cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Then rinse very carefully, first with clear, hot water, then with cold.

The regular use of Woodbury's in cleansing your skin will discourage the tendency for new blemishes to form.

PALE, SALLOW SKINS— *The new steam treatment for them*

One or two nights a week, fill your wash bowl full of hot water—almost boiling hot. Bend over the top of the bowl and cover your head and the basin with a heavy bath towel, so that no steam can escape. Steam your face for thirty seconds.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice.

The other nights of the week, wash your face thoroughly in the Woodbury way, with Woodbury's Facial Soap and warm water, finishing with a dash of cold water.

The very first time you use this treatment your skin will gain loveliness and color.

OILY SKINS—

How to correct them

First cleanse your skin thoroughly by washing it in your usual way with Woodbury's Facial Soap and warm water. Wipe off the surplus moisture, but leave the skin slightly damp. Now with warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment will make your skin fresher and clearer the first time you use it. Make it a nightly habit, and before long you will see a marked improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

ILLINOIS WOMAN'S COLLEGE NOTES

Mr. and Mrs. D. K. McCarthy of Litterberry were guests of the college on Thursday.

The Home Economics club enjoyed a picnic on Friday evening. The Athletic association held its hike last Wednesday evening. Owing to the changed weather conditions the hike led to Nichols park with a stop at the new filtration plant, where President Harker explained the plan to furnish pure water to the city. At the park a picnic supper was enjoyed by all.

The annual outing of the Senior and Junior classes will be held at Matanzas, over this week end; two cottages have been engaged for the occasion. They will leave Jacksonville Saturday afternoon and return Monday evening.

Plans are now being made for the observance of Founders Day on October 15th. Next year will be the 75th anniversary of the organization of the college. In honor of this event there will be special exercises by the Illinois annual conference, which will be in Jacksonville next September.

A significant indication of the growth and recognition of the college comes in the increasing number of students who come for advanced standing from the larger colleges and universities. This year Leland Stanford, Northwestern, Illinois, DePaul and Hamilton send strong students who expect to remain for their degrees. A number of smaller colleges have also contributed to the advanced classes.

The swimming pool is now ready for use the coming week. Miss Black, who is in charge of these classes, will return Monday evening with the Senior class from Matanzas, and will be glad to advise with any who are interested.

The following are the class advisors for the year—Miss Bertha Jones, Seniors; Miss Edna L. Storrs, Juniors; Miss Edith Lambert, Sophomores; Miss Harriet Whitmer, Freshmen, and Miss Constance L. McCammon, Specials.

FLORENCE HOT BLASTS burn the smoke and soot, make more heat and use less fuel; hundreds in use in and around Jacksonville. If in doubt ask the man who has one. All sizes at BRADY BROS.

COURIER EMPLOYEE GOES TO CHICAGO

Well Known Make Up Man on Evening Paper Will Take Up New Work—Compelled to Give Up Present Work Because of Eyes.

Freeling Gordon makeup man on the Jacksonville Courier has given up his work and has gone to Chicago where he expects to locate.

Mr. Gordon has been in the employ of the Courier for the past seven years and is one of the paper's most valued employees. He regrets to leave his work on the paper but is compelled to do so because of trouble with his eyes.

Mrs. Gordon has been in Chicago for the past two weeks with Mr. Gordon's sister, Mrs. Virginia G. Bell.

While Mr. Gordon is not certain as to what he will do he probably will enter a wholesale grocery house. He hopes that his eyes will improve by taking up other work so that he can later resume his newspaper work. He has many friends here who while regretting to see him leave wish him success in his new work.

FLORENCE HOT BLASTS burn the smoke and soot, make more heat and use less fuel; hundreds in use in and around Jacksonville. If in doubt ask the man who has one. All sizes at BRADY BROS.

Catering

WAVERLY YOUNG LADY MARRIED IN THE WEST

Miss Lela Calhoun is Bride of Ray L. Jones of Portland, Ore.—G. H. Shutt Goes to Canada—Other Waverly News.

Waverly, Oct. 2. — Miss Lela Calhoun who left here a short time ago for Portland, Ore., has sent a message to relatives here announcing her marriage to Ray L. Jones of that city, which occurred September 25. The bride is a niece of Mrs. Dora Calhoun of this city with whom she made her home. They will reside in Portland.

Rev. and Mrs. W. T. Mathews have returned to their home in Murphysboro after a visit with relatives here.

Mrs. G. D. Bradford left Thursday for Columbus, Ohio, to visit at the home of her son, Owen and family.

Miss Delia Pyle has gone to Kensington, Kan., for a visit of several months at the home of her brother.

F. H. Shutt has gone to Calgary, Canada, where he has farming interests.

Mrs. Edward Hughy of Springfield is visiting at the home of her parents, Mr. and Mrs. Charles Teale.

Mr. and Mrs. John Rodgers returned from Chicago where they spent a few days visiting their daughter, Miss Corinne. Mr. and Mrs. Oren Moffet and family have returned home having spent the past year in Oregon and California.

Thomas Flynn returned from a visit with friends at Reno. Miss Eva Brian went to Springfield for a week's visit with friends.

STOVE PIPE, elbows, coal hods, stove boards, shovels, pokers, coal tongs, furnace scoops, everything for stoves and furnaces at BRADY BROS.

WOMAN'S CLUB OF CHAPIN HAD MEETING

Miss Amy Onken Hostess to Club Members at Recent Meeting — Other News of Interest from Chapin.

Chapin, Oct. 2.—Miss Amy Onken very delightfully entertained the Chapin Woman's club on Tuesday afternoon, Sept. 28, with fifteen members and eight guests present. The meeting opened by singing the club song, "America." Roll call was then responded to by naming cabinet officers.

A very interesting paper prepared by Mrs. Thomason on "Our National Parks" was read by Miss Johanna Onken.

Miss Amy Onken gave an illustrated talk on Natural Wonders of the United States which all much enjoyed.

A social hour followed at which time the hostess served delicious refreshments. The next meeting will be held October 12 with Mrs. George Antrobus.

Mr. and Mrs. J. M. Frances of Litchfield, Minn., and Mr. and Mrs. L. G. Bower of Milton, Ill., motored from Milton Sunday and spent the day with Mr. and Mrs. Joseph Baldwin.

Needless to say the day was much enjoyed as Mrs. Frances had not visited here for several years.

Mrs. Donald Duckett of Chicago is visiting at the home of C. F. Duckett.

Bernard Allen and wife of Versailles spent Sunday with relatives.

Mrs. Joe Detmer of Brunswick, Mo., came Sunday morning to attend the funeral of Newton Hardwick.

Oliver Anderson of Pittsfield visited relatives in Chapin the last of the week.

Mr. and Mrs. Jesse Green of Los Angeles, Cal., visited Friday with his cousins, Mr. and Mrs. Joseph Baldwin. Mr. Green is general manager of the Pacific Electric System. They are on their way home from a trip to the east.

JULES FALK TELLS HIS OWN STORY

Jules Falk's narrative is interesting. "Aside from an early desire to possess a violin," he says, "I felt an innate longing to play one. At the age of eight my father bought me my first violin. For weeks I was permitted only to open the case and look upon the instrument. The announcement that lessons were to begin was hailed with rejoicing. At ten I had progressed sufficiently to play in public.

"Later, apparently warranted by progress, I determined to take lessons from Prof. Ottokar Sevelk whose letters prior to presenting myself, were anything but encouraging. He wrote 'My lesson hours are filled, don't come!' The last message was sufficiently laconic to make me more determined. I traveled to Prague, Poland, and was accepted. After almost four years of study with Sevelk, I begin preparations for my debut in London.

"With a career begun I left no opportunity unchallenged. I traveled. I familiarized myself with the work of great painters, great architects and writers. I realized the necessity of a wide knowledge of other arts as an essential to my own and that individuality, if there be any, must be developed by a knowledge of the great work of masters.

"Following a series of recitals in London and a concert before the late King Edward, I was fortunate enough to be invited by the great Belgian master, Vieux, to further pursue my studies with him. The decision was instant and after several years of study with Ysaye I began to play in the principal musical centers of Europe."

COLLEGE OF MUSIC

Miss Margaret Pruitt of Harrisburg has been enrolled as a student in the College of Music this week.

Great interest is shown in the piano class work presented by Miss Mehuss. Over thirty children are enrolled in these classes.

The first concert of the season will be given in Music Hall on Friday of this week. Mr. Falk, who has been heard before in recital in Jacksonville, needs no further introduction. Miss Robinson of the faculty will be the assisting artist. The recital is under the management of Mrs. Helen Brown Read, who was formerly of the faculty of the College of Music.

The season of 1920-21 will bring many opportunities to music lovers of Jacksonville. Besides the annual recitals to be given by members of the faculty, the College of Music will offer a strong artists course. Those who availed themselves of the course last year can appreciate what such a series of concerts means to students away from the great music centers. Mr. Parsons expects to offer season tickets for sale this week, together with detailed announcements of the concerts.

RECRUITING OFFICER HERE.

Capt. C. W. Nunan inspection and recruiting officer for federal national guards is in the city conferring with Capt. James regarding the proposed company to be recruited here. He has managed kindly to extend the time on the troop to be mustered out as a special favor and now hopes to see a full company recruited ready for him to muster in next Friday, the 8th. He has mustered in companies in other cities and it will be a had commentary on Jacksonville if the place is unable to find 65 young men for the ranks. With such a company there is a fine prospect for a state armory here and many other advantages and it

is earnestly hoped that the effort now being made will result in good success. Capt. James is a fine commanding officer and the experience gained in such a company is valuable. Come forward, young men and let's have a crack company here.

Mr. and Mrs. Charlie Smith and family of the Point Mr. and Mrs. Louis Biggs of Jacksonville were Sunday guests of James Fitch and wife.

J. M. Ellers of Buckhorn was a traveler to the city yesterday.

Decatur Lady Declares Dreco Overcame Nervousness, Constipation and Weakness Very Soon—Feels Fine Once More.

"I was so very nervous I could not sleep and got awfully weak and run down, couldn't get my bowels to move unless I took a strong laxative medicine and felt perfectly wretched all the time," says Mrs. Minnie Curtis, who lives at 1043 West Cerro Gordo St., Decatur, Ill.

"I have now finished one bottle of Dreco and feel so fine I hardly recognize myself. I sleep like a top and my bowels move as regularly as clockwork. My nerves are quieted and I am lots stronger in every way. I have a splendid appetite and enjoy everything I eat."

When the bowels fail to act regularly the food, lying in the stomach, decomposes, causing poisons and gas to form, the blood sucks up these poisons and that is the beginning of many diseases.

Rheumatism, catarrh, dizzy spells, spot floating before the eyes, headaches, pains all over the body and weak kidneys, indigestion, are some of the common results of poor elimination of waste matter. Dreco, the herbal system purifier, acts very promptly to correct these troubles.

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co. and J. F. Shreve.—Adv.

BLUFFS RESIDENTS
RETURN FROM THE EAST

Mrs. Frank Ashley and Daughter Had Pleasant Visit with Relatives in New York — Other Bluffs Items of Interest.

Bluffs, Oct. 2. — Mrs. Frank Ashley and daughter, Miss Winifred, have returned from western New York where they visited relatives in Jamestown and other points in the state.

Miss Cora Beavers will hold a public sale at her home two and a half miles south of town Tuesday afternoon Oct. 7th for the purpose of disposing of her household goods, furniture, etc., and will take up her residence in Jacksonville.

Mrs. William Vannier has returned from St. Louis where she was called by the death of a relative.

Rev. E. D. Palmer is the guest of his brother, the Rev. Elwin Palmer of Evanston.

Walter Arundel and family have moved to Jacksonville to make their home in that city.

W. D. Butterbaugh has returned from North Dakota where he has been looking after his farming interests for the past two months.

Mrs. D. W. Little who has been visiting relatives in Quincy and Bluffs for the past two months, has returned to her home in Chicago.

Mrs. Lee Baird and Mrs. John Coultas were Jacksonville visitors Wednesday.

NOTICE M. W. A. 132
Unity Grove Camp will have charge of the funeral services for our late Neighbor Edward A. Kelly, at the house, 536 South Clay Avenue at 2:30 this afternoon. Members of 132 are urged to be present at that hour. Members of 912 and visiting neighbors are requested to attend.

OTTO LINDEMAN, Consul.
L. PIEPENBRING, Clerk.

PASTOR OF GRACE CHURCH
TO DELIVER SERIES OF SERMONS ON LIFE OF PAUL
Beginning with Sunday morning the pastor of Grace Methodist Episcopal church will deliver a series of Sunday morning sermons on "The Life and Labors of Paul." The themes and dates will be:

Oct. 3—"The Early Life and Training of Paul."

Oct. 10—"The Conversion of Paul."

Oct. 17—"The First Missionary Journey."

Oct. 24—"How the Gospel Came to Europe."

Oct. 31—"The Triumphs of the Cross."

Nov. 7—"Arrest and Trial, and Appeal to Caesar."

Nov. 14—"Perils and Providences While on the Road to Caesar."

Nov. 21—"Roman Imprisonment, and the Martyr's Crown."

These addresses are designed to be particularly helpful to young people in high school and college. Everyone welcome. Come and bring your friends.

There will be a business meeting of the Epworth League on Monday night at 6:30 for the purpose of electing officers for the ensuing year.

"HAD TO GET HELP
QUICK," HE SAYS

"Tanlac Proved to Be the Thing I Needed and I Couldn't Ask for Better Health Now."

"By the help of Tanlac I have regained my lost health, and today I am in as good condition physically as an one could wish to be," said Wade Hummer, 302 East Wenger street, South Bend, Ind.

"About the time I was sixteen years old, twenty-one years ago," he continued, "I had an attack of measles, and since that time my kidneys have worried me a great deal. Now and then, for all these years, I suffered with a dull pain across the small of my back and in my hips. If I did any heavy lifting or strained myself in any way, the pain would get so bad I could hardly stand it. I kept getting worse, until last spring I began suffering terribly with severe shooting pains up and down my sides and back, through my shoulders and all across my hips. Then, too, there was always a heavy feeling like lead in the pit of my stomach, my liver seemed to be sluggish, and I always had a bad taste in my mouth. I was so badly constipated, had severe throbbing headaches and often became so dizzy I could hardly stand up. In fact, I was in misery all the time, day and night, and could not do anything like as much work as I had formerly been able to do."

"Finally, I got in such a bad fix I knew I had to get something to help me mighty quick or get down flat of my back in bed. I had heard so much about Tanlac I decided to try it, and it turned out to be the very thing I needed. I had taken only a few doses when I commenced to get better, and in a short while I was free of all pain and my stomach and liver were in good condition, and I have been in the best of health ever since. Tanlac is certainly a grand medicine, and through the benefits I have received from it I am working every day without a particle of trouble, while before taking it I just had to force myself to work. I will always have a good word for Tanlac."

Tanlac is sold in Jacksonville by Coover Drug Co., and J. F. Shreve drug stores, by J. Earl Mills, Franklin, J. L. Tischer, Meredosia and by the leading drug stores in every town.—Adv.

WOODSON

Mrs. Paul Humphries of Bloomington is visiting her parents, Mr. and Mrs. E. M. Adams.

Miss Elizabeth Russell and nephews Lang and Sinclair Russell of Lakota, N. D., Mrs. Mary Wright and daughter, Miss Mildred and son, Benjamin of Murrayville were guests of Mr. and Mrs. Bert Spain however, Sunday.

H. Maurice Grandie of Pittsburg, Kansas, who has been visiting his grandparents, Mr. and Mrs. Edward Gallagher, since Sunday, went to Chicago, Wednesday night where he will take the dental course at the northwestern university.

Miss Frances Kehl was hostess to a company of friends Tuesday afternoon, Sept. 28, in honor of her tenth birthday at the home of her parents, Mr. and Mrs. Frank Kehl. A few hours were spent very delightfully in music and games, during the afternoon delightful refreshments were served. Miss Frances was the recipient of several nice gifts. The guests were: Mary Catherine, Helen and Robert Sturdy, Meda and Mildred Megginson, Mary and Margaret Kitner, Marjorie and Lois Fitzsimmons, Gladys and Marjorie Delong, Phyllis Steinmetz, Ruth Smith, Margaret Cunningham, Martha Jones, Edna Burns, Mar-delle Henry.

LETTER FROM CALIFORNIA.

To the people of Jacksonville whom I always hold in my esteem, and, who would probably like to hear from Los Angeles.

The climate is just as beautiful as you have all heard about, and, of course, many of you have had the pleasure of enjoying flowers the year around and fresh vegetables too. The cost of eatables are about the same as at home; however, I believe one can eat at the cafes a little cheaper here; but the one great obstacle is the housing conditions. Last winter it was very bad. Sometimes as many as three families living in one or two room apartments. And this summer it has been but little better. This winter I can not imagine what it will be, as everything is full now. The hotel proprietors and the real estate men have a grand clean-up all planned for the crop of tourists.

Just as an illustration, (and it is no exception) I know of a three-room unfurnished flat that rented for fifteen dollars a month eighteen months ago, and today is renting for ninety seven dollars a month. If you get an unplastered shack in Mexican town for fifty dollars a month, you are very fortunate indeed. So, I would advise my friends and townsmen to postpone their trip to California for another year, or until conditions are such that they can be assured of a place to stay while they are here.

Your Friend,
Frank Arthur.

There Is Only One Solution of the Tire Problem

A lot of people have experimented to their sorrow, in an attempt to find a short cut to Tire economy.

IT SIMPLY CAN'T BE DONE

Once in a while you may buy a cheap first-cost Tire that also proves to be a cheap last-cost tire. But for every time this happens there are hundreds of instances where the reverse is true.

If cheap tires were also good tires we would know it and we certainly would be selling them. Please understand we are not trying to solve the tire question for you. We simply want you to be convinced as we were. Dozens of tire representatives call on us constantly in an effort to sell us their line of tires and still in spite of this we thing Goodyear Tires are the safest tires in America for you and for us to buy. We think so because more people ride on Goodyear Tires than on any other kind.

We would be unwilling to take the word of any one man, or the word of a hundred men on a subject like this, but, when the largest single group of tire buyers in the world decides to use Goodyear Tires, then we can't help but be convinced that Goodyears are the best.

Are You Using Goodyear Tires, or Are You Still Experimenting?

R. T. CASSELL

BRADY BROS.

ALL THE LATE NEWS OF THE SPORT WORLD

MANAGER OF
BROOKLYN IS
VETERAN PLAYER

Wilbert Robinson Has Been
Playing for Thirty
Six Years

DEVELOPED MANY
GOOD PITCHERS

NEW YORK, Oct. 1.—Manger Wilbert Robinson, who for the second time in five years has led the Brooklyn National League Club's players successfully as pennant winners to be contestants for the World Series championship struggle, was born at Hudson, Mass., 56 years ago. For 36 years Robinson has been identified with the national game. Away back in 1884 he was catcher for the Haverhill, Massachusetts team for which at that time John Kinley Toner was one of the club's pitching staff. During 1884 and the following season Toner and Robinson proved to be a very effective battery. Many years later pitcher Toner was elected governor of Pennsylvania and afterwards became the chief executive of the National Baseball league.

In 1886 Robinson joined the Philadelphia Athletics of the American Association and in his first major league game as catcher, scored the only run made by his team, which was beaten 4 to 1 by the New York Metropolitans. Robinson's fame as a catcher and batter as well as a fast baserunner is closely allied with Baltimore where he spent many years

of his baseball career. Back in the 90's with McGraw, Keeler, Kelley and others, Robinson established an enviable reputation as a great player when Ned Hanlon's famous Orioles won the championship three years in succession.

After McGraw became manager of the New York Giants in 1902 Robinson remained in Baltimore and played for several seasons with the International League club there.

Successful With Young Pitchers. In the development of pitchers Robinson was singularly successful and for several seasons he assisted his old friend McGraw in this department. He made several trips to the spring training camps of the Giants after he had ceased to be an active player. As a pitcher's coach with the New York Nationals he brought out Rube Marquard, who contributed his share to the winning of three successive pennants in 1911, '12 and '13.

Robinson began his management of the Brooklyn team in 1914 and two years later made them champions of their league. He persuaded President Ebbetts to secure the services of Marquard and Manager when these pitchers were on their way to the minor leagues and they are still with him now that he has landed his club for the second time as a big factor in the world series.

Never a martinet with his men Robinson seems to have an innate power of controlling his players, displaying a sort of fatherly interest in them and by establishing a bond of confidence and camaraderie with them gets the best that is in every member of his team either on or off the playing field.

RECORDS WILL NOT
BE BROKEN THIS YEAR

No Chance of Attendance Records
Being Broken in World's Series—
Attendance Records of
Former Years.

New York, Oct. 1.—Notwithstanding the general increase in baseball attendance, throughout the country it is unlikely that in the coming series to decide the world's championship that new records will be made in attendance for a single game or for the series. The reason for this is that the capacity of the parks where the games are to be played is insufficient to erase from the record books the top-notch figures that have been established in previous years.

The largest crowd that ever witnessed a single game in a world's series was 42,620, which was the announced official attendance for the final contest of the 1916 series between the Boston Red Sox of the American League and Brooklyn of the National League, played at Boston. The best record for total attendance at a series was made in 1912, when the Boston team of the American League and the New York team of the National League played to 251,901 persons in eight games.

Brooklyn Grounds Small. Ebbetts Field, the home grounds of the Brooklyn club of the National League, has been tested to its capacity in one world's series, that of 1916, and while it is possible for between 22,000 and 23,000 to crowd into the stands and pavilions, the largest official attendance there in the 1916 series was 21,662. The parks of the contending clubs for the American

League pennant show no possibilities for new attendance figures for a single game, or the likelihood of a new record for the series when paired with the comparatively small capacity of Ebbetts Field. The seating capacity of the park at Cleveland is approximately 20,700, while that of the Chicago White Sox is in the neighborhood of 35,000. The largest number that has attended a world's series game at the grounds of the White Sox was 34,379, the official attendance at the fifth game of the series between the White Sox and Cincinnati last year.

Thus it is apparent that it will be impossible for any of the parks where the coming world series will be played to eclipse for a single game the attendance of 42,620 established at Boston in 1916, and even with the blue ribbon event of baseball being decided in a five out of nine series, the conditions established last year, it will be improbable for the parks of the National and American League winners to combine to beat the attendance record of 251,901 in the series between the Red Sox and Giants in 1912 except under unusual conditions and interest.

After the coming world's series will have been concluded it is expected that the total attendance at world's series games since they were inaugurated under modern regulations in 1903, will have gone beyond 2,500,000. Up to and including the series between Chicago and Cincinnati last year 2,253,842 persons had paid to witness the contests between the contending teams in a total of 94 games. This makes an average attendance per game since 1903 of 23,977.

Attendance figures follow:

Year	Team 1	Team 2	Games	Attendance
1903	Pittsburgh, N. L.	vs. Boston, A. L.	8	100,429
1905	New York, N. L.	vs. Phila., A. L.	5	91,723
1906	Chicago, N. L.	vs. Chicago, A. L.	6	99,845
1907	Chicago, N. L.	vs. Detroit, A. L.	5	78,068
1908	Chicago, N. L.	vs. Detroit, A. L.	5	62,235
1909	Pittsburgh, N. L.	vs. Detroit, A. L.	7	145,295
1910	Chicago, N. L.	vs. Phila., A. L.	5	124,222
1911	New York, N. L.	vs. Phila., A. L.	6	179,851
1912	New York, N. L.	vs. Boston, A. L.	8	251,901
1913	New York, N. L.	vs. Phila., A. L.	5	150,992
1914	Boston, N. L.	vs. Phila., A. L.	4	111,009
1915	Philadelphia, N. L.	vs. Boston, A. L.	5	143,351
1916	Brooklyn, N. L.	vs. Boston, A. L.	5	162,859
1917	New York, N. L.	vs. Chicago, A. L.	6	186,654
1918	Chicago, N. L.	vs. Boston, A. L.	6	128,454
1919	Cincinnati, N. L.	vs. Chicago, A. L.	8	236,928

CINCINNATI WINS
TWO OUT OF THREE

Pittsburgh, Oct. 2.—Cincinnati clinched third place in the National League today by winning the first game of a triple header from Pittsburgh, 13 to 4. The visitors also won the second game 7 to 3, while the Pirates defeated the Reds in the third contest, 6 to 0.

First Game. Score by innings: Cincinnati 116 100 004—13 18 2 Pittsburgh 030 001 000—4 8 2 Batteries: Fisher and Riden; Cooper, Glazier, Wisner and Schmidt.

Second Game. Score by innings: Cincinnati 000 000 700—7 14 1 Pittsburgh 100 100 001—3 6 3 Batteries: Brenton and Allen; Zinn and Haeffner.

Third Game. Cincinnati .. 000 000—0 4 1 Pittsburgh .. 300 003—6 8 0 Called on account of darkness. Batteries: Napier and Riden; Morrison and Haeffner.

NEW CHAMPS WIN
FROM NEW YORK

New York, Oct. 3.—New York and Brooklyn played the final game of their series today, the new champions winning, 4 to 2. Score by innings: New York .. 100 200 010—4 11 2 Brooklyn .. 081 100 000—2 5 1 Batteries: D. Grimes, Mitchell and Miller, Elliott; V. Barnes and Gaston.

PHILADELPHIA AND
BOSTON SPLIT EVEN

Boston, Oct. 2.—Boston closed the home season today by dividing a double header with Philadelphia. Boston won the first, 8 to 2, and lost the second, 4 to 2.

First Game. Score by innings: Phillies .. 010 001 000—2 7 1 Boston .. 002 020 408—8 13 3 Batteries: Ensmann, Causey and Wheat; McQuillean and O'Neill.

Second Game. Score by innings: Phillies .. 000 001 001 02—4 8 1 Boston .. 000 000 200 00—3 8 4 Batteries: Hubbell, Causey and Trageser; Scott and O'Neill.

STALEY'S PLAY TODAY.

Decatur, Ill., Oct. 2.—With an eleven made up of many former stars of western universities the Staley professional eleven will open its season here Sunday with the Moline Tractors. Coach Halas has his team in fine early season form for the opening clash.

IOWA WINS HARD
GAME FROM INDIANA

Bloomington, Ind., Oct. 2.—Iowa defeated Indiana in the first Western conference game of the season here today 14 to 7. Both teams used the forward pass in making their scores. Iowa in the second period and Indiana in the final period. Devine made the counters for Iowa and Riskey scored Indiana's touchdown.

ARMY WINS TWO GAMES

West Point, N. Y., Oct. 2.—The Army walked away with both ends of a double header football contest today defeating Union College of Schenectady, 36 to 0, and Marshall College of Huntington, W. Va., 38 to 0.

HARVARD DEFEATS MAINE

Cambridge, Mass., Oct. 2.—Harvard football team defeated University of Maine 41 to 0 today, tearing thru for five touchdowns and adding six more points by two field goals, one of them a cannon ball shot from the 35-yard line by Hamilton.

Second Game. Senators .. 002 300 100—5 0 0 Athletics .. 101 000 010—3 9 3 Batteries: Shaw and Pielnich; Naylor and Walker.

JACKSONVILLE LOSES
TO HANNIBAL HIGH

Missouri Boys "Show" Locals to
Tune of 13 to 0 — Game Was
Hard Fought with Breaks in
Favor of Visitors.

In one of the hardest fought games ever played on Illinois field Jacksonville high went down to defeat before the high school team of Hannibal, Mo., Saturday afternoon by a score of 13 to 0.

Hannibal presented one of the best high school teams seen here in recent years. The men were heavy for a high school team and had a fast back field. The work of the back field was what brought them victory as the local line seemed unable to stop their rushes.

The visitors also had a versatile attack and this kept the local guessing most of the time. They pulled forward passes with precision.

In addition to being a good team it must be said that Hannibal got all of the breaks. Time and again they lost the ball on fumbles but some Hannibal man was fortunate to recover it. They recovered a forward pass at one time after it had bounced off of three or four players and turned it into a good gain.

Jacksonville did not play the game she is capable of playing. Especially was this true in the first half. The locals did not seem to be able to get together during the entire first half except when they held Hannibal in the shadow of their goal only to have a punt blocked and a Hannibal man fell on the ball back of the line for a touchdown.

Nolan Stars for Visitors. For Hannibal Nolan at quarter played a brilliant game and ran the team with good judgment. He was given good support by his halves and full back while the Hannibal line held well.

For the locals Alexander, Hunt and Cockin were the most consistent ground gainers. The local line was outwitted by the visitors and was worn out by the constant line pounding. However, the locals played well except for a tendency to fumble the ball. Several times they lost the ball on fumbles after making good gains, the man carrying the ball losing it when tackled.

When the game started Hannibal kicked to Jacksonville. After several attempts at the line and end runs, Jacksonville found she could not gain and Alexander punted over the Hannibal goal line.

Hannibal put the ball into play on the twenty yard line. Hannibal began a steady march down the field with line plays and end runs and soon put the ball over for a touchdown and kicked goal.

Hannibal again kicked to Jacksonville and the ball was carried back ten yards. Jacksonville immediately started out with a lot of "pep" and made three first downs. When the period closed Jacksonville had the ball on Hannibal's twenty-six yard line.

When the second period started Jacksonville fumbled but recovered the ball and then kicked to Hannibal.

Scores on Blocked Punt. Hannibal with passes, end runs and off tackle plays carried the ball down inside the five yard line where Jacksonville held and took the ball on downs. Jacksonville tried to punt out of danger but it was blocked and a Hannibal player fell on the ball for a touchdown. They failed to kick goal. Score Hannibal 13, Jacksonville 0.

Coach Mitchell evidently gave his men a heart to heart talk between halves for they came back and played with such vim that they held Hannibal more than even in both the third and fourth periods.

Several times Jacksonville threatened Hannibal's goal once having the ball within one foot of scoring. They were unable to pierce the Hannibal defense and lost the ball on downs. The ball passed over frequently during the half neither team having the necessary punch to put over a touchdown.

However, Coach Mitchell and his proteges need not feel badly over the defeat. They were defeated by a mighty good team and the defeat does not matter in the local record. The line was

Hannibal. Lewis, lg (Capt.) Walker. Gard (Capt.) St. Hillwell. G. Cockin, lg Wm. Dillingm. Hackett, c. Wilbur. E. Arnold, rg Cameron. Bray, rt. Ester. Reynolds, re. Peterson. Alexander, qb. Nolen. Hunt, lb. Hawkins. Struck, rh W. Dillingham. H. Cocking, lb. Ellsberry. Referee—Larson, Moline High. Empire—Itner, Illinois College. Headlinesman—Fiedling, Illinois College. Time of quarters—12½ minutes.

NORTH CAROLINA STATE
DEFEATED NAVY 14-7

Annapolis, Md., Oct. 2.—The Annapolis midshipmen lost their first game of the football season today to North Carolina State 14 to 7. Navy was crippled to some extent because several of the veterans of last year have not gone into training, having just returned from Autwep with the rowing squad.

WISCONSIN WINS

Madison, Wis., Oct. 2.—University of Wisconsin football players defeated Lawrence College of Appleton by a score of 60 to 0 today. Wisconsin's crack backs, Elhot and Williams romped thru the line at will.

CARROLLTON WINS
FROM GREENFIELD

First Time in Twenty-one Years
That Greenfield Was Defeated
by Greene County Team —
Beardstown Beats Roodhouse —
White Hall Trims Winchester.

For the first time in twenty-one years Greenfield high school met defeat at the hands of a Greene county football team. The final score was 20 to 0 in favor of Carrollton.

Both teams played a hard fast game and Carrollton won on her merits and by playing an open game in which forward passing predominated. Coach Harmon of Illinois college was the referee.

Roodhouse 13, Beardstown 17. Roodhouse High was defeated by Beardstown High at Roodhouse Saturday afternoon. The final score was 17 to 13 in favor of Beardstown. Andrew of Illinois college refereed the game.

White Hall 16, Winchester 0. White Hall trimmed the Winchester eleven at Winchester Saturday afternoon by a score of 16 to 0.

ALL THE LATE NEWS OF THE SPORT WORLD

MANAGER OF BROOKLYN IS VETERAN PLAYER

**Wilbert Robinson Has Been
Playing for Thirty
Six Years**

DEVELOPED MANY GOOD PITCHERS

NEW YORK, Oct. 1.—Manger Wilbert Robinson, who for the second time in five years has led the Brooklyn National League Club's players successfully as pennant winners to be contestants for the World Series championship struggle, was born at Hudson, Mass., 56 years ago. For 36 years Robinson has been identified with the national game. Away back in 1884 he was catcher for the Haverhill, Massachusetts team for which at that time John Kinley Tener was one of the club's pitching staff. During 1884 and the following season Tener and Robinson proved to be a very effective battery. Many years later pitcher Tener was elected governor of Pennsylvania and afterwards became the chief executive of the National Baseball league.

In 1886 Robinson joined the Philadelphia Athletics of the American Association and in his first major league game as catcher, scored the only run made by his team, which was beaten 4 to 1 by the New York Metropolitans. Robinson's fame as a catcher and batter as well as a fast base runner is closely allied with Baltimore where he spent many years

of his baseball career. Back in the 90's with McGraw, Keeler, Kelley and others, Robinson established an enviable reputation as a great player when Ned Hanlon's famous Orioles won the championship three years in succession.

After McGraw became manager of the New York Giants in 1902 Robinson remained in Baltimore and played for several seasons with the International League club there.

Successful With Young Pitchers.
In the development of pitchers Robinson was singularly successful and for several seasons he assisted his old friend McGraw in this department. He made several trips to the spring training camps of the Giants after he had ceased to be an active player. As a pitcher's coach with the New York Nationals he brought out Rube Marquard, who contributed his share to the winning of three successive pennants in 1911, '12 and '13.

Robinson began his management of the Brooklyn team in 1914 and two years later made them champions of their league. He persuaded President Ebbetts to secure the services of Marquard and Marmaruk when these pitchers were on their way to the minor leagues and they are still with him now that he has landed his club for the second time as a big factor in the world series.

Never a martinet with his men Robinson seems to have an innate power of controlling his players, displaying a sort of fatherly interest in them and by establishing a bond of confidence and camaraderie with them gets the best that is in every member of his team either on or off the playing field.

RECORDS WILL NOT BE BROKEN THIS YEAR

**No Chance of Attendance Records
Being Broken in World's Series
— Attendance Records of
Former Years.**

New York, Oct. 1.—Notwithstanding the general increase in baseball attendance throughout the country it is unlikely that in the coming series to decide the world's championship that new records will be made in attendance for a single game or for the series. The reason for this is that the capacity of the parks where the games are to be played is insufficient to erase from the record books the top notch figures that have been established in previous years.

The largest crowd that ever witnessed a single game in a world's series was 42,220, which was the announced official attendance for the final contest of the 1916 series between the Boston Red Sox of the American League and Brooklyn of the National League, played at Boston. The best record for total attendance at a series was made in 1912, when the Boston team of the American League and the New York team of the National League played to 251,901 persons in eight games.

Brooklyn Grounds Small
Ebbetts Field, the home grounds of the Brooklyn club of the National League, has been tested to its capacity in one world's series, that of 1916, and while it is possible for between 22,000 and 23,000 to crowd into the stands and pavilions, the largest official attendance there in the 1916 series was 21,662. The parks of the contending clubs for the American

League pennant show no possibilities for new attendance figures for a single game, or the likelihood of a new record for the series when paired with the comparatively small capacity of Ebbetts Field. The seating capacity of the park at Cleveland is approximately 20,700, while that of the Chicago White Sox is in the neighborhood of 35,000. The largest number that has attended a world's series game at the grounds of the White Sox was 34,379, the official attendance at the fifth game of the series between the White Sox and Cincinnati last year.

Thus it is apparent that it will be impossible for any of the parks where the coming world series will be played to eclipse for a single game the attendance of 42,220 established at Boston in 1916, and even with the blue ribbon event of baseball being decided in a five out of nine series, the conditions established last year, it will be improbable for the parks of the National and American League winners to combine to beat the attendance record of 251,901 in the series between the Red Sox and Giants in 1912 except under unusual conditions and interest.

After the coming world's series will have been concluded it is expected that the total attendance at world's series games since they were inaugurated under modern regulations in 1903, will have gone beyond 2,500,000. Up to and including the series between Chicago and Cincinnati last year 2,253,842 persons had paid to witness the contests between the contending teams in a total of 94 games. This makes an average attendance per game since 1903 of 23,977.

Attendance figures follow:

Year	Team	Attendance
1903	Pittsburgh, N. L. vs. Boston, A. L.	8 games 100,429
1905	New York, N. L. vs. Philadelphia, A. L.	5 games 91,723
1906	Chicago, N. L. vs. Chicago, A. L.	5 games 99,845
1907	Chicago, N. L. vs. Detroit, A. L.	5 games 78,068
1908	Chicago, N. L. vs. Detroit, A. L.	5 games 62,232
1909	Pittsburgh, N. L. vs. Philadelphia, A. L.	7 games 145,295
1910	Chicago, N. L. vs. Philadelphia, A. L.	5 games 124,222

Batteries: Shaw and Picinich; Naylor and Walker.

JACKSONVILLE LOSES TO HANNIBAL HIGH

Missouri Boys "Show" Locals to Tune of 13 to 0 — Game Was Hard Fought with Breaks in Favor of Visitors.

In one of the hardest fought games ever played on Illinois field Jacksonville high went down to defeat before the high school team of Hannibal, Mo., Saturday afternoon by a score of 13 to 0.

Hannibal presented one of the best high school teams seen here in recent years. The men were heavy for a high school team and had a fast back field. The work of the back field was what brought them victory as the local line seemed unable to stop their rushes.

The visitors also had a versatile attack and this kept the locals guessing most of the time. They pulled forward passes with precision.

In addition to being a good team it must be said that Hannibal got all of the breaks. Time and again they lost the ball on fumbles but some Hannibal man was fortunate to recover it. They recovered a forward pass at one time after it had bounced off of three or four players and turned it into a good gain.

Jacksonville did not play the game she is capable of playing. Especially was this true in the first half. The locals did not seem to be able to get together during the entire first half except when they held Hannibal in the shadow of their goal only to have a punt blocked and a Hannibal man fell on the ball back of the line for a touchdown.

Nolan Stars for Visitors

For Hannibal Nolan at quarter played a brilliant game and ran the team with good judgment. He was given good support by his halves and full back while the Hannibal line held well.

For the locals Alexander, Hunt and Cockin were the most consistent ground gainers. The local line was outwitted by the visitors and was worn out by the constant line pounding. However, the locals played well except for a tendency to fumble the ball. Several times they lost the ball on fumbles after making good gains, the man carrying the ball losing it when tackled.

When the game started Hannibal kicked to Jacksonville. After several attempts at the line and end runs, Jacksonville found she could not gain and Alexander punted over the Hannibal goal line.

Hannibal put the ball into play on the twenty yard line. Hannibal began a steady march down the field with line plays and end runs and soon put the ball over for a touchdown and kicked goal.

Hannibal again kicked to Jacksonville and the ball was carried back ten yards. Jacksonville immediately started out with a lot of "pep" and made three first downs. When the period closed Jacksonville had the ball on Hannibal's twenty-six yard line.

When the second period started Jacksonville fumbled but recovered the ball and then kicked to Hannibal.

Scores on Blocked Punt

Hannibal with passes, end runs and off tackle plays carried the ball down inside the five yard line where Jacksonville held and took the ball on downs. Jacksonville tried to punt out of danger but it was blocked and a Hannibal player fell on the ball for a touchdown. They failed to kick goal. Score Hannibal 13, Jacksonville 0.

Coach Mitchell evidently gave his men a heart to heart talk between halves for they came back and played with such vim that they held Hannibal more than even in both the third and fourth periods.

Several times Jacksonville threatened Hannibal's goal once having the ball within one foot of scoring. They were unable to pierce the Hannibal defense and lost the ball on downs. The ball passed over frequently during the half neither team having the necessary punch to put over a touchdown.

However, Coach Mitchell and his proteges need not feel badly over the defeat. They were defeated by a mighty good team and the defeat does not matter in the local's record. The lineups:

Jacksonville	Hannibal
Lewis	1c (Capt.) Walker

Evening worship at 7:30. Subject, "The Divine Responsibility of a Man." The subject at the prayer service Wednesday evening will be: "Is the Sermon on the Mount an Ethical Dream?"

AUCTION SALE
My entire household furnishings will be sold at auction Saturday afternoon, Oct. 2 at 2 o'clock, at residence, 1135 South East St. ELLEN GRIFFEN.

Y. M. C. A. NOTES

The boys of today is for a modern Young Men's Christian Association in Jacksonville. Why not begin to plan now so that I can answer this call in a large way which shall be worthy of my best self and this great cause. There are three fundamental requirements for a successful football team," Dr. William Ganfield, president of Centre College, Danville, Ky., points out. "First material; second, coaching; third spirit. Centre, I am proud to say, has all three." Interpret those terms:—material into young men; coaching into leadership; spirit into faith. There you have the triad of success at Centre, where from 203 students was chosen a squad of 16 which eclipsed the best great universities sent forth.

"I thank God for the Y. M. C. A.," said one mother at the Mothers and Sons' banquet held at the Sears-Roebuck department. Two hundred and twenty-eight mothers and sons were present to hear Judge Mary Bartelme of the Juvenile Court laud the boys' work of the Association.

As We Go to Press word is received of the sudden death of heart failure of James Shand, Lancaster's leading citizen and president of the Association for twenty-seven years. He leaves \$27,000 to Association causes.

"No Betting—No Bowling" said Dayton's bowling-club polling under the Association's name on "outside alleys." Sorry, but not under our name. So it was quits. No gambling can be tolerated.

"Association Americanization meetings are sources of stability in the present day of social and industrial unrest," writes the director of the South Park Commissioners of Chicago. The meetings are considered a worth while that several of the parks have appropriated money from their budgets to help the Y promote these meetings.

A Memorial Building in honor of the war heroes dead as well as living, and "to mold the lives and characters of men and boys in the community and thus make it the state and nation a better place to live," is to be erected at Birdsboro, Pa., a town of 2,500. The goal was \$65,000, amount pledged \$71,051 from 1,383 people. Ex-soldiers were not solicited, but of the 130 there were received 52 volunteer subscriptions ranging from \$10 to \$150. A fully equipped gymnasium which can be used as an auditorium was thought to be the best way to commemorate the deeds of and serve young manhood. The campaign was conducted by Penn. State staff.

Giving Men and Boys in shops and factories just what they want is the basis for 1920 service in Ottumwa, Ia. Ideas from managers and workers resulted in framing a program to include noon meetings where religion, health, government, thrift and first aid will be discussed, and open house nights for recreation.

The First Year in its new home Lima, Ohio, recorded 1,300 members and had a balance of \$2,000 from \$47,450 receipts—Industries gave \$11,733.

Noon meetings in ten shops this summer.

St. Louis Shows a Big Year, having found employment for 2,551 men. Of these, 1,668 were war veterans, free saving them \$20,000 in fees. At 42 educational classes the attendance was 51,870, and 353 were taught to swim. The membership jumped from 4,000 to 8,123. working boys' baseball brotherhood, Hi Yi Clubs, hustling community centers, work among foreign born, noon day industrial meetings, citizenship classes are breaking records. Besides an industrial building in the center of town, the North Side \$280,000 building, a \$200,000 colored building has been opened.

"As we meet and touch, each day The many travelers on our way Let every such brief contact be A glorious, helpful ministry;

The contact of the soil and seed. Each giving to the other's need. Each helping on the other's best. And blessing, each, as well as blest."

SUGAR SUGAR

Wednesday, Woman's Auxiliary will meet in Guild House at 3 o'clock. Mrs. Carman of Urbana, president of Diocesan Auxiliary will be present. She is a woman of national reputation. Every woman in the parish is invited to meet her.

GRACE METHODIST EPISCOPAL—T. H. Hull, pastor. 9:30 a. m. Sunday school, T. V. Hopper, superintendent. This is Rally Day. Every friend and member of the church is expected to be present. Come and see the splendid work being done in religious education, and Bible study. 10:45. Morning worship. Sermon theme, "The Early Life and Training of Paul." This will be the first of a series of sermons on the "Life and Labors of Paul." 6:30 p. m. Epworth League. The Epworth League of Grace church is beginning a program of religious activities that will be helpful to all young people. Among other interesting things Miss Lillian Groves for the next eight weeks will conduct a thirty minute study each Sunday evening on Christian Missions. This will be one of the very best series of studies ever given. No young person who wants to keep abreast of the great world movements of the present time can afford to miss these studies.

SALEM EVANGELICAL LUTHERAN—East College street. Rev. J. G. Kuppler, pastor. Eighteenth Sunday after Trinity. Sunday school at 9:30 a. m. Public worship in English at 10:30 a. m. There will be no evening service. The Ladies' Aid will meet with Mrs. George Wiegand. 805 N. Main Thursday. The L. W. C. will meet Thursday evening at the school.

FIRST CHURCH OF CHRIST, SCIENTIST—Subject of the lesson sermon, "Unreality." Sunday school 9:30 a. m. Wednesday evening testimonial meet at 8 p. m. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and visit the services and visit the reading room.

FIRST BAPTIST—A. A. Todd, pastor. "Come Thou with us, and we will do thee good." Sunday school 9:30 a. m. with well organized classes for all ages, and a special Bible class for college students. Sunday school graduating exercises at 10:30 a. m. in charge of Supt. Carl Weber and pastor, A. A. Todd.

B. Y. P. U. 6:30 a. m. Topic: "Our Church Privileges and Obligations." Evening preaching service 7:30 p. m. Sermon topic: "The Great Faith of a Centurian." Mid-week service Wednesday 7:30 p. m. in charge of the men of the church. Sunday school at Baptist chapel Sunday 2:30 p. m. Morgan-Scott Baptist association will meet Wednesday and Thursday (Oct. 6 and 7th) at Manchester, Ill.

BROOKLYN M. E.—J. H. Reid, S. S. superintendent. G. W. Randle, pastor. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and 7:30 p. m. Epworth League at 6:45 p. m. Leader, Dorothy Randle; subject, "Prohibition and its enforcement." Morning theme, "The Ministry of Ministry of Healing." Evening subject, "A coin, a sheep and a lamb." At this service, Mrs. Bart Johnson will sing Sankey's famous hymn, "The ninety and nine," and it will be illustrated with 1 colored stereopticon views. Prayer meeting on Wednesday evening. Subject, "Co-operation with God in Evangelism." Read John 14, 14 and 16.

The regular semi-monthly session of the Ministerial association will be held Monday morning, Oct. 4, in the parlor of the Grace M. E. church at 10:30 o'clock. G. W. Randle, Sec.

CENTRAL CHRISTIAN—Myron L. Pontius, minister. Bible school 9:30 a. m. C. L. Mathis, superintendent. Morning worship 10:45 with the subject, "The Plea of Passavant Hospital." Evening worship 7:30 with the theme "Does it Pay?" There will be special music at these services by the sextette, Miss Louise Miller, director. Misses Kathryn Miller, Mildred Mayer, Helen Carpenter and Messrs. C. E. Drummond and Norman Campbell. Senior, Intermediate and Junior Endeavor societies will meet at 6:30. Laura Walters will lead the Junior Meeting. A cordial welcome is extended to all.

SECOND CHRISTIAN—Alexander Frost, pastor. Sunday school 9:45 a. m. preaching 11 a. m. Sermon theme: "The Power and Conquering Force of Truth Preaching." Sermon theme, Christian Baptism, its Place in the Purpose of God. Baptism and communion. Prayer meeting Wednesday 8 p. m. Topic, The Sunny Side of Trials. James 1:2-4. Matt. 5:10-12. Union prayer meeting.

CONGREGATIONAL CHURCH of Jacksonville—W. Ernest Collins, minister. Our church school

convenes at 9:30 with classes for all ages and a graded system of religious education. Morning worship at 10:45. Chorus choir under the direction of Mrs. A. R. Gregory, Jr. Subject of sermon: "God in Human Experience." Christian Endeavor at 6:30 p. m. This church is owned and controlled by the people of this community and welcomes to its services all those who believe in the religion of Jesus Christ.

STATE STREET PRESBYTERIAN—Rev. W. H. Marbach, minister. Mrs. W. Barr Brown, choir leader. T. M. Tomlinson, Sunday school superintendent. Rally Day for all services is the order of the day at this church. A hearty welcome is extended to you to attend and to unite in the work and worship. Every member of the Sunday school is urged to be on hand. Parents are requested to cooperate in helping us reach our attendance and special collection goal. Sunday school at 9:30 a. m. Morning worship at 10:45 o'clock. Young People's meeting at 6:30. Evening service at 7:30 o'clock. The Church of Christ has never failed from neglect of the church. You cannot afford to neglect the church. Welcome.

NORTHMINSTER PRESBYTERIAN—Walter E. Spooner, minister. Sunday school at 9:30. William Bleher, superintendent. Preaching services at 10:45, and 7:30. In the absence of the pastor, Rev. F. M. Crabtree will preach both morning and evening. Prayer meeting Wednesday at 7:30, led by the pastor. Ladies' Aid Society will meet Thursday at 2:30 p. m. A full attendance upon all these services is urged.

WESTMINSTER PRESBYTERIAN—Rev. Thomas W. Smith, minister. Sunday school at 9:30. William Brady, Superintendent. Morning preaching services at 10:45, subject: "The Relatives of Jesus." Evening worship at 7:30, subject, "The Divine Responsibility of a Man." The subject at the prayer service Wednesday evening will be: "Is the Sermon on the Mount an Ethical Dream?"

AUCTION SALE
My entire household furnishings will be sold at auction Saturday afternoon, Oct. 2 at 2 o'clock, at residence, 1135 South East St. ELLEN GRIFFEN.

Y. M. C. A. NOTES

The boys of today is for a modern Young Men's Christian Association in Jacksonville. Why not begin to plan now so that I can answer this call in a large way which shall be worthy of my best self and this great cause.

There are three fundamental requirements for a successful football team," Dr. William Ganfield, president of Centre College, Danville, Ky., points out. "First, material; second, coaching; third spirit. Centre, I am proud to say, has all three."

Interpret those terms:—material into young men; coaching into leadership; spirit into faith. There you have the triad of success at Centre, where from 203 students was chosen a squad of 16 which eclipsed the best great universities sent forth.

"I thank God for the Y. M. C. A.," said one mother at the Mothers and Sons' banquet held at the Sears-Roebuck department. Two hundred and twenty-eight mothers and sons were present to hear Judge Mary Bartelme of the Juvenile Court laud the boys' work of the Association.

As We Go to Press word is received of the sudden death of heart failure of James S. Shand, Lancaster's leading citizen and president of the Association for twenty-seven years. He leaves \$27,000 to Association causes.

"No Betting—No Bowling" said Dayton's bowling club rolling under the Association's name on "outside alleys." Sorry, but not under our name. So it was quits. No gambling can be tolerated.

"Association Americanization meetings are sources of stability in the present day of social and industrial unrest," writes the director of the South Park Commissioners of Chicago. The meetings are considered so worth while that several of the parks have appropriated money from their budgets to help the Y promote these meetings.

A Memorial Building in honor of the war heroes dead as well as living and "to mold the lives and characters of men and boys in the community and thus make it, the state and nation a better place to live," is to be erected at Birdsboro, Pa., a town of 3,500. The goal was \$65,000, amount pledged \$71,051 from 1,383 people. Ex-soldiers were not solicited, but of the 130 there were received 62 volunteer subscriptions ranging from \$10 to \$150. A fully equipped gymnasium which can be used as an auditorium was thought to be the best way to commemorate the deeds of and serve young manhood. The campaign was conducted by Penna. State staff.

Giving Men and Boys in shops and factories just what they want is the basis for 1920 service in Ottumwa, Ia. Ideas from managers and workers resulted in framing a program to include noon meetings where religion, health, government, thrift and first aid will be discussed, and open house nights for recreation.

The First Year in its new home Lima, Ohio, recorded 1,300 members and had a balance of \$2,000 from \$47,450 receipts—industries gave \$11,733.

Noon meetings in ten shops this summer.

St. Louis Shows a Big Year, having found employment for 2,551 men. Of these 1,668 were war veterans, free saving, them \$80,000 in fees. At 42 educational classes the attendance was 51,870, and 358 were taught to swim. The membership jumped from 4,000 to 8,123, working boys' baseball brotherhood, Hi Yi Clubs, hustling community centers, work among foreign born, noon day industrial meetings, citizenship classes are breaking records. Besides an industrial building in the center of town, the North Side \$280,000 building, a \$200,000 colored building has been opened.

"As we meet and touch, each day The many travelers on our way Let every such brief contact be A glorious, helpful ministry;

The contact of the soil and seed, Each giving to the other's need, Each helping on the other's best, And blessing, each, as well as blest."

SUGAR SUGAR
Best Cane Sugar 18c per pound; any amount, Japanese Market.

AFTER MANY YEARS.
P. H. VanCleve of Glenwood Springs, Colo., was in the city awhile yesterday but felt very lone some. He lived here before the civil war and enlisted in Co. I 14th Ill. Infantry and was on his way home from the national encampment at Indianapolis. He had also been visiting a brother at Decatur. He could find no one here whom he knew and didn't stay long. He found his name on the monument all right, also the names of two brothers.

ceased.
The undersigned, having been
appointed administrator of the es-
tate of Viola DeFrates late of the
County of Morgan and State of Il-
linois, hereby gives notice that he
will appear before the County
Court of Morgan County, at the
Court House in Jacksonville, at
the November next, at which time
all persons having claims against
said estate are notified and re-
quested to attend for the purpose
of having the same adjusted.
All person indebted to said es-
tate are requested to make pay-
ment to the undersigned.
Dated this 11th day of Septem-
ber A. D., 1920. John Govia,
Administrator or C. T. A.

LEGAL NOTICE

Public notice is hereby given
that a bill has been filed and is
now pending wherein Julian P.
Lippincott, trustee under the will
of Sallie B. Orear, deceased, is
complainant, and Sallie Green,
Slaters Oliver, Ada Oliver, Wath
(alias W. H.) Williams, Nell De-
Lawn Stannard, Mrs. M. E. Layton,
Alice Turley, the directors of the
Associated Charities, Georgia Os-
borne, Kitty (formerly Mrs. Jas.
N.) Brown, A. L. Christian, Sallie
B. Christian, Sallie Browning,
Charlotte O. Malone, Mary Chris-
man, Kate Sedt Graves, Belle
Simson, Sallie B. Christian,
John H. Scott, Leila S. Miles,

Anne Scott, John S. Rees, Blanch
Oliver, Hortense Oliver Pitts and
Lucy Darley Brainer are the de-
fendants; that summons in chan-
cery has been issued and is re-
turnable to the November term of
the Circuit Court of Morgan coun-
ty, State of Illinois, to be holden
in the court house in Jacksonville
in said county on the second Mon-
day, being the eighth day of No-
vember, A. D. 1920. Now unless
said defendants appear at said
time and place, in person or by
attorney, and plead, answer or
demur to said bill the same will
be taken as confessed by them and
a decree by default entered.
CHARLES W. BOSTON,
Circuit Clerk of Morgan County,
Illinois.

Daily Market Report

LOW PRICES ON STOCK MARKET

CHICAGO, Oct. 1.—The lowest
prices of the season on the crop
were reached today in all grains
there being a complete reversal of
form in the markets. Cash corn
started about 7c lower, and when
this news reached the pit there
was a general rush on the part of
early buyers to liquidate. At the
finish wheat was off 3 1/2c to 4 1/2c
with December \$2.07 to \$2.07 1/2
and March \$2.03 to \$2.03 1/2; corn
showed a net lower of 2c to 6c
while oats were down 1 1/2c to 1 1/2c.
Provisions ranged from 20c lower
to 10c higher.
Sentiment in wheat was gener-
ally bearish and a readjustment
of prices to a post-war basis
seemed much in evidence. Liqui-
dations was on in corn with a
lack of aggressive support and the
market declined easily. Cash corn
led the descent, breaking sharply
and at the inside showed the low-
est since February, 1917, when
contract grades sold at 96 1/2c. The
break, however, was checked to-
ward the finish because of buying
against bids.
Oats were in sympathy with
other grains and finished near the
low point of the day. Provisions
were unable to retain their best
prices due to the weakness in
grains.

NOTES**A religious census taken re-
cently of the students in Illinois
College shows the following:

Methodist	71
Presbyterian	51
Christian	31
Baptist	29
Congregational	17
Lutheran	6
Episcopal	5
Universalist	5
Catholic	2
Evangelical	2
No preference	2

These statistics relate only to
students in the College depart-
ment. No religious census has
been taken of the students in the
Conservatory of Music or the De-
partment of Expression.The Devotional Association
will hold its regular meeting at
Academy Hall Sunday evening at
6:30 p. m.Miss Ann Pessel, '19, is visit-
ing her sister, a member of the
Freshman class, at Academy
Hall. Bernice Wheeler, '19, has
moved with her brother, John
Wheeler, the former proprietor
of the Quincy Journal, to New
Orleans. Miss Wheeler will prob-
ably engage in newspaper work
in the southern city.Dean Hayden gave a very in-
teresting address on Dr. Hiram
K. Jones at the Chapel exercises
Friday morning.Miss Betty Ames, ex-'21, is
traveling in China. She is a
niece of Prof. Ames.The College Library recently
received a gift of two volumes
entitled "Family History in Let-
ters and Documents" from Mrs.
Charles P. Noyes of St. Paul,
Minn. Mrs. Noyes, who is the
editor of the volumes, is a daugh-
ter of Mr. and Mrs. Winthrop S.
Gillman. The volumes include
the letters of various members
of the Gillman family. Winthrop
S. Gillman was a trustee of the
College in the early years and
his wife was a daughter of
Thomas Lippincott, one of the
founders of the College.Henry Best, '21, is an As-
sistant County Y. M. C. A. Secre-
tary. He is stationed at Sidell,
Illinois and is looking after the
work in Vermillion County.An article recently published
in a Princeton College paper
contains an account of Edward
Capps, '87, recently appointed
United States Minister to Greece.
The article quotes the King of
Greece as stating that the relief
work done in Greece under the
direction of Prof. Capps during
the war saved the lives of fifty-
thousand Greeks in Macedonia
alone.Professor George R. Poage,
head of the history department
last year, was a visitor on the
campus for a day during the
past week. Prof. Poage was on
his way to the University of Chi-
cago where he will spend the
year in post-graduate work. He
will room in one of the Univer-
sity dormitories with Glenn
Strickler, captain of last year's
football team.The Rev. J. E. Palmer, pas-
tor of the Methodist Church at
Bluffs, has registered for post-
graduate work in Illinois Col-
lege.In accordance with the plan
adopted by the students last
spring, a student council has
been chosen to control the initia-
tion of Freshman into the tra-
ditions of the college and also
to direct other student affairs.
The members of this council
consist of the following: Worth-
ington Adams, President, James
Barnes, George Drennan, Ed
Theis, Mack Peters, William
Scott and Edward Tanner.Friends of both schools take
real satisfaction in the cordial
relationship that exists between
the Jacksonville high school and
Illinois College. One evidence
of this condition is the large
number of the high school stu-
dents—particularly those of high
rank—who continue their study
in the College. At the present
time, eighteen members of last
year's senior class are Freshmen
in Illinois College, not counting
those who are taking work only
in the Conservatory of Music. Of
the eighteen, nine are young
women and nine young men. The
group includes three of the four
class officers of last year. Eight
members of the class made an
average grade above ninety-two
per cent. One of these is in
Millikin and six are in Illinois
College—the six including the
young lady of highest rank and
the young man of highest rank.
Illinois College students ap-
preciate very much the splendid
receptions given them by the
several churches of the city on
Thursday evening, and there is
general approval of the plan of
holding all of the receptions on
the same night. This plan was
developed by the Ministerial As-
sociation in consultation with of-
ficials of the College and it is
hoped that it will develop into
a permanent policy.**B'g Dance every Saturd-
y night given by the Chapin
Dancing Club in old opera
house. Best floor in the
state. Music by George
Graham's orchestra. Every
one invited. Opera House,
Chapin, Ill.****PICTURES AT BROOKLYN**On Sunday evening at the hour
for worship, 16 beautiful colored
views illustrating the hymn,
"The Ninety and Nine," will be
thrown on the screen and the
hymn will be sung as a solo by
Mrs. J. Bart Johnson.A Motion Picture Stock Com-
pany has been formed here and a
Movie Machine ordered which is
expected to arrive within the
coming week. An entertainment
will then be given each week in
the church of wholesome, high-
grade pictures, religious, instruc-
tive and amusing and each Sun-
day evening service will be
featured by a reel of some
religious or Biblical subject.

Autumn and Clothes

A Few Thoughts That Should Govern Your Purchases

Every man wants to buy good clothes for as little money as possible. The thoughtful man will not take any other kind of clothes at any price. He knows that the economy of his purchase is proven by satisfaction and service—by the suit, not by the price. We're making it possible for you to get dependable Men's and Boy's wear by sacrificing a part of our profits.

We also stake our reputation on this state-
ment:

—if you want the cheapest clothes that are an
investment in service and good appearance,

—if you want the kind of clothes that give the
biggest measure of value you have ever bought,
based on the current buying power of the dollar;
clothes that give the smallest amount of profit
to maker and merchant.

There's only one policy that has always main-
tained in this store under any condition, that is
fullest value for every dollar obtainable by us is
immediately passed on to you.

We have not felt like tooting a horn about it—
but rather let natural conditions bring out the
results.

Take our word for it—or test it out—we are
in business for a long, long time: your confidence
is our most valuable asset.

Our Window Exhibit Displays the Good Values. Better Yet, Come In.

Suits and Overcoats \$25. and Up

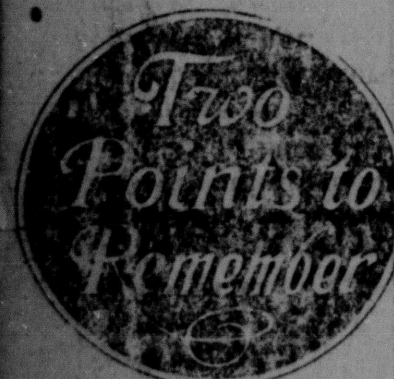

Sweater Coats for Man, Woman, Boy or Girl.
